

HOOVER SURE OF BARRIERS AGAINST BUSINESS STORMS

(Associated Press League Wire)

BOSTON, Oct. 6.—Confidence that the nation would build steadily to prevent and mitigate the destructiveness of business storms was expressed by President Hoover today in addressing the 50th annual convention of the American Federation of Labor.

"The demonstration of nationwide cooperation and team play and the absence of conflict during this depression have increased stability and wholeness of our industrial and social structure," he said.

Expansion of construction and freedom from strikes and lockouts were mentioned by Mr. Hoover in his address as having contributed to hold down employment.

These developments he described as an outgrowth of his business and labor conferences last November at which nationwide programs to relieve the depression were laid down.

Introducing Mr. Hoover at the meeting, William Green, president of the labor organization, said he had always interpreted the chief executive's statement in favor of high wages "as an endorsement of the wage philosophy announced by the Atlantic City convention of the American Federation of Labor."

"The president demonstrated his faith and confidence in the principle of high wages when he called a conference of representatives of labor and industry at the White House last November," Green added.

**STATISTICS GIVEN
ON BUTTER, CHEESE
AND MILK OUTPUTS**

Creamery butter production in 1929, according to the bureau of agricultural economics U. S. department of agriculture, the bureau reports the production of cheese of all kinds in 1929 at \$33,935,000 pounds; condensed milk \$41,718,000 pounds; evaporated milk 1,804,930,000 pounds; powdered milk 207,579,000 pounds; and ice cream 254,618,000 gallons.

These figures are compiled from reports furnished the bureau by manufacturers of dairy products. Considerable follow-up work has always been necessary on account of a large number of

delinquent reports, and inasmuch as it was possible to put more intensive effort into the collection of the 1929 statistics than in any previous year, more complete returns resulted.

The 1929 butter figures for that reason are not fully comparable with production for 1928, when 3,525 factories reported 1,457,049,000 pounds. The bureau estimates that approximately 50,000,000 pounds of butter, 30,000,000 pounds of cheese, and 10,000,000 gallons of ice cream were added to the 1929 report as a result of the effort which it was able to put into the collection of last year's statistics.

UMPQUA POST TO MEET TONIGHT

Umpqua post of the American Legion is to meet tonight in the regular twice-a-month session. Considerable important business is to be considered, and Commander Frank Hills has also directed the committee on "eats" to have refreshments ready for a social time after the business meeting. The local post is looking forward to a very good year. Interest in the meetings is being created through noon luncheons to be held on Friday preceding the Tuesday upon which meetings are held. The luncheons are to be held at the Palace of Sweets and will be open to all American Legion members.

INDIAN THEATRE TO OPEN OCT. 15

Hunt's Indian theatre, as the Antlers theatre in Roseburg will be known in the future, is to reopen about the 15th of the month, according to present plans. George Hunt of Medford, owner of the Roseburg theatres, has had the building redecorated in Indian pattern, following the complete remodeling of the interior. The decorations are unique and attractive, the Indian motif being carried out in all of the interior decorations and hangings. A huge Neon sign, bearing the new name of the theatre, is being hung across the street in front of the building today.

The staging used by the painters and decorators in finishing the work in the auditorium is being removed today, and the seats and carpets will be placed this week. Practically all of the work of remodeling has been done, and only the finishing touches remain to be completed.

When finished the new Indian theatre will be one of the most attractive in the state.

**Decorated
for \$3.90**

Isn't \$3.90 a small sum with which to make five every-day articles pleasing with vivid color?

Imagine this hanging shelf painted Chinese red and old ivory, or this tabouret painted in almond green and Peking blue.

It's easy to do with Lustrelac 4-hour Enamel. A small can of each color and a willing brush is all you need.

While you will enjoy doing the decorative painting around your home, for the larger work you are planning you should consult a reliable master painter. He will gladly use a product of the National Lead Company for the work you have in mind.

A colorful booklet showing just how easy decorative painting is with Lustrelac is yours for the asking. Just send in the coupon—then come to us for your paints.
