May 28-29 Will Be 'Poppy Days' Poppies will bloom in Roseburg on Friday and Saturday, May 28 and 29, glowing on the coats of remembering Americans in honor of the World War dead. The women of Umpqua Unit of the American Legion Auxiliary will offer the poppies on the streets, giving everyone an opportunity to pay tribute to the war dead and to help the war's living victims with contributions given for the little red flower.

The American Legion poppy not only gives us a means of rendering personal tribute to the memory of those brave young men who sacrificed their lives for America, it also gives us a means of aiding those who also sacrificed but are still within reach of our help. From the annual wearing of the little flower come benefits reaching into every corner of the country and touching the lives of thousands of unfortunate men, women and children.

The vast program of welfare and rehabilitation work carried out by the American Legion and Auxiliary draws its principal support from the poppy. The dimes, quarters and half dollars we drop into the coin boxes of the poppy workers supply the means for local, state and national activities for the benefits of disabled veterans and the families left in need through the death or disability of veterans. The Poppy Day contributions make aid available during the other 364 days of the year to those who still are paying in steady installments the war's bitter debt of suffering and privation.

When we pin our poppies this year, there should come to us all a vision of the part we are playing in the effort to heal the nation's war wounds. We should look upon our poppies not only as flowers of memory for the dead but as flowers of hope for the living.

MUSIC STORE GIVES FIRST KNRN CONCERT

Gross and Hargis, of the Radio Music store, today presented the first of a series of quarter-hour noon concerts from KNRN, featuring Albert Lachelle at the pipe organ, Harry Carlsie at the vibraphone and Sam Moore at the steel guitar. "We are happy to be able to present, under the sponsorship of the Radio Music store, regular noon concerts of the restful but majestically melodious music of the 'Singing Strings' Music of this type seems particularly well suited to noon broadcasts, and the already expressed appreciation of many of our listeners for the work of the 'Singing Strings Ensemble' assures us that the series will prove popular." J. B. Toles, KNRN manager, said today. The "Singing Strings" will be heard each Tuesday, Thursday and Saturday at 12:30. The programs originate in San Francisco.
