

CONTRACT SIGNED FOR SCHOOL BOAT AT SMITH RIVER

Four-Year Agreement at an Increase of \$130 Per Month Signed by School Boards.

(News-Review Douglas County Special) SMITH RIVER, Dec. 12.—Adopting a four-year contract at an increased rate of \$130 monthly, \$100 more than paid previously, the Smith River school patrons settled their dispute Monday at an all day session held at the school house. The high school board had agreed to the new contract, but the directors of the grade school objected to such a large increase. The chairman of the grade school board called a meeting of the patrons, together with the high school directors, at which time the matter was thoroughly discussed.

Representatives of the boat company holding the transportation contract were present, together with Attorneys Wallace Benson and J. H. Austin. Judge Benson presented the law governing the matter, explaining the powers of the two boards to operate independently. The boat company explained its reasons for requiring an increased rate, and when the matter came to vote there were 30 of the patrons who voted for the contract with 10 opposed.

Lunch was served to fifty school patrons and as many students at noon, and the parents, while waiting for the return of the boat, attended classes with their children. A meeting of the parents was held to discuss the matter of serving hot lunches in the school each day, and it was decided that the mothers should take turns, one each day, in providing a hot dish at the noon hour, beginning December 14.

STRIBLING WINS OVER GRIFFITHS IN 10-ROUND BATTLE

BY WILLIAM WEEKS
Associated Press Sports Writer CHICAGO, Dec. 12.—W. L. "Young" Stribling of Macon, Ga., has completed his conquest over the Chicago heavyweight field by a decisive ten-round victory over "Tuffy" Griffiths. As a result he may be recognized, by the national boxing association at least, as the champion of the world.

The fight pride of the south, a 2 to 1 favorite before the battle in the Chicago stadium last night, left no doubt as to his superiority but not without calling upon all the ringcraft gained in more than 200 fights. He won the unanimous decision of the referee and judges. Griffiths fought a clever defensive fight and his left hand, while it inflicted little damage, ruined many of Stribling's maneuvers.

The bout drew a somewhat disappointing crowd of 15,570 spectators who gave up \$88,297.16. Ringside observers credited Stribling with six rounds and Griffiths with three, with one even. The semi-final bout resulted in a six-round knockout victory for Larry Johnson, Negro staminatee of Griffiths, over tough Jack Gagnon, Boston heavyweight.

Twenty-five per cent of the net receipts will be turned over for the relief of the poor and unemployed. Both fighters received 25 per cent of the gate.

STRANGLER LEWIS WINNER ON FLUKE

PRESNO, Cal., Dec. 12.—Ed "Strangler" Lewis, nationally famous heavyweight wrestler, last night barely defeated Dr. Peter Visser, Fresno, in two out of three falls. Lewis won the first fall with a series of flying mares but fell a victim to Visser's airplane spin in the second tumble. Visser again secured the hold for a spin in the third fall, but fell after losing his balance while circling the ring with the giant matman on his shoulders. Lewis fell atop the local grapple, and pinned him for the deciding fall.

CHRISTMAS SEAL SALE NOW NEARLY ONE HALF OF QUOTA

Receipts from the sale of tuberculosis Christmas seals in Roseburg totaled \$23,483 this morning, according to Mrs. John Runyan, city seal sale chairman. The campaign has been in progress for eleven days and will continue until January 1st.

The returns have been coming in much more rapidly during the past three days and indications are excellent that Roseburg's quota of \$500 will be realized by the end of the year.

While the early returns are considered generally satisfactory, officials of the Douglas County Public Health association, which sponsors the sale, are appealing for the cooperation of every section of the county in order to assure the success of the drive.

"Purchase of Christmas seals should not be considered an act of charity but rather as a means of obtaining health insurance for the purchaser and the members of his family," said Mrs. Runyan.

"Tuberculosis, it is well known, is one of the most costly of diseases. Research results show that it cuts two and a half years from the complete expectation of life of every individual under present mortality conditions. If each individual were to add only \$100 to the community wealth each year, tuberculosis would cost the community \$250 per person.

"In reality, however, the economic loss caused by the disease is far greater than this minimum because statistics prove that in spite of the steady decline in the general death rate from tuberculosis, it is still very prominent as a cause of death between the ages of 15 and 44. We know that nearly two-thirds of all the deaths from
