CURRENT ANTLERS PICTURE Praised

By G. C. ARR

"The Vagabond King" is unquestionably one picture that no lover of high quality entertainment can afford to miss. It is without doubt the outstanding musical production since sound became monarch in Hollywood.

This all-color picture opened at the Antlers theatre last night and will show again today and Thursday.

Dennis King, as the master of the sword, the leader of the vagabonds, the redeemer of Paris and the captor of a princess' heart, leaps into the front rank of romantic actor-singers in his masterful portrayal of Francois Villon, the poet-hero.

The king of the vagabonds becomes king of France for one glorious week and during his brief reign falls in love with Princess Katherine (Jeannette MacDonald). The vagabond outwits the attack-

ing Bergundian forces and saves Paris but Louis XI, the real king, decides he is gaining too much power and must hang. Here the princess takes a hand and things turn out pleasantly.

Here is a picture with a powerful plot, stupendous sets, breathtaking action, romantic glamour and musical richness. It's the kind of a picture one could see three or four times without grasping all its true value.
