Good Quality Is Good Economy

Good economy means getting your money's worth. You may pay a very low price and still get poor value for your money. That's not economy! On the other hand, you may pay a somewhat higher price and receive so much extra service and satisfaction that you actually secure greater value. That's the case with Stetson Hats. The fact that more Stetsons are sold than any other hat at any price is ample testimony that when you buy a Stetson you get your money's worth.
