

TAMMANY'S GRIP ON NEW YORK CITY GETS INTOLERABLE

Charges Against Walker's Regime Cheered at Mass Meeting and Change Is Demanded.

(Associated Press Local Wire)
NEW YORK, March 31.—Mayor James Walker is given 100 days by John Haynes Holmes to enjoy his return to the city.
"Then he will have come to his Waterloo and will have started up on his exile," said Mr. Holmes at an overflowed mass meeting at Carnegie hall last night.
The mayor is due from California Saturday.

The meeting was called by the city affairs committee, which has preferred charges against Mayor Walker. Speakers were Mr. Holmes, chairman of the city affairs committee; Norman Thomas, socialist leader; Heywood Brown, columnist; Dr. Sidney E. Golstein, associate rabbi of the Free synagogue, and Paul Blanshard, executive director of the city affairs committee.

Tammany Denounced
More than 3,000 persons cheered indictments of Tammany. Denunciations were mingled with demands for federal state and city action to relieve unemployment.

"Everything that has happened since the city affairs committee began its agitation against the Walker administration has been a confession of guilt on the part of Tammany," said Mr. Holmes.

"Laughing at its enemies, sneering, scoffing, wisecracking, the Tammany hall gang now is terrified, and is hoping by confession of guilt and promise of reform to secure pardon."

"The administration when charged with corruption, repudiated the charge and defied the legislature to investigate. Now that an investigation has been ordered, Tammany suddenly becomes good and starts cleaning house of its own accord."

"Life Sentence" Asked
Recalling the Tweed, Croker and Murphy days, Mr. Holmes said Tammany stood thrice convicted and he asked a "life sentence."

Mr. Thomas accused Mayor Walker of "running away" from the unemployment crisis and said the city had "robbed the poor by inaction for more than the rich by graft."

Heywood Brown said he had picked a job for Walker which he would give to ex-mayor.

Governor Roosevelt has before him a demand from City Comptroller Charles W. Berry that charges filed against that official be immediately heard. Berry is the third city official to be individually indicted to the governor.

The charges were filed by William H. Allen, director of the institute for public service, who at longed Berry misused the power of his office and was inefficient.

WALKER DEFERS COMMENT UNTIL RETURN FROM WEST
PALM SPRINGS, Cal., March 31.—Mayor James J. Walker is taking a healthy desert tan back with him to New York today. His sunbaths, taken daily since he came west 18 days ago, have driven away the office pallor. He has smoked non-nicotine cigarettes and his glass of milk became a "prop" at all newspaper conferences.

"No more being careless about my health," he said, adding he expects to be in bed each night by 10 o'clock after he reaches New York and that he will leave his office by five in the afternoon.

Mayor Walker received a copy of the charges made against him and his administration from Governor Roosevelt yesterday but is reserving comment on them until he reaches New York.

PEST HUNT STARTED BY GLIDE GRANGERS
The annual pest hunt organized by Glide grangers starts today and continues until the last of June. The hunt is in the form of a contest, two teams being organized and credit being given for the rodents killed during the period assigned for the hunt. George Casebeer is captain of one team and F. Strohecker heads the other. Mr. Casebeer has the territory along the Buckhorn road, along Little river to the bridge south of the Umpqua to the Loren Smith place. Mr. Strohecker's team will cover the territory along the Umpqua on the north side to Little park and to the Franklin Baker place. Each member of the team will be required to report kills to the captains, in writing in table, cards, heads, etc.

The points to be allowed are: cougars 250 points, coyotes 100, bobcats 100, owls 50, crows 25, hawks 50, shrikes 25, rabbits 25, digger squirrels 25, weasels 25.

Jaybirds 10, gophers 10, moles 10, mice 5.
The losing team will be required to furnish a banquet for the winners.

SLIDE MAROONS TOWN OF DETROIT

60-Foot Bridge Drops Onto S. P. Tracks, Resulting in Traffic Tie-Up.

(Associated Press Local Wire)
SALT LAKE CITY, March 31.—Word was telephoned to the county court here today that the town of Detroit in the Cascades and the Breitenbush hot springs are marooned from the outside world by a slide which not only took out a 60-foot bridge on what will be the route of the new Santiam highway, but plunged down an embankment to the Southern Pacific tracks, 60 feet below, according to the telephoned report, tore out a portion of the tracks, tying up both rail-road and highway traffic into the town and the resort. The court immediately ordered the road closed into the mountains.

Another report from North Santiam, this county, was to the effect that the North Santiam river had gone over its embankments at a point not reached by the river for several years and was sweeping over fields and doing some damage in that section.

DOGS SLAY LAMBS ON WINDY CREEK
(News-Review Douglas County Special)
GLENDALE, Ore., April 1.—Sheep killing dogs killed eight lambs belonging to C. S. Henninger, Saturday evening. The lambs were part of a flock that is being pastured on the former Cline place on Windy creek. The dogs escaped without being identified.

Besides being the prey of dogs, Henninger's sheep are the frequent victims of coyotes that apparently have their dens in the nearby hills. During 1927 past year nearly seventy sheep have been killed and lost by the sheepmen on Windy creek. Coyotes are blamed for most of this loss.

A 15-cent bounty on hawks in the lower Rio Grande valley has been offered in an effort to save the quail.

RUPTURE EXPERT HERE
C. F. Redlich, Minneapolis, Minn., will demonstrate to whom he has the unequalled method in
ROSEBURG
Sunday April 5, Hrs: 10-4

at the Umpqua Hotel

Mr. C. F. Redlich says:
The Perfect Rupture Straddle holds the rupture perfectly to maintain what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The object of their success is in their simplicity. An expert adjusted device sends the opening without discomfort or distraction from work. It is practically ever-lasting, sanitary, comfortable and usually holds ruptures which heretofore were considered unrepairable.

Stomach troubles, backache and constipation nearly always a consequence of rupture, promptly disappear.

Bring your children. According to statistics 85% of those by our method.

NOTICE: All whom we have treated during the past ten years are invited to come in for a free inspection.

What puts the fluff in fluffy muffins

It's the millions of tiny bubbles in the batter, released by the cream of tartar in your Baking Powder. Unfortunately, there are cheap substitutes for cream of tartar. They make bubbles too, but not the tiny, fluffy kind. Ask any domestic science teacher or any dietitian. Not every baking powder contains cream of tartar, for the substitutes cost a lot less. Look on your baking powder tin. See if you see the words "cream of tartar" anywhere. It's important!
