

# GLENDALE LOSES HECTIC BALL GAME TO COQUILLE, 17-10

(Associated Press Leased Wire)  
GLENDALE, June 29.—Coquille 17, Glendale 8, is the result as given by the scorebook for the baseball game played at Glendale Sunday, when Glendale lost its first game this season, but it doesn't begin to tell the story of one of the most exciting games ever here this season by a record crowd of frenzied ball fans.

Coquille started out by getting one run and Glendale two runs in the first inning.

The balloon ascension staged by Glendale started in the beginning of the second inning when Fairford made a three bagger followed by Fisher and Endicott leading the bases through a series of Glendale errors. The balloon continued up and by the time seven Coquille players had crossed homeplate, Thompson, Glendale's lanky pitcher, retired to left field and Conatser took over the job of trying to stop Coquille. Two more runs were tallied by the time Conatser struck out Woodward, ending the ascension.

By the time the Glendale balloon was finally back to earth Nelson and Bates were on the bench, Bates with a smashed finger, and Manager Martin had made five shifts in the team lineup.

Good light ball was played the remaining innings during which time Coquille added 7 more tallies and Glendale made 6 more.

Batteries for Coquille were Endicott and Fisher for the six innings when Gilbert and Fortier went in to finish the game. Conatser relieved Thompson, pitcher for Glendale, in the second inning with Bates behind the sack until the latter part of the second inning when he smashed a finger and was relieved by Scheigh.

A feature of the game was the big league umpiring by Slackwood, an association umpire, who is visiting at Coquille.

The result by innings was as follows:

	1	2	3	4	5	6	7	8	9
Coquille	1	0	0	1	0	3	0	3	—17
Glendale	2	0	0	1	0	0	0	2	—8

Wool Shows Down  
BOSTON, June 27.—The Commercial Bulletin of Boston says today: "The wool market is less active and hardly so optimistic in consequence of the sale of some low-priced fine tops, induced, it is believed, by general commodity and stock market conditions. The majority of the trade, however, believe the market is fundamentally sound and that even though the heavyweight season be far from successful, the last half of the year will see a better business."

Foreign markets are low and generally in favor of the buyer, although Australia kept surprisingly steady this week. European markets were waiting the opening of the London auctions July 8, when offerings of 150,000 bales are expected.

The activities in the west are gradually subsiding. With 25 percent of the new clip moved, this is only natural. Prices are at the top as the season ends, 25 cents being paid for the best Montana clip.

Mohair still is slow and prices are hardly changed at about 40 cents for original adult Texas hair."

The Bulletin will publish the following quotations: Scoured basis: Oregon: Fine and fine combing 70 @ 72c; fine and fine combing 65 @ 67c; valley No. 1, 67 @ 68c.
