CROWDS THROUGH BANDON BEACHES OVER WEEK END

BANDON, June 12.—While the sun shone bright and warm, many vacationists enjoyed the week-end at Bandon beach. There was the largest crowd in history viewing the picturesque beach and other points of interest in the district.

The beach below the lookout station was a mass of people picnicking, bathing and hiking all day Saturday and Sunday. The camp grounds and cottages were filled to capacity and the people milling about gave Bandon the appearance of a city much larger than the census returns indicate.

A young child was lost on the

beach according to the parents and the coast guard and everyone else was frantically looking for him and it was later discovered that the young rascal had slipped away in the crowd. He said the show was very good when he reached home.

Apparently this boy wanted to investigate on his own hook and found nothing to interest his young mind so decided a good show would not hurt anyone. It was a greatly relieved family when they discovered that the sharks did not have his young body after all.

This is only one of the dramatic

humorous incidents which occurred at the quiet little town of Bandon.

The golf tournament held at Westmost golf course between Cottage Grove and Bandon resulted in a victory for the Bandon team. A good sized crowd watched the match at advantageous points. The final score was Bandon 20, Cottage Grove 27.

The visiting golfers were impressed with the treacherous Westmost links, and remarked about the deadly consistency required to play the various holes at par. 1.

D. Felsheim of Bandon held low score of the tournament, he played the course in "Bobby Jones" style, that is in par figures.
