OREGON TEACHERS' PAY CLIMBING UP

SALEM, April 11 — (AP) — Thirty-seven public school districts in Oregon have authorized salary increases for teachers for the 1936-1937 school year, while 39 others were planning to do so, bringing the base generally closer to the so-called pre-depression period, a survey by the Associated Press disclosed.

The survey included 105 districts of the first and second class and of union high schools. Only one district in the entire list, Grants Pass, planned a five per cent reduction under the salaries paid this year.

Fifteen districts recommended the same salary base as that paid during the current year, while 10 others planned no change. Three of the districts reporting announced doubt as to what action would be taken.

The increases authorized and planned ranged from less than 5 per cent to as high as 20 per cent. Some districts will pay more than was paid during the pre-depression period, while some this year were as much as 50 per cent lower.

NOISE NUISANCE HIT BY SENATOR GLASS

WASHINGTON, April 9.—(AP)—Senator Carter Glass of Virginia scorns modern devices in his one-man campaign against noises in the capital.

"Look," he snorted with superb disdain, "look what they've sent me—ear stoppers!"

Opening a tin box, he laid out on his desk 10 objects which looked like tiny rolls of pink cotton. With them was a letter from Dr. George C. Ruhland, District of Columbia health officer.

"My dear senator," it read, "may I, as one who is much interested in noise abatement, submit something which I have personally found to be rather satisfactory in dealing with this problem? . . . I hope that its use may also bring you the desired relief."

"If he's joking," said the senator, "all right, but if he's serious then he has certainly hurled an indictment against conditions here."

Senator Glass then launched into a denunciation of many kinds of noises, but principally fire engine and ambulance sirens.

"I've lived in my hotel here for 23 years and in all my life I've never heard such a racket. I don't mind them blowing the sirens when they're going places, but I do object to them shrieking full blast when they're coming back."

The senator said that although he lived on the seventh floor of the hotel the horns almost blasted him out of his apartment.

"I've been trying to figure out why they blow them so much," he philosophized, "and I think I know—firemen must have inferiority complexes."

Asked if he was going to use the ear stoppers, he looked at them, and said:

"No. Even they wouldn't help."

EASTER MESSAGE GIVEN STUDENTS

The Rev. John D. Habbick, who has been conducting special services at the Presbyterian church during the past week, brought an Easter message to students of Roseburg senior high school at the regular weekly assembly program Friday.

Awards to members of the debate squad were presented by Miss Amanda Anderson, coach, the recipients of awards being Frank Wells, Roy Wolford, Lee Wells, Adah Marie Ruhl, Clair Shirey, Jean Geddes, Neva Keller and Bettyjane Dixon.

Much interest was shown in debate this year, with a large number of students turning out, while eight participated in interscholastic contests.

Before the regular district debates, the team had several preliminary matches and also took part in the Linfield college tournament with an excellent showing. Roseburg won the district contest, defeating Eugene high, Springfield, Cottage Grove and Oakland. The team lost its final debate to Dallas, in the western Oregon semi-finals.
