Auto Runs 59 Miles on Gallon of Gas

Automobile engineers who worked for years in an effort to reduce gasoline consumption have found the solution in a marvelous invention that fits all cars. An actual test made by one of the engineers showed 59 miles on a gallon of gas. Thousands of car owners have already installed this new invention. They not only report amazing gas savings but are also surprised to find quicker pickup, instant starting, smoother running motors and disappearance of carbon. E. Oliver, 999-1133 N. programs in the county. In addition to general material, a number of special subjects will be stressed. On Monday a series of talks for hop growers will be given. Tuesday and Wednesday there will be an extensive program dealing with irrigation, pasture, and irrigated crops. Beginning with Wednesday is a seed meeting that is expected to interest a very large number of people. There is a great deal of material offered of interest to stockmen, dairymen, poultrymen and vegetable growers.

Dr. W. J. Spillman, of Washington, D. C., is to be a special speaker on farm economics. He is principal economist in the federal office of farm management and is known throughout the country as one of the outstanding popular lecturers on this topic.

He has been scheduled for four general assembly lectures to the entire group of farmers who attend the short course. His four topics are: "The Agricultural Outlook Service," "The Statistical Service of State and Nation," "The Dairy and Poultry Situation," and "Adjusting Farm Production to Demand."

Aside from this opportunity to receive first hand a report on national farm economic conditions, farm students at the science school will be able to choose a course of lectures and demonstrations daily that most interests them. As many as four lectures are scheduled per hour, allowing considerable latitude for choice.

G. E. Hyslop, head of the staff committee in charge of the farmers' week, announces that plenty of local accommodations are being provided for the visitors. Many opportunities for special conferences with specialists or with other groups of growers will be afforded aside from the prepared program. No charge whatever will be made for the courses, as neither fees nor tuition will be collected.

LIONS FIVE BEAT CHRISTIANS, 23-19

Rambler's Defeat Faculty and Spencer's Troupe National Guard.

Two exceptionally good games of basketball marked the third round of the city league at the Roseburg senior high school gymnasium last night, furnishing a large crowd of fans with ample excitement. Carl Black and Grant Osburn, former members of one of the Roseburg high school's championship teams, playing together with the Lions club, introduced some of their old-time flash into their contest last night, and proved a menace for the Christians in a see-saw game, which the Lions won in the last minute by a score of 23 to 19.

The Lions took the lead at the opening of the game, but the Christians during the latter part of the first quarter came back strong to nose out the Lions 5 to 4 at the first period. The Lions were leading 14 to 11 at the half, but the Christians tied the score in the third quarter 15 to 15. The church team took the lead in the final quarter and apparently had a victory until the last minute of play when Whipple, Osburn and Black opened up a fast attack, coupled with rough and fast playing on the part of both teams, an succeeded in slipping over three baskets in rapid succession to win 23 to 19.

The third contest, played between the Roseburg Rambler's and Faculty teams, was another whirlwind battle and one of the best games seen so far in the league series, the Rambler's winning 31 to 16. The game was marked by exceptionally close checking on both sides, with some sensational plays mixed through the four quarters. Finlay and Warren, faculty forwards, played an unusually fast game, while Miles for the Rambler's pulled his team out of some tight holes with long-distance shots after having a good deal of hard luck with his shots early in the game. The feature of the contest, however, was the guarding by Britton and Turner for the Faculty and Hull and Robertson for the Rambler's.

The Faculty had a lead, 6 to 2, at the quarter, but by the end of the half the Rambler's had forged ahead 15 to 8. During the middle of the fourth quarter the Faculty, with a fast rally, was within one point of tying the score, 16 to 17, but the Rambler's dropped in three fast baskets to be followed a short time later by another by Koenig, giving the Rambler's a safe margin.

The first game of the evening was a one-sided and rather uninteresting affair between Spencer's and the national guard, Spencer's, the league leaders, winning 55 to 13.

PAPOOSES TO BATTLE EUGENE HOOPERS

The junior high school Papooses will play their third basketball game of the season Friday night at the junior high gym against Woodrow Wilson junior high of Eugene. Coach Warren has been giving his squad hard workouts every afternoon this week, and reports that the boys are showing a great improvement. They broke even in two games with Corvallis, winning the game played at home, and losing at Corvallis, the score being the same in both games, 12 to 10. The Eugene team is reported to be slightly heavier than the Roseburg team, but the local quintet is exceptionally fast for a junior high aggregation, and is gaining in ability daily, so that a good game is in prospect for Friday night.

Grants Pass Next
The Senior high school team is expecting a hard battle Saturday night when Grants Pass high school plays here.
