We Deliver*

Housewives in every community have welcomed Red & White service with "open arms"—a higher type of grocery service, providing quality groceries at lower prices and affording every modern grocery service—easier shopping—better shopping—Try Us!

*"Quality Always Higher than Price"*

Quality and economy are combined as never before in the products and services offered at the RED & WHITE Stores—Nationally known foods are featured here at generous savings, together with high grade products packaged under the famous "Red & White" label, assuring you of the finest quality foods that it is possible to obtain.

Nationally advertised in "Good Housekeeping" Magazine, the Red & White organization and a host of Red & White products enjoy the coveted approval of "Good Housekeeping Institute"—a double guarantee of quality and value.

"No—not a new store nor a new owner, but a new and better idea of grocery store operation and service.

"Together with a great many other independent service grocers in Roseburg and Douglas County I have identified myself with the RED & WHITE organization to give you better values and better service.

"The great RED & WHITE group is made up of thousands of independent grocers throughout the United States and Canada, whose combined purchasing power makes it possible for them to buy at extraordinary price concessions.

"I am proud to be associated with the RED & WHITE group which is growing because it is founded for the preservation of the individually owned store and on a sincere desire to serve better for less. . . . Your money spent at a Red & White store STAYS in Local circulation to help local prosperity."
