BOTH CAN AFFORD "*Millionaire Sleep*"—
ONLY 2 1/4¢ A NIGHT

"I am on my feet most of the day," a young housewife explained. "My husband works hard, too. We haven't a lot of money, but we must have the best sleep." She decided on a famous mattress scientifically constructed for sleep.

As she left the store, the salesman who had been waiting on her said: "This very morning I sold that same mattress to one of the richest women in New York."

Both had bought a Simmons Beautyrest Mattress!

All over America the Beautyrest is found in the most modest as well as the richest homes. For it is *not expensive!* Its cost is only 2 1/4 cents a night's rest!

Accommodates all Sleep Positions

Scientific research proved that the Simmons Beautyrest Mattress accommodates every one of the 20 to 45 sleep positions needed for complete rest of the entire body—every nerve, every muscle.

Curl up—Stretch out—Sprawl—No matter how you lie on the

Beautyrest, you are utterly relaxed. The Beautyrest's 837 coils, each in its own individual pocket, freely respond to your slightest movement, give just the yielding support your body needs for complete, undisturbed rest. You turn without resistance. The buoyant, free, "floating" action extends to its very edges.

Awake Refreshed—full of Energy

You awake refreshed! Eyes bright! Face lighted. There is a world of difference between a night of real rest on the Beautyrest and one spent fighting for rest on a hard, sagging or a lumpy mattress.

Your dealer will be glad to offer you a reasonable payment plan.

Beautyrest, \$39.50*... Deepsleep, \$29.50... Box Springs to match... Slumber King Mattress, and Coil Springs at low prices. Ask to see the Ace Spring—the newest coil spring development to provide a proper foundation for inner-spring mattresses. *Hawaii prices slightly higher.

Simmons Company, San Francisco, Los Angeles, Seattle, Portland, Spokane, Salt Lake City. World's largest makers of Beds, Springs, Mattresses, Studio Couches and Metal Furniture.
