# Meat Specials The Douglas Market

Do you enjoy those jaunts to the country on Sunday on a nice day, especially when the lunch basket is heaping with nice things to eat. For instance when the rabbit is fried nice and brown or that young spring chicken is prepared just right to eat cold and tucked away neatly in the lunch basket waiting for your return from a hard morning fishing.

We have a nice selection of poultry and rabbits this week.

## You Get the Facts About Your Car When It Is Tested by Our

### MOTOR-X-RAY

Shows Exact Condition of Every Vital Unit

To the car owners of this community we offer the greatest scientific repair service ever developed in the history of the automotive industry. The Motor-X-Ray used by our organization is positively the only instrument ever perfected that definitely identifies right before your eyes every operative deficiency in your car. In fifteen minutes a complete scientific test is made of every vital motor and electrical unit. No guesswork, but the absolute facts scientifically established. As an automotive diagnostician, the Motor-X-Ray is infallible. It cannot fail. Its scientific principles of operation give positive tests in every instance. Never order any repair work until your car is tested by the Motor-X-Ray. Get the facts—first!

### Scientifically Registers Specific Needs

- The remarkable service rendered by our Motor-X-Ray includes the following:
1. Reports immediately condition of valves, whether sticking or burnt.
  2. Adjust carburetor perfectly after best car adjustment.
  3. Shows the amount of compression lost in each cylinder past the rings.
  4. Reports leaking head gasket.
  5. Shows capacity of coil, calibrated against number of pounds compression in the motor with high speed and up-hill loads.
  6. Registers any high or low speed misfiring due to points or worn distributor shaft.
  7. Reveals fouled or worn-out plugs which test O. K. outside the rings.
  8. Checks short circuits in distributor cap and high tension wires.
  9. Checks for weak or defective condensers.
- Connections are quickly made to the intake manifold to record mechanical conditions, and a spark-o-meter is attached to show any electrical trouble.

Drive in Today for a Motor-X-Ray Test.

JANET GAYNOR & CHARLES FARRELL in HIGH SOCIETY BLUES

with WILLIAM COLLIER, Jr. LUCIEN LITTLEFIELD LOUISE FAZENDA

Imagine adorable Janet as the daughter of a socially prominent family who want their offspring to marry a titled nobleman. And think of charming Charles as heir to millions—and folks who have no false pretensions! When these two decide to fly in the face of the conventions, they find troubles—and big laughs, too.
