

Congratulations

ROSE THEATRE

A community's growing power is measured, in part at least, by its ability to attract investors. If men are willing to spend money in a certain location with the belief that such expenditure is going to bring equitable returns, it is a very favorable sign for the future development of that particular place.

So, we are proud to welcome to Roseburg the Rose Theatre, and to wish great success in this venture to its management, Lloyd Claver and Orville Wood.

These men have shown their faith in the coming Roseburg through the complete remodeling work they have undertaken and carried through to a most successful conclusion.

The Rose Theatre is another worthy tribute to Douglas County and to its future possibilities.
