Following a brief business meet-ing the members were taken on a practice run by Fire Chief Oline-house, who instructed them in their house, who instructed them in their duties and the best manner of us-ling the various fire fielding appa-ratus. All members will be taught how to charge and discharge the chemical tanks, also how to start and operate the fire truck, so that in case of fire someone with a knowledge of how to operate the fire fighting equipment will always be quickly available.

fire fighting equipment will always be quickly available. The new organization proposes to hold practice meetings once a week for the present. Autolsts driving over fire hose or in any manner bindering opera-tions at a fire are to be summarily dealt with according to Fire Chief Ollumbuse, who is also the city Olinghouse, who is also the city marshal.

The organization of the new vol unteer fire department Wednesday antedates the anniversary of the big Glendale fire by two days. The big fire occurred July 11, 1928, at which time nearly the entire business district of Glendale was destroyed.

## Tell the Story of Our Growth

In the past two years under the control of the Southern Oregon Gas Corporation we have almost DOUBLED our number of Gas customers in Roseburg.

We are making a high grade gas, second in quality to no other gas produced in this state.

We are proving daily that gas is truly the

MODERN FUEL, particularly when it is used with modern and up to date Gas appliances.

And NOW we are to move into a new office and salesroom where we can better serve you and also show what the modern fuel and improved appliances are able to do to better American home life.

Do you ask, what will it cost? or WHAT WILL IT DO? John Deere machinery will cost less in proportion

to what it will do than anything you can buy.
