ELIMINATION OF POOR PRUNES AIM OF SALEM CONFAB

(Associated Press Leased Wire) SALEM, Ore., Aug. 27.—At a conference here today between United States Senator McNary and Dr. B. J. Howard of Washington, D. C., in charge of the micro-analytical laboratory of the food and drug administration for the government, and other government and state officials, the matter of regulations governing growing, drying and packing of prunes was gone over and the attitude of the government and state outlined.

Dr. Howard declared following the meeting the government is taking up the problem of prunes simply along the same lines which have been followed in connection with other food products notably tomatoes, blueberries, rotten beans going into pork and beans, cherry maggots both in the east and west and similar food products.

"We found some abuses in the dried fruit industry, included in these being the handling of Oregon prunes in some cases," stated Dr. Howard. "Our purpose is to get the growers, driers and packers to eliminate fruit made bad due to brown rot or any other form of decay, dirt or insect infestation which the customer naturally would be opposed to eating. Such results can best be obtained through the hearty co-operation of all branches of the industry with federal and state officials, and so far as the campaign has proceeded this is occurring in most places within the prune growing districts.

"Our attitude is that the industry itself must undertake to clean up as thoroughly as it can in a reasonable fashion the abuses which it itself frankly acknowledges exist. If this is done there will not be much trouble with the product."

WILSON GOES INTO TIE WITH RUTH IN HOME RUN TOTAL

By HUGH S. FULLERTON, Jr. Associated Press Sports Writer. Chicago's baseball fans are about ready to look haughtily in the direction of New York and ask, "who is this fellow Ruth?" For Hack Wilson, hefty home-run hitter of the Cubs, has a new National league record in the Ruthian specialty and has drawn up on even terms with the Great Babe in this year's competition at belting four baggers.

Hack hit his forty-fourth home run of the season to put a finishing touch on the Cubs' 7 to 5 victory over the Pittsburgh Pirates yesterday, and in doing it passed the record Chuck Klein set a year ago. It took Klein the full season to beat Rogers Hornsby's old mark of 42, while Wilson has beaten the young Philadelphia with 31 games to go. And he is tied with Ruth in the season's totals while the Babe still is a week ahead of the record he set in 1927.

The Cubs have a week more at home before they start on their final road tour, and Wilson has hit most of his homers in Wrigley field. The Chicago triumph yesterday put the Cubs 5 1/2 games ahead of the New York Giants, who had a day of rest before the start of their series with Brooklyn.

The St. Louis Cardinals continued their advance in the only other National league game, defeating Cincinnati, 3 to 1, for their seventh successive victory. The victory left St. Louis only a half game behind the third place Brooklyn Robins with some prospects of improving their position as they continue against the Reds today while Brooklyn tackles the Giants.

Advertisement for FLY-TOX insecticide. DON'T SHARE YOUR OUTING WITH... THE FEARFUL SEVEN: FLIES, FLEAS, MOSQUITOES, ANTS, ROACHES, BEDBUGS. FLY-TOX KILLS THEM ALL. As surely as you need a can opener, you need FLY-TOX and the improved FLY-TOX spray gun. FLY-TOX is the dependable insecticide; pleasant odor that keeps camp and picnic grounds free from disease-laden, tormenting insect pests. And what a difference such absolute riddance makes! FLY-TOX is harmless to both people and animals, but with it no ant can live to explore the salad, no fly can last to reach your coffee and no mosquito can disturb your slumbers. Use it regularly! Sold at grocery, drug and hardware stores.

FLY-TOX is sold all over the world! CALIFORNIA REX SPRAY CO., Benicia, California. NOT A BY-PRODUCT. Kills Flies, Mosquitoes, Roaches, Fleas, Bed Bugs, Ants.
