

### FARLEY CRITICIZES STEIWER'S SPEECH

#### Senator Reminded of His Support of Certain of New Deal Laws.

WASHINGTON, June 10.—(AP)—Chairman Farley of the democratic national committee said today that the republican keynote address by Senator Steiwer of Oregon failed to square with his own record and that of the Hoover administration.

"There was one great vacuum in the keynote address," Farley said in a formal statement. "Not once in more than an hour did the speaker refer in any way to what happened during the last four years of republican rule in the United States."

He asserted that Steiwer had voted for nine of the first 13 major pieces of new deal legislation, including NRA and AAA.

"If he believes what he told the republican convention, why did he not work and vote in the same way?" he demanded.

The keynote orator made one pledge which he will no doubt regret. He said: "What we have done, we will do."

"The American people are not so foolish as to permit this. They managed to live through the Hoover-republican regime which went out of office in 1933, and under the policies of the Roosevelt administration they have achieved economic restoration. They will not sacrifice this in order to permit the republicans to visit upon them again the terrible scourge inflicted by Herbert Hoover and the party of which he was the leader."

Others Chime In

Similar comment came from some other new deal leaders.

"When the distinguished senator attacked the 'regimentation of business,' did he have in mind the NRA for which he voted?" O'Connor continued.

"When he vehemently denounced the monetary policies of the administration as having brought the country to the brink of inflation, had he forgotten that he voted for the Wheeler 16 to 1 silver bill and the Thomas amendment authorizing the president to inflate the currency by printing greenbacks up to three billions of dollars—an authorization never exercised by the chief executive?"

"Did he have in mind TVA for which he voted?"

Asked at his news conference what he thought of Steiwer's address, Attorney General Cummings chuckled and said:

"I thought as a foray in destructive criticism it was well done. I could say a lot more about it, but I don't think I'd better."

### OREGON GROUP NOT FOR TOWNSEND PLAN

CLEVELAND, June 10.—(AP)—The Oregon delegation to the republican convention voted seven to three today against a resolution favoring the Townsend old age pension proposal.

As a substitute the delegation approved, nine to one, a resolution urging the resolutions committee to adopt a plan favoring old age pensions in a general way.

The old age pension question was raised at a caucus called by Walter Toole of Portland, chairman of the delegation, at the request of C. W. Clark of Beaverton, D. J. Butcher of The Dalles, and H. De Armond of Bend. Townsend members of the delegation.

The resolution proposed by the Townsend faction condemned congress "for the way it treated Dr. F. E. Townsend."

Toole and other delegates who voted against the Townsend resolution contended the delegation should not be placed on record in favor of an "individual" or specific pension program.

The three Townsend supporters said their move was designed to put the Oregon delegation on the "spot."

Butcher was the lone opponent of the general pension resolution.

### WOMAN BITTEN BY RATTLESNAKE

MEDFORD, Ore., June 10.—(AP)—Mrs. Charles Brauch, farm wife of the Butte Falls district, was bitten on the right hand by a rattlesnake this afternoon and rushed to this city for medical aid.

Mrs. Brauch was engaged in placing poison in gopher holes near her home. The rattlesnake, angered by the poison, leaped from the hole, and struck.

The attending physician said the woman was in no danger.

### REALITY INJECTED INTO SCHOOL STUDY

ST. HELENS, June 11.—(AP)—Injection of reality into education in the four primary grades of the John Gumm school here created new interest in reading, 'ritin' and arithmetic in the past school year, said W. B. Schnebey today.

Teachers besides reciting the simple facts of lessons, undertook to bring to their pupils a clearer meaning of the subject by creating it in miniature.

"This a lesson pertaining to Eskimos led the assembly of pictures of the Arctic folk, actual costumes and correspondence with people who had lived with these far-northern inhabitants of the north. A sand table was built to portray a typical scene of Eskimo life and it included a polar bear, clothing, snow, food, scenery and transportation. Finally an igloo was built in the school room.

A first grade group made an imaginary trip to a farm, turning a set of chairs into a train with students describing from their memories country scenes as the train rolled along. At the farm, which in reality was the school room, eggs were collected, chickens counted and milk, cream and honey measured; farm animals were modeled from clay and a miniature farm built.

"Learning by doing is not new but the extension of the doing into a school program has a feature that is noticeable," said Schnebey. "It is all right to get new ideas by hearing and seeing, but the real learning accomplishment is determined when seeing and doing are combined into an activity."

The result is, he said, that children acquire actual understanding from practical experiences and get away from a verbal picture to a concrete view, at the same time stimulating creative impulses and imagination, and heightening their interest in lessons.

### SCHOOL BAND OFF FOR ROSE FESTIVAL

The Roseburg school band entertained this afternoon for Portland where the youthful musicians will play Friday morning in the floral parade, one of the principal events of the Portland Rose festival.

A large crowd of enthusiastic Roseburg residents and out of town visitors saw the 104-piece band parade yesterday afternoon and were greatly pleased by the appearance of the organization.

The new, sparkling gold helmets which top off the uniforms for this season, enhance the band's colorful appearance on parade.

Hotel quarters have been secured for the boys and girls at Portland tonight. They will have a few hours of free time to enjoy the festival Friday afternoon, following their parade and prior to the time of their departure.

Director and Mrs. J. D. Gillmore, Mrs. Horace Berg and Mr. and Mrs. H. H. Turner will accompany the band. Mr. Turner has been instructor of marching formations and will parade with the band as drillmaster Friday morning.

### GRANGERS ENJOY LIVELY PROGRAM

An interesting program marked the meeting of Evergreen Grange Monday. George Thomas, worthy master, presided over the business session at which an invitation from Tenmile Grange to join in a carnival dance was read and accepted. Plans were made for a "sock supper" to be held at the grange hall July 13. The event will be open to the general public.

A talk by Earl Pickens on fraternal activities; a fish story by Ruby Baker; a comic reading by Susie Winston and other features were presented in a program arranged by Vera Rice, lecturer.

Emery Baker and George Thomas were elected captains of two

### LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes

Nature put over 15 miles of tiny tubes and filters in your kidneys to strain the waste matter out of the blood. Kidneys should pass 3 pints a day and so get rid of more than three pounds of waste matter.

When the passing of water is scanty with smarting and burning, the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste matter, your body may take up some of these poisons causing serious trouble. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and help the kidneys to flush out 3 pounds a day.

### INJUNCTION PUT UP TO SUPREME COURT

PORTLAND, Ore., June 11.—(AP)—Circuit Court Judge Crawford turned over to the state supreme court the question of the validity of temporary injunctions restraining picketing at three Portland automotive concerns. He granted a defensive motion for such action.

Sixty-nine more pickets were arrested yesterday, bringing to 155 the total detained and released on their own recognizance.

They were charged with contempt of court.

Judge Crawford said no action would be taken against the arrested men pending the decision of the higher court on the injunction.

Several hundred automobile mechanics struck for higher wages and union recognition a month ago. Three Portland firms obtained temporary injunctions against picketing by establishing there was no dispute between them and their employees.

"There goes a bearing," said Glenn Morrow, of Massillon, O., when his motor cracked and banged as he stepped on the starter. But when he touched the hood, he found a blacksnake twisted around the fan, its tail cracking the sides and the top of the hood as the fan whirled.

### MUSIC FEDERATION OF OREGON ELECTS

PORTLAND, Ore., June 11.—(AP)—Kate Dell Marden of Portland headed the Oregon Federation of Music clubs as president today, and Mrs. Ward C. McLain of Eugene will be vice-president for the following year.
