

U. S. GOING AHEAD.  
FINANCIER STATES

(Associated Press Leased Wire)  
NEW YORK, Jan. 13.—In his first public statement concerning business conditions in a year Charles E. Mitchell, chairman of the National City bank, said today "unquestionably this country is going forward."

In his annual message to stockholders he said 1930 was a year of "debt paying on a great scale which necessarily means curtailment of purchases and check up on enterprise."

"But it also means that when this policy has run its course new and sustained buying power will appear in all markets. Gradually the new conditions will make themselves felt. A new state of mind also will be developed, more sane and constructive than that which ruled in the boom period."

"This attitude of mind is likely to be reflected in the bond and security markets even before the industrial recovery is perceptibly under way."

Mr. Mitchell asserted that while at the moment there is little basis for a prediction of speedy recovery, judging by past experience it would seem that "the volume of business has fallen as low as it is likely to go, that replacements may be expected at least to maintain the present level, and that as industries take the measure of conditions with which they have to deal, a general revival of activity will gradually develop."

## VESTAL COPYRIGHT MEASURE PASSED

(Associated Press Leased Wire)  
WASHINGTON, Jan. 13.—The house today passed the Vestal bill to revise the copyright laws. The vote was 185 to 34. The bill now goes to the senate.

It would provide entrance of the United States in the international copyright union, divisible royalties from sales of separate rights of copy, and automatic copyright.

## \$11,369,000 ASKED FOR DRY BUREAU

(Associated Press Leased Wire)  
WASHINGTON, Jan. 13.—Large increases for enforcement of prohibition were included in the supply bill for the justice department reported today to the house. An increase of \$2,369,000 allowed by the house appropriations committee for 500 additional agents in the prohibition bureau resulted in the filing of a minority report by Representative Tinkham, republican, Massachusetts. In all the prohibition bureau was allowed \$11,369,000 for the next fiscal year.
