COPCO LAUNCHES NORTH UMPQUA PROJECT

Editorials on the Day's News

By FRANK JENKINS
"HAT Sets New Record Here," says a headline. The record is 97.
If you have friends visiting here from the East or the Middle West, be sure to tell them that this is VERY UNUSUAL.

HERE is the clearest, plainest, most sensible statement yet made on the subject of farm relief:
"The wheat output must be cut to the level of normal domestic consumption if the farm problem is to be solved in the near future."

THIS clear, plain TRUTHFUL statement is made in Portland by Alexander Legge, chairman of the federal farm board, appointed by President Hoover, who picks big men to do big jobs, and then instructs them to go out and tell people facts instead of feeding them political taffy.

HERE is another plain fact: Cutting the wheat output is going to be difficult, because as production goes down and the price goes up a lot of people are going to say: "Let the OTHER FELLOW do the cutting; I'm going to put out all the wheat I can and make a killing."

THIS important fact was stated recently by R. A. Booth of Eugene:
"No other event was a more potent factor in the greatness of America than the things which transpired in the Oregon country."

It was the lure of Oregon which drew first the hunters and adventurers, then the missionaries and finally the settlers with their plows to the Pacific Coast.
But for the winning of the Oregon country by these AMERICANS, the western boundary of the United States might now be the Missouri river, or at most the Rocky mountains.

We of Oregon have much to be proud of.
OREGON, mother of the West, and so contributor in an amazing degree to the greatness of the nation.
Whence comes the name?
THE origin of the word "Oregon" is one of the great mysteries.

St. Louis Fliers Break Endurance Mark

JACKSON AND O'BRIEN STAY UP 23 DAYS

Keep Going With Ultimate Goal Set at 1000 Hours; Plane Functions in Perfect Shape.
Recovery of Laurels Taken Away by Hunter Boys Is Acclaimed by Terrific Din.

(Associated Press Leased Wire)
LAMBERT FIELD, St. Louis, Aug. 12.—The veteran endurance team, Dale Jackson and Forest O'Brien, flew through rain and the threat of a storm today to a new world's record for sustained flight. They officially regained the record at 9:52 a. m. (C. S. T.), when they had been up 554 hours and 41 minutes, slightly more than 23 days.

The new mark exceeded by one full hour the record established last July 1 at Chicago by Kenneth and John Hunter, Illinois farm boys, who after several attempts had wrested the flight championship from Jackson and O'Brien. The latter pair set a 420-hour record July 21, 1929.

With the record regained, Jackson and O'Brien had no thought of landing but drove on toward a goal which they now have set at 1,000 hours, or about six weeks.

Acclaimed With Noise
A downpour of rain deluged the field and soaked the scant crowd of 2,000 persons who had assembled.

AGED COUPLE WITH \$70,000 FOUND O. K.

(Associated Press Leased Wire)
ST. LOUIS, Aug. 12.—Charles Kern, rich retired flour buyer past 70 years old, and Mrs. Kern, for whom a wide search was conducted yesterday after their strange disappearance in Ohio with a \$70,000 bank treasurer's check which Kern had drawn from a bank here, were back home today but had no explanation to make.

Police had feared the aged couple had fallen into the clutches of kidnapers or swindlers.
Kern refused to be questioned concerning a real estate deal which he had told his banker was the purpose of his large withdrawal of funds and his trip to Ohio.

"That's nobody's business," he said when asked if he had brought the \$70,000 cashier's check back with him. "We're back home and we're not kidnaped and that's all I've got to say."

Plunging Auto At Comstock Kills Filipino

An unidentified Filipino was killed and eight companions injured, when an automobile in which the nine men were riding plunged through the railing of the overhead crossing at Comstock this morning. The nine Filipinos, reported to be students from the University of Iowa, were making a tour of the coast, travelling in a Chevrolet sedan. They approached the crossing, it was reported, at a high rate of speed, and one tire blew out as the car skidded when the brakes were applied on the sharp curve. The car was thrown into the railing and went off the bridge onto the railroad track. One man was killed outright and all the others injured, one seriously, according to information received here. Names of the occupants were not received. Coroner H. C. Stearns was called to investigate the accident.

COAL AREA PLANE BOMBER TELLS OF HIS COMPLICITY

(Associated Press Leased Wire)
MURPHYSBORO, Ill., Aug. 12.—Paul Montgomery, local aviator, confessed today to special investigators that he flew over Providence, Ky., coal fields Monday morning in his airplane from which two men dropped nine bombs. Montgomery asserted, the investigators said, that he maneuvered his plane to protect the people at the mines.

Montgomery did not identify the two men who accompanied him on the flight. Officers believe the pair were strangers.

Investigators today discovered the remnants of a bonfire at the Murphysboro airport and nearby found small pieces of fuse, small pieces of tape, tape cores and a box containing sawdust. They believe the bombs were made by the two men at the bonfire early Monday morning just before the flight.

A close inspection of Montgomery's black and orange monoplane revealed an attempt had been made to smudge the identification letters 508-M with dirt. It was the recognition of these letters that led to Montgomery's arrest.

The flier, who had recently talked of a non-stop flight from Rome to Dallas, Texas, this summer, had previously denied any connection with the bombing.

Authorities declined to give out Montgomery's full confession, but said he told them he was forced to pilot the bombing plane by two men under threats of death to him and members of his family. Because of these threats, officers said, Montgomery declined to reveal the names of the two men. He was declared to have flatly refused to implicate anyone else.

FUGITIVE DOUGLAS TRUSTIES UNCAUGHT

The three prisoners, James and Robert Conatser and "Tex" Hanley, who escaped from the county trusty crew yesterday, have not yet been located, according to Sheriff Jackson. Officers spent all night patrolling the various roads which it was felt might be used by the men in completing their escape, and all cars in and out of the city were halted and the occupants checked. The search is being continued.

Marriage License Issued—A marriage license has been issued to Lyman Butner of Roseburg and Ina Dement of Myrtle Creek.

COOPERATIVE CANNERY PLAN IN ABEYANCE

Final Decision on Proposed Completion of Venture Postponed Until Next Friday.
Last Effort Will Be Made to Conciliate Group of Grower-Claimants Holding Out.

Continuation of the effort to complete the organization of the cooperative cannery association was decided upon by the board of directors at a meeting held at the office of County Agent J. C. Leedy last night. The directors felt that the serious condition existing in the Umpqua valley and the imperative need for a cannery to function in a season of low prices for commodities, justified a final effort to put the proposed plan into execution.

The endeavor to complete the organization will be continued until Friday night, and if the few growers now holding out cannot be brought into the association by that time, the directors state that the attempt for organization will end and that the project will be dropped.

Everything possible to complete the work has been done, according to C. E. Banning, president of the association, and the directors have made arrangements whereby the former Norton cannery can be put in operation if and when the association is completed. A great deal of legal action is necessary to take over the property, but the program has been so arranged that the plant can be started just as soon as the association is finally formed.

Sale Means Big Loss
In the event the organization is not completed, the cannery will be sold by the receiver at a bankrupt sale, and there is no possibility of operation this year, as the legal procedure involved will keep the

\$20,000 HOME GOING UP NEAR IDLEYLD

(News-Review Douglas County Special)
IDLEYLD PARK, Aug. 12.—Construction of a beautiful home on the North Umpqua river has been started by Dr. and Mrs. Charles Dean of Portland, who recently purchased the 12-acre tract belonging to G. W. Vaughn, located near the old fish hatchery.

Mr. and Mrs. Dean are spending approximately \$20,000 in the establishing of this home, where they expect to reside. They have been spending several weeks at Idleyld and have been entertaining Mr. C. H. Ely of San Francisco, who is planning to return and also to leave here at a later date. Mr. and Mrs. Felix Winkler, who have been employed at Idleyld, are now employed by Dr. Dean at the construction camp.

Welch are assisting Mr. Vossburgh in handling the work at Idleyld.

The Roy Foster place above Rock creek has also been sold for a summer home site, it is reported, the land having been purchased by Portland parties, who plan construction of building in the near future.

RULING RESTRICTS SALMON TROLLERS

Trolling for salmon in the Umpqua river is no longer commercial fishing within the meaning of the law. To commercially fish, according to the Oregon code, one must use only gill nets. This in substance is the information received here by Scott Britt, deputy fish warden, from Master Fish Warden Hoy, following an opinion given by the attorney general.

In accordance with this information, Britt is refunding to various anglers their extra paid-in fee of \$5 for the privilege of catching an unlimited number of salmon by trolling in the Umpqua in excess of the weekly limit of seven allowed for an angler's license of \$3. The attorney general's opinion doesn't affect the ocean trollers. River gill-netters are barred from commercial trolling. They may catch salmon in the manner, however, under the regulations prescribed for anglers, but must not sell fish so obtained.

NORRIS WINS AT PRIMARY IN NEBRASKA

Senator Robinson Captures Arkansas Nomination; Gore Beats Rival in Oklahoma.
Ohio Democrats Name Dry for Governor and Wet for Senator, Early Count Shows.

(By the Associated Press.)
Leading figures in Thursday's five state primaries appeared on the basis of the steadily mounting count of ballots today to have safely weathered the test.

Senator George W. Norris, the Nebraska republican insurgent who supported Alfred E. Smith in 1928, was gaining an increasing lead over William M. Stebbins, candidate of the "regular" faction in the party. Gilbert M. Hitchcock, former senator, apparently was nominated by the democrats to oppose Norris.

Senator Joe T. Robinson, democratic leader and vice-presidential candidate of 1928, had a lead of more than 2 to 1 over Tom W. Campbell in the Arkansas senate race.
Thomas P. Gore, blind former senator, had a commanding lead over Charles J. Wrightman, Tulsa oil man, for the democratic senate nomination in the Oklahoma runoff primary. William H. (Alfalfa Bill) Murray, was far in front of Frank Buttram, of Oklahoma City, for the gubernatorial nomination. In Alabama early returns gave John H. Bankhead a considerable lead over Frederick I. Thompson, Mobile publisher, in a senate race marked for its light vote.

Ohio democrats gave leads to a wet for the senate and a dry for the governorship. Robert S. Bulkley, Cleveland, advocate of dry law repeal, was well ahead of his four opponents for the senate while George White, endorsed by the Anti-Saloon league, had a substantial margin over Stephen M. Young.

ACTRESS FAILS IN SUICIDE ATTEMPT

(Associated Press Leased Wire)
LOS ANGELES, Aug. 12.—Lita Baskette, stage and film actress and widow of Sam Warner, motion picture executive, was treated for a slight case of poisoning at the receiving hospital here late last night following what police said she admitted was a suicide attempt.

Police surgeons found the actress was not seriously poisoned and later released her.
They said she told them her act was prompted by failure to obtain custody of her four-year-old daughter, Lita Warner. The child was adopted by a brother of Sam Warner following the latter's death.

As Miss Baskette was being treated for minor burns about the face and arms, her present husband, Percival Marley, camera man, called at the hospital. He seemed much affected at his wife's condition but the actress ordered him from the room. They have been separated since last June.

The actress talked at length, hospital attaches said, concerning her daughter. She said she left her husband, Marley, upon assurance of "high studio officials" that her child would be returned and that she had led an exemplary life in her efforts to regain custody of the child.

WOMAN CHANGES BANDIT TO TORCH

(Associated Press Leased Wire)
JOPLIN, Mo., Aug. 12.—His own act meted swift retribution to a young bandit who fired a revolver at a woman here last night.
As his gun cracked the robber was shrouded in flames. The flash had ignited gasoline the intended victim, Mrs. A. Haggard, filling station operator, had sprayed upon his clothes.

Enveloped in leaping flames the bandit ran screaming to a waiting motor car. His woman adversary pouring revolver shots at her luminous target.

SELECTED AT RECENT PRIMARIES

FRANK HAUCKE

THOMAS P. GORE

GEORGE W. NORRIS

CHARLES W. BRYAN

Frank Haucke, 36-year-old World war veteran, upset all predictions when he won the republican gubernatorial nomination for the state of Kansas by a majority of more than 25,000 over the former incumbent, Clyde Reed. Haucke is a bachelor and was prominent in athletic circles while a student at Cornell university.

Thomas P. Gore, blind former senator, who many years ago spoke in Roseburg in behalf of William J. Bryan's candidacy for the presidency, yesterday defeated his democratic opponent for the senate nomination in the run-off primary. Yesterday's primaries also saw victory for Senator George W. Norris and Charles W. Bryan in Nebraska, the former for the republican nomination for re-election, the latter for the democratic nomination for governor. Norris, despite his bolt to Al Smith, has been pledged regular U. S. P. support. Bryan, formerly governor of Nebraska, is a brother of the late William J. Bryan and six years ago was a candidate for vice-president.

PAXTON FREED OF CONTEMPT CHARGE

Edward R. Paxton, who possesses the English title of lord, and whose matrimonial affairs are being aired before the circuit court, in a divorce action brought against his second wife, was released today from contempt of court charges under which he was recently arrested and freed on bail in the sum of \$2,500.

Judge Hamilton, passing upon the contempt of court action, held that the Oregon law requires that proper notice be given of the claims against the defendant, before an arrest is justified.

Mrs. Paxton applied to the court for support during the pendency of the divorce suit and also for attorney fees and other costs. Her application was allowed in an order signed by Judge Skipworth.

Paxton failed to provide the money ordered by the court, and his wife asked for his arrest, claiming that he was in contempt of court and that he planned to leave the country.

Paxton, when arrested, made an affidavit that he had never been notified of the court order, and did not know of its existence. He also denied that he had planned to leave the country.

Judge Hamilton, in dismissing the action against Paxton, held that the law requires that the defendant in such a case be given personal notice of the order, and that in the event of failure to pay, that a demand must be made before an arrest can follow.

RECKLESS DRIVING CHARGED TO TWO

M. R. Adams of Eugene was arrested early this morning by Deputy Sheriff Dietrich charged with reckless driving. Adams, it is claimed by the officer was traveling at a high rate of speed near Brand's stand and swung so far out on the turn that he struck Dietrich's car. He failed to stop after the collision and the officer gave chase. Adams, it is claimed, tried to crowd him off the road, but Dietrich finally succeeded in overtaking him at Winchester, and brought him back to Roseburg under arrest.

Jack Frost, local motorcycle driver, was arrested last night by Deputy Sheriff McCabe charged with reckless driving. Frost, it was claimed, was driving at a high rate of speed and without lights.

CROP GONE, TALLEY MAY WARBLE AGAIN

(Associated Press Leased Wire)
CHICAGO, Aug. 12.—The girl of the Golden West, Marion Talley, has found the west not as golden as she was, after all.
Stopping off in Chicago yesterday on her way to New York, the young diva said the drought had ruined the corn crop on her 800-acre Kansas farm and hinted she may meet the loss by returning to New York's Metropolitan grand opera house, which she abandoned for the farm a year ago after a meteoric success.

"It is my privilege to change my mind," Miss Talley said.

From Riddle—Frank Bradstreet of Riddle and his father, A. H. Bradstreet, were in Roseburg yesterday transacting business. Mr. and Mrs. Frank Bradstreet have just returned from a trip to their old home in Maine, where they visited with his parents, Mr. and Mrs. A. H. Bradstreet, who returned with them to Riddle to live.

PLANS CALL FOR SUM OF \$29,650,000

Water Right Filings At Salem Specify Appropriations at 7 Points.

Clearwater, Lemolo, Rock Creek, Boundary Line, Toketee Proposed Unit Areas.

(Associated Press Leased Wire)
SALEM, Ore., Aug. 13.—Power development of the North Umpqua river and tributary streams at seven points above Roseburg, all in Douglas county, at a total estimated cost of \$29,650,000 is proposed by the California-Oregon Power company in applications for water rights filed today with the state engineering department. Creation of a total of 188,661 horsepower is planned by the development.

Five of the developments are to be on the North Umpqua and two on Clearwater river, a tributary stream. Other tributary streams also are to be used.

Federal Permit Given
State Engineer Luper said that the company has already received its preliminary permit from the federal power commission for right of way on federal land. The company is required to apply to the federal commission by August 15 for license to use the right of way. Luper said that under the law the state department will be required to grant the power rights unless it is found that the development interferes with some public welfare project. It is not probable that such interference will be shown.

Time of beginning and completing any of the projects are not stated in the applications, this not to be determined until all details with the government are completed.

The contemplated development in Douglas county is the second large proposed extension of the California-Oregon Power company's operations in Oregon in recent weeks. Applications covering five developments on the Klamath river in Klamath county at a total estimated cost of over \$27,000,000 were filed with the state department about two weeks ago.

Three Projects Detailed
The seven Douglas county projects covered in the applications today are:

Rock creek project—Application to appropriate 800 second feet of water from the North Umpqua; tunnel and penstocks to be about 4890 feet long; concrete arch dam to be 215 feet high and 1350 feet long; fall 221.5 feet; horsepower

WANDERING MAID HELD; BOYS FREED

Raymond Mullins, 17, of Oakland, and Buster Lilly, 18, who is on thorough from the San Diego navy yards, were arrested yesterday at Glendale by Deputy Sheriff George Olinghouse and held for investigation, but were released from custody today. Fern Robinson, 16, of Yakima, Washington, arrested at the same time, is being held in the custody of the juvenile court.

According to the girl's story, she started for California in company with a young man, but he objected to attentions paid her by another man, met on the way, and abandoned her at Grants Pass. She was met at Grants Pass by Mullins who introduced her to the accommodations of a "side door Pullman" and brought her to Glendale. Lilly was occupying the same box car, and Mullins objected to his attentions to the girl, and he deserted her at Glendale.

He was arrested by Officer Olinghouse, who, upon learning of the presence of the girl in the box car, took the young lady and the "side door Pullman" and turned them over to Sheriff Jackson. As there was no charge to be placed against the two boys, they were released this morning and the girl is being held in custody by the juvenile court, pending the receipt of word from her relatives in Yakima.

NEWS BREVITIES OF OREGON

(Associated Press Leased Wire)
AILING WIFE SUICIDES
PORTLAND, Aug. 12.—Mrs. Genevieve Hurst, 36, ran into a neighbor's flower garden and shot herself through the heart early today. A moment before she had inflicted a slight skull wound in her bedroom. Ill health, authorities said, caused the suicide. Her husband left for Seattle last night to obtain employment. Besides her husband, she is survived by one small daughter.

SCHOOL GANTLET TABOO
PORTLAND, Aug. 12.—C. A. Rice, city school superintendent, issued instructions to physical education instructors barring "spanking machines," or gantlets said to have been used in city schools for overcoming minor discrepancies in students. K. G. Lundstrom, Portland, recently presented a \$50 doctor bill to the school board for payment after his son suffered a broken arm "running the gantlet."

TO PROBE STOCK SALE
SALEM, Aug. 12.—L. A. Lidjevist, special prosecutor representing the state corporation department in the investigation of the Northwest Pulp and Paper company of Astoria, informed the department today that the grand jury investigation of the concern will begin in Portland Monday, Aug. 18. It is alleged that the promoters of the company collected through sale of stock about \$30,000 and did not build a mill as promised.

"NO" ON CITY MANAGER
KLAMATH FALLS, Aug. 12.—By a five to one vote the proposed charter change inaugurating the city manager-commission form of government was defeated at the city election here Tuesday. The city now is under the mayor-councilmanic system.

TUCKER MAY HEAD ELKS
PORTLAND, Aug. 12.—Prominent state Elks today indicated J. L. Tucker of the Astoria Elks lodge probably will be elected president of the Oregon State Elks association.

Officers who are considered likely candidates are:
E. H. Jones, Baker, first vice-president, and A. C. Van Nuys, Corvallis, second vice-president; A. W. Jones, Salem, and H. L. Toney, McMinnville, will be nominated for re-election to offices of secretary and treasurer, respectively.

WARRIORS AT 88; SUICIDES
HILLSBORO, Ore., Aug. 12.—The body of John Witt, 88, was found hanging by a rope from the bedpost in his home near here today. Neighbors revealed he had been worrying over financial troubles and the infirmities of old age made it difficult for him to get around. Witt lived by himself. He is survived by one son and three daughters in Washington county.
