SPORTY SHIRTWAIST FROCK MAKES YOU READY FOR SPRING PATTERN 2710

by Anne Adams

"I'm perfect for sports!" says a softly tailored shirtwaist, whose wearer finds it invaluable in shantung, pluge, crash or shirting. "I'm perfect for business!" carols the same frock, whose owner likes her's best in a dark-ground, necktie silk print, with harmonizing scarf, tucked quaintly at the neck. And so it goes, for each interprets this young design to suit her own needs. Such an easy frock to make, too, whether one is experienced or new at sewing, for saddle shoulders present no problem at all, and shirred touches at the bodice are as simple to realize as is the crisply notched collar or the single, returned skirt pleat. Girls, it's a "Must have!"

Pattern 2710 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 3 1/2 yards 39 inch fabric and 1 yard contrast. Illustrated step-by-step sewing instructions included. Each Puff Less Acid A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

Over a period of years, certain basic advances have been made in the selection and treatment of cigarette tobaccos for Lucky Strike Cigarettes. They include preliminary analyses of the tobacco selected; use of center leaves; the higher heat treatment of tobacco ("Toasting"); consideration of acid-alkaline balance, with consequent definite improvement in flavor; and controlled uniformity in the finished product. All these combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.

Luckies are less acid

Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%. RESULTS VERIFIED BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS. Luckies — "IT'S TOASTED" Your throat protection — against irritation — against cough
