

CARNERA ORDERED TO QUIT AMERICA

(Associated Press Leased Wire) OMAHA, Neb., July 22.—An Italian army uniform and oblivion—that is the future for Primo Carnera, giant Venetian heavyweight, according to Frank Paccassi, business manager of the Carnera troupe.

STORY 1

lects a quarter cent per pound on an acre, and at the end of the season any surplus existing from the collection of handling charges is distributed to the growers.

Price Control Sought Mr. Fisher is suggesting that the Douglas county growers form an association similar to the one in Humboldt county, and that the two groups work in cooperation to avoid competition in marketing and to control the price.

He states that there is at present a determined effort being made in the Los Angeles territory to force down the price of the fruit that a large part of the Douglas county crop is being handled on contract for seed companies at a 5 cent price, gives an opportunity for the faction endeavoring to beat down the price to secure a sufficient margin to force down the other growers.

Roseburg to Hear Appeal for Religious Unity From Quintet of Itinerant Friars

The preaching friars of California, carrying an appeal for unity of all religious denominations, are to be in Roseburg Friday, July 25, and will conduct a public service at Library park at noon on that date.

This unique group of preachers, from Los Angeles county, have undertaken an extraordinary venture in religion in commemoration of the 190th anniversary of Pentecost and the 29th anniversary of the Junipero Serra mission in California.

The order of Preaching Friars was founded a year ago and is devoted to an effort to bring all religious bodies together under one great head, doing away with denominationalism and making a great united church.

The pilgrimage started from San Diego, July 1, the anniversary of the date Junipero Serra arrived there in 1769, walking up from Mexico, and establishing his mission. A great religious service was held, at which time city dignitaries participated.

They will speak in Roseburg at noon, continuing on north to Portland, where they will speak Sunday in one of the largest churches of that city. They will then continue on through Washington.

kind except a few minor arguments. Dr. E. B. Stewart was the next witness called and described the three gunshot wounds in the body.

Officers Contradict George Dietrich, deputy sheriff, described the cabin in detail, giving measurements of the room and the space occupied by the various articles, showing that the room was badly crowded.

The right arm lay between the two pools of blood and was not stained, and there was no connection between the body and the pool of blood found beyond it.

The same testimony regarding the blood spots was given by L. E. Mikeworth, deputy coroner, and C. H. Daugherty, deputy sheriff, who stated that they could see no connection between the body and the pool of blood on the step inside after the killing.

menace of drought, water short age and forest fires. With many crops already ruined, farmers in New Jersey, Pennsylvania, Maryland, West Virginia, Virginia, Tennessee, Arkansas, Kentucky and Oklahoma hoped the rain to save what was left.

FOREST FIREBUG GETS BUSY EAST OF MYRTLE CREEK

A crew of men working under direction of the Douglas County Fire Patrol is attempting this afternoon to subdue six fires of evident incendiary origin in a heavily timbered region at the mouth of Louie creek, ten miles east of the town of Myrtle Creek.

The prediction was for continued seasonal temperatures today and tomorrow.

hains Relieve Ohio CLEVELAND, July 22.—After suffering four days of a recording smothering heat wave, Ohio today enjoyed the comfort of a 10 to 15 degree drop in the temperature, induced by cooling winds and thunderstorms from the West.

Evenly rains were noted to the east of the state, unaccompanied with much rain, but a temperature drop of 10 to 15 degrees was reported from the West.

Storm's Toll \$50,000 SEASIDE PARK, N. J., July 22.—A freak storm lasting less than five minutes struck this place last night and did damage estimated at more than \$50,000.

England Shivering LONDON, July 22.—While the United States pants from a heat wave, Great Britain has one of the most unusual summer cold spells in years.

At 10 o'clock this morning temperature in central London was 59, and at 11 o'clock 57 degrees below the seasonal average.

and Maurice Oppenheimer of Roseburg, Oregon, were present to meet with the directors.

Outlook Unfavorable It was stated by the directors that the price outlook at present is very unfavorable. No quotations have yet been made on Oregon prunes, and sales of last year's stock made recently would indicate a very poor market and low prices.

Handing Fee Reduced The directors also agreed to reduce the association handling fee from \$1 per ton to 75 cents per ton.

Break Is Promised A break in the oppressive heat wave today or tonight was the cheerful prospect held out by a sweltering nation today by the weather bureau.

New Records Set The bureau's statement noted that numerous July temperature records had been broken yesterday, and that temperatures of 103 degrees in Philadelphia, 102 degrees in Atlantic City, Richmond and Cape Henry, while New York's July record of 99 degrees was equalled.

After a new all-time record of 105 degrees here on Sunday, the mercury mounted yesterday to 103.

CHICAGO, July 22.—The little red lines in the thermometers out this way had come down today where they belong.

After several days of heat that exhausted the appetites of perspiring commuters, the atmosphere had cooled off to the temperature 79°.

There was rain in the great states in Iowa the pastoral farmers spoke of it as "a million dollar rain," for it fell on pastures and

HOOVER PUTS NAME TO NAVAL TREATY AND GIVES PRAISE

(Associated Press Leased Wire) WASHINGTON, July 22.—President Hoover today signed the London naval treaty. Previously the president had the treaty, approved yesterday by the senate, would secure the full defense of the United States and would disarm from the minds of the world any idea that this country aimed for imperialistic exploitation.

Asserting the pact is a great accomplishment, the chief executive said it was a matter of satisfaction that it had been carried through step by step with the cooperation of both political parties.

The president added: "With the ratification by the other governments the treaty will translate an emotion deep in the hearts of millions of men and women into a practical act of government and international relations."

"It will renew again the faith of the world in the moral forces of goodwill and patient negotiation as against the blind forces of suspicion and competitive armament. It will mark a further long step toward lifting the burden of militarism from the backs of mankind and to speed the march forward of world peace."

"It will lay the foundation upon which further constructive reaction in world arms may be accomplished in the future."

"We should by this act of willingness to join with others in limiting armament, have dismissed from the mind of the world any notion that the United States entertains ideas of aggression, imperial power or exploitation of foreign nations."

dered Miss Belton to open up the back door, but she stated that there was no rear entrance and they would have to go out the front way.

Miss Belton was then ordered in to the back room of the store, the door of which is covered with a curtain. At first she did not move but was threatened again with the gun, and finally went back into the room, with the man following her.

The two were later seen in the grove section of the city, but no further trace of them was obtained.

Robbers Described One was described as being about 25 to 28 years of age, 5 feet 8 or 9 inches in height, medium build, medium complexion, thin lips, blue eyes, reddish beard and noticeable eye teeth. He was dressed in a light gray suit and cap. He held the gun in his left hand.

His companion was about 23 years of age, 5 feet 6 inches tall, medium dark complexion and wore a reddish brown suit.

They are believed to be the same men who held up a store in Eugene last week, as they answer the same description and the gunman in that case was also left handed.

The sheriff's office has been spending the entire day in an effort to locate the two men, and descriptions are being sent to all parts of the state.

PETER PARISEAU DIES IN PORTLAND

Word was received here today of the death of Peter Pariseau, a former teamster of this city, who passed away Saturday at the home of his daughter, Mrs. Minnie E. Miller, in Portland, at the age of 80 years. He was also the father of Edna Pariseau and Dean Miller.

Funeral services were held today at St. Andrew's church, in Portland, with interment in Mt. Calvary cemetery.
