OKLAHOMA CITIES SHAKEN BY BLAST

TULSA, Okla., March 13.—Tulsa and its environs were shaken early today by the explosion of 400 quarts of nitroglycerine stored in a magazine two miles west of Red Fork, near Tulsa.

Scores of windows were broken and thousands of persons were alarmed by the shock. Officials of the American Glycerine company, owners of the explosive, said no watchman was on duty and that no lives were believed to have been lost.

They expressed the opinion a grass fire might have been responsible.

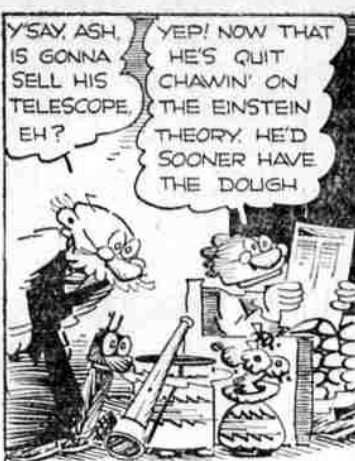

A hole 20 feet in diameter and more than six feet deep was blasted from the earth. Trees near the scene were torn into ribbons. Small bits of the steel house which covered the explosive were found miles distant. The explosion was heard at Vinita, Okla., more than 85 miles away.

SPENCER FIVE AND FRAT MEET TONIGHT

What is expected to be one of the best basketball games of the season is to be played at the senior high school gymnasium tonight by Spencer's against the Theta Chi fraternity team of Corvallis. This game will be staged by veteran basketball players, as Spencer's team is composed entirely of former high school and college athletes, while the Corvallis team is playing four men from this year's varsity, together with stars from the freshman squad.

The game has every indication of being exceptionally fast, and will undoubtedly offer one of the best exhibitions to be seen in the season. Among the fraternity players are Ron Johnson, Rod Ballard, Swan Merrill, Jimmy Hartwell, Jerry Thomas and Bill Gratton, all of whom have been receiving much recognition for ability this year.

The visiting players are to be entertained at dinner this evening at the home of Mr. and Mrs. A. J. Young.
