ANNUAL MILL AND FACTORY SALES

This is "between season" time for mills and factories. It is their desire to keep their machines going all the time. To do so it is necessary for them to find a large outlet which will dispose of merchandise manufactured during inactive periods. They are very willing to allow tremendous price concessions to an organization like ours which is equipped to handle large quantities of their products.

We have been selected to dispose of huge shipment of merchandise at the greatest sale prices ever offered to the public. You will find selections that are unheard of—and at prices that will positively surprise you. Come to this carnival of bargains tomorrow and buy enough for several seasons.

Sale Starts Friday, April 3rd at 9 a. m.
