COLD WEATHER PEP GIVEN TO LATEST GASOLINE BLEND

By HOWARD W. BLAKESLEE Associated Press Science Editor. TULSA, Okla., May 22.—Discovery of a more powerful gasoline, a blend especially for automobiles, was announced to the National gasoline association's annual convention today.

The mixture restores what the motorist likes to call "the old-fashioned goodness" to gasoline, by which he means quick, easy starting in cold weather. It is described also as adding power which the "old time" gas never had, and as increasing the available gasoline supply.

In a banker it's Integrity

in a cigarette it's Taste

GOOD REPUTATION and high standards—these are among the banker's chief assets. Likewise, Chesterfield's.

SMOKERS THE WORLD OVER stick to Chesterfield because of its thorough dependability of quality, its unchanging good taste.

GOOD TASTE!—What smoker would trade it for any number of cigarette claims? No Chesterfield smoker would. For here choice tobaccos are blended and cross-blended to a finer aroma and a richer, milder flavor to give you the utmost a cigarette can offer . . . "TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LIGGETT & MYERS TOBACCO CO.
