

SIX
JOBS FOR 1750 MEN
TO BE PROVIDED ON
OREGON HIGHWAYS

PORTLAND, Dec. 13.—A program of the state highway commission for providing upward of 1,750 pick, shovel and wheelbarrow jobs six days a week for three months was outlined today by H. B. Van Duzer, chairman of the commission, to the Association of County Judges in session here.

Van Duzer said that with rotation of labor the work on banks, fills and other construction on highways in every county except Multnomah, will provide jobs for twice as many men three days a week.

He asked that the judges and county commissioners certify to the highway commission lists of jobless residents in their communities who are heads of families and who have dependents. The jobs will be filled from men on these lists.

The work will be done as close as possible to community centers so the men can live at home. The highway commission, Van Duzer said, has expended in the past two years \$22,458,936 exclusive of market road funds. Since its inception in 1917 the commission has expended \$141,922,545, including state, county and federal funds.

On the state highway system of 4,359 miles, 4,019 miles have been improved, leaving only 340 miles to improve.

The county judges today adopted a resolution urging no change in the automotive license and gasoline tax laws.

They also resolved to submit a measure to the legislature changing the remuneration of county commissioners, most of whom are now paid on a per diem basis, to a flat annual salary.

Gram Asks Cooperation. SALEM, Ore., Dec. 13.—C. H. Gram, state labor commissioner, has mailed to the county judges of Oregon detailed plans for the emergency employment movement initiated by a commission composed of Governor Northrup, Chairman H. B. Van Duzer of the state highway commission and Commissioner Gram, which is to be cooperative between the counties and the state.

It is suggested that each county seat or metropolitan organize at once a "general senatorial committee" of delegates from all responsible bodies, including chambers of commerce, service clubs, fraternal and labor organizations, churches and women's clubs, and with the mayor, the county judge and the district state highway officer in the membership. This organization would be in charge of the local movement.

City Loans Advised. Not only county and state highway work are suggested as employment, but also private and city work. It is suggested that a local loan fund, on a 6 per cent basis, be created for relief. It is said that \$100 for four months would carry some families through the winter, and \$10,000 would care for 100 families and keep them out of the charity list. It is estimated that 75 per cent of the beneficiaries would repay the loans.

A quantity of bedding, if necessary, can be furnished by the national guard through the adjutant general. It is said.

SPENCER FIVE TO PLAY GLIDE AGAIN
Spencer's basketball team has hooked a return game with the Glide high school team for Tuesday night at 7:30 o'clock at the junior high school gymnasium. The game is to be open to public. Spencer's defeated the Glide team 21 to 20 in a fast game at Glide last night, the school team leading until the last half-minute of play. Glide has an exceptionally good squad this year, and the local team is looking forward to a very good contest.

Come Into the Kitchen

By ELLA M. LEHR
Christmas Presents From the Kitchen

Good morning, my dears. May I introduce Mrs. Santa Claus? You didn't know Mrs. Santa Claus was married? You didn't? Now, how d'you s'pose the good man always arrives on time, with whiskers neatly trimmed and trousers pressed so carefully—if it wasn't for his wife?

Of course you never met her, for while Mr. Santa is skylarking about she turns his cuffs in the lean years, lays out a clean shirt and has his slippers and the sport page of the "Kris Kringle Chronicle" waiting for his return!

And the remainder of the time, enveloped in a brown checked gingham apron with sleeves rolled to the elbows of her plump little arms, Mrs. Santa Claus spends in her domain—the kitchen—making "thoughtful gifts." Divinity fudge as fluffy and white as the snow banks outside her window—that for the little lavender grandmothers who dream by the fireside, a handy little sewing basket brimful of cookies and quaint little cakes for the little stenographer who'll have her Christmas at home this year, tiny jars of jams and jellies and pickles for the helpless young bride, chewy caramels and chocolate fudge to the college boy—

who can't get home—gingerbread men and funny little cranberry birds for the tiny boy with the practical parents whose kind give "presents" for Christmas instead of "electric trains."

Santa is so thoughtful. Like as not he'd take his grandmother whose type is so nearly extinct—a silver cigarette case, a lap dog for the business girl, a useless golden oak what-not to the young homemaker and a hand-painted rack to the brawny young football man. Sometimes his taste is positively atrocious!

O what would the world do without Mrs. Santa Claus?

For the Sweet Tooth!
Date Roll
(Young men adore this.)
Mix together 2 cups sugar, 2 tablespoons white syrup, 2 cup milk, 3 package pitted dates.

Cook slowly, stirring occasionally to firm soft ball (225 degrees F). Remove from fire. Cool to 110 degrees and then beat until thick. Add one-half to two-thirds cup chopped walnuts and some sliced candied maraschino cherries if desired.

Roll into balls, flatten out on greased baking sheet to make the form. For arms take another piece of dough about the size of first; roll with hands into long strips and place across top of body, pressing edges together. For legs, take large piece of dough and proceed as for arms. For head take a small piece of dough Roll into a ball flatten out and attach to the body at the neck. Make eyes, nose and mouth with currants or raisins. When baked and cooled, bright colored hats, coats and trousers may be made with colored icing or powdered sugar.

Chill Shape or cut in forms of little men, animals, Santa Claus or plain cookies. Bake on greased pan at 375 degrees (moderate oven) for 10 to 12 minutes.

Divinity
Roll together to 249 degrees—2 cups sugar, 1/2 cup white syrup, 1/2 cup boiling water. (The syrup will crack in cold water when it is ready). Beat slowly over 2 egg whites, well beaten. Beat well. Add 1 teaspoon vanilla. When thick pour out on buttered pan. Cut in squares. Chopped nuts and fruits may be added. Brown sugar may be used, omitting syrup.

Date Bars
(These keep indefinitely if hidden.)
Beat well 3 eggs. Add gradually, beating well, 1 cup sugar. Sift together 1 cup sifted pastry flour, 1 teaspoon baking powder, 1/2 teaspoon salt. Add 1 cup chopped dates, 1 cup chopped walnuts.

Combine the two mixtures. Pour out on two pans (10x6 inches), well greased.

Bake at 350 degrees (moderate oven), for 30 minutes. While still warm cut in long narrow strips and roll in powdered sugar.

Brown sugar may be used, or part brown and part granulated.

Two tablespoons citron, orange or lemon peel chopped, may be added.

Gingerbread Men
Sift together 2 cups sifted pastry flour, 1 1/2 teaspoon salt, 3 teaspoons baking powder, 1 teaspoon ginger, 1/2 teaspoon ground cloves, 1/2 teaspoon cinnamon. Beat well 1 egg. Add 2 1/2 cup molasses and 1 1/2 cup brown sugar. Mix with dry ingredients and add 1 1/2 cup melted shortening.

Chill Shape or cut in forms of little men, animals, Santa Claus or plain cookies. Bake on greased pan at 375 degrees (moderate oven) for 10 to 12 minutes.

KIWANIANS VISIT
GLIDE GRANGE AND
ENJOY PROGRAM

The Roseburg Kiwanis club visited Glide grange at the Glide school house last night, there being an excellent attendance of Kiwanians and their families as well as of grangers.

The ladies of the Glide community spread a delicious chicken and noodle supper in the banquet room at the school house, and this was followed by a joint program in the auditorium.

The program consisted of a group of violin solos by Miss Naomi Scott, accompanied at the piano by Fredericka Kershaw, addresses of welcome by Ed Everts, master of the Glide grange, and by John M. Thron, president of the Kiwanis club; a song by the primary class of the Glide school; a talk by J. C. Leedy; whistling solos by Mrs. Howard Prutz, accompanied at the piano by Mrs. Frances Listatt; a play written and acted by the grange, by Dr. Charles Edwards; humorous songs by Guy Belden or Roseburg; piano solo and pianologue by Miss Kershaw.

Following the program Spencer's basketball team of Roseburg played the Glide high school team, furnishing an exciting finish to the entertainment of the evening. The Glide players took the lead in the contest and at the half were ahead 14 to 8. Spencer's players, however, became more accustomed to the unfamiliar floor in the last part of the game and began cutting down the margin, until with one minute left to go the score was 20 to 19 in Glide's favor and the crowd was wildly excited. Just before the final whistle, the Roseburg team dropped in a short basket to win the contest 21 to 20.

OREGON WHEAT MEN
SCORE RAILROADS

HEPPNER, Ore., Dec. 13.—Some criticism of postponement of the effective date of the ordered grain rate reductions to April 1 was voiced here late yesterday by 250 grain growers of the eastern Oregon wheat league.

After a day devoted to discussion of rates, proposed large operation on the Columbia, and the financial situation, the crisis was reached late in the day following the address of Arthur M. Geary, rate attorney of Portland, who announced the postponement of rate reductions.

Geary charged the railroads with juggling accounts and said they are paying substantial dividends and laying by "enormous surpluses."

"Postponement of this rate order to April 1 may mean the difference of solvency or bankruptcy to many grain growers this spring," John Wittycombe, president of the league, declared when Geary concluded.

"In my own case," he said, "the rate saving would have paid my taxes." Now, with the date postponed, all wheat held by farmers will be taxed on March 1 before the new effective date.

"The railroads should realize that unless growers are afforded immediate relief thousands of acres will be abandoned. Then the roads will in turn suffer a falling off of business."

"We must turn to navigation of the river, and that at once, to force relief."

SELTZ FUNERAL IS SET FOR MONDAY

Corthell claims he is a graduate of Harvard and a son of a distinguished Boston family.

A Study in Tears—After
She Drowned Babies

What emotion is bringing tears to the eyes of Mrs. Ida Twaddle, of Philadelphia, after she admitted drowning to death two of her four children? Mrs. Twaddle told police that she committed the crime because she felt that neither she nor her sixteen-year-old husband could give the children the education she felt they should have.

RETURNS \$7500 IN
GEMS; GIVEN \$750

NEW YORK, Dec. 13.—Mrs. Evelyn Marshall Field has \$7,500 in jewels, little Mary Donohue has a \$750 check and the world looks brighter.

Mary is the five-year-old daughter of an unemployed laborer. Her father, Thomas Donohue, returned to Mrs. Field a bag of gems which she lost as she stepped from her car in front of her East 70th street residence. Mary found them in a stroll to Central park. An advertisement located the owner.

The insurance company sent a check to Mary with a compliment for her honesty and a wish for a Merry Christmas.

TWO OTHERS TAKEN
INTO CUSTODY IN
BEESEMYER CASE

LOS ANGELES, Dec. 13.—Starting repercussions were expected as state and county officials settled down today to a systematic and sweeping investigation of the activities of Gilbert H. Beesemyer, Guaranty Building & Loan association official, who early yesterday confessed misappropriating more than \$8,000,000.

Although Beesemyer claimed sole knowledge of and accepted full responsibility for wrecking his company and defalcations of funds of two other firms with which he was connected, another man and a woman were taken into technical custody last night.

Rupert L. Flery, vice president and auditor of the Guaranty company, was taken to jail after he testified before the grand jury, which indicted Beesemyer for grand theft, that for five years he was aware of his superior's misuse of funds. Miss Ethel Flanagan, the firm's head bookkeeper, was sent to a hotel to be held under guard until she could be questioned further. She testified she kept Beesemyer's private books.

Beesemyer's grand jury testimony was given in an hour. He said he had converted \$7,661,792.78 of the Guaranty company's funds to his personal account and used it in private ventures. He was being held under \$250,000 bond.

Investigators said audits of the books of the North American Bond and Mortgage company and the Guaranty Holding Corporation, which companies Beesemyer also said he had plundered, were under way. They said a shortage of \$52,000 was found in the records of the bond and mortgage company.

The guaranty company, in which 25,000 depositors had invested more than \$7,000,000, was placed in charge of Charles A. Whitmore, state building and loan commissioner, whose assistant, Milton O. Shew, discovered the defalcations.

Meanwhile Whitmore and his department were under fire. Governor-elect James Rohlf Jr. said in San Francisco last night he would ask the state legislature to oust Whitmore for incompetency as a result of failure to discover the defalcations sooner.

PEAR TREE YIELDS
LATE BLOSSOMS

W. D. Love, Garden valley fruit grower, was in Roseburg this morning exhibiting a spur from a Bartlett pear tree, bearing blossoms. The pear trees usually blossom in the spring, and occasionally bear two and even three sets of buds, but it is seldom that a blossom is found at such a late season of the year.

HERE'S ADVICE ON
PICKING HUSBANDS
(Associated Press Leased Wire)
EVANSTON, Ill., Dec. 12.—A business girl seeking happiness in marriage will pick a husband who permits her to audit his finances, if the advice of Dr. Edward Lyman Cornell of Northwestern university is followed.
"And," he cautioned the university co-eds for whom he outlined ten "commandments" for a good husband, "if you must live on a budget or an allowance, keep a fund for yourself that you don't have to audit for your husband."
Dr. Cornell, who recently attracted wide attention by advising young business men to marry their secretaries, a nod that they should look for the following in picking a husband:
1—He should allow you to audit his finances.
2—He should be healthy enough to swim 25 yards in 30 seconds.
3—He should be willing to rear children.
4—He should be ambitious and industrious.
5—He should be willing to make you an equal partner.
