

17-INNING GAME WON BY OAKLAND

Seattle Again Supplanted at League Top; Beavers Trim Sacramento.

(By the Associated Press.) Oakland's Aacorns, the best "money" team in the coast league, came from behind to beat Seattle 8-7 in the 17th inning and go back into undisputed leadership of the circuit.

LaRoeca, after only 48 hours rest, usurped the hero's toga by blanking the Indians in the last nine innings of the longest game played in the league this season.

LaRoeca's single in the 17th brought Anton home with the winning run.

LaRoeca allowed only four hits and no runs, which gave him 18 scoreless innings against the tribe this week in two games separated only by one day.

Oakland staged a typical comeback after seemingly being beaten going into the ninth chucker. In this inning they scored two runs to tie the score.

Beavers Win. In other games the Angels and Beavers won close contests, the Los Angeles from the Missions, 5-4, and the Portland Beavers from Sacramento, 2-1 in ten innings.

San Francisco lowered the batting hit boom on San Diego to win, 15-2. Catcher Brucker's home run in the tenth spoiled a nice pitching performance for Rookie Bill Seltsch at Sacramento, and brought the Beavers into the 500 fold again.

Likewise, Pitcher Salverson's home run ruined the Missions, and even as ninth inning uprising couldn't save the game.

Teams cannot be content with staying in the first division if they have permanent aspirations. President W. C. Tuttle has ruled that the team finishing first is the champion, and the Shaughnessy plan play-off is just for the marbles—in this case—\$7,500.

CHICAGO CUBS WIN 9TH STRAIGHT GAME

(Associated Press Sports Writer.) With a winning streak that has already extended to nine games, and has carried the league champs from fourth to second place in the National league race this week alone, the Chicago Cubs are in a large way on the road to duplicating that 21-game Chicago landslide of September, 1935.

They made it nine in a row yesterday by selling their biggest score of the season, 17-1, over the Boston Bees, as Carleton pitched eight ball, the ninth straight time a Cub hurler has gone the route.

The victory did not reduce the 3 1/2 game lead of the first place Cardinals, however, since the gas house gang nosed out the Phils 3-2 in the 11th on the strength of Collins' homer. The Pirates also stay ed in the third of the race, just back of the Cubs, by winning their sixth straight with a 3-2 margin over the slipping New York Giants, as Swift handed Unhbell his first loss in six starts. The Dodgers and Reds were idle.

The Yankees stretched their American league lead, meantime, to three full games by outgunning the Cochrane-less Detroit Tigers 6-3, while the second-place Red Sox were rained out. The setback dropped the world's champions, from third to fifth, moving the idle Cleveland Indians to third, while the Senators, behind Newsom's five-hit, shutout hurling, came up to fourth with a 6-0 edge over the White Sox.

STANDINGS in the Majors and Coast League

Table with columns for Team, L, Pct. for COAST and NATIONAL leagues, and AMERICAN league.

Visiting Here — Harry Haulon, Jr., of Portland, has arrived here to attend the weekend visiting friends. His father was formerly in the poultry business in this city.

"I Christen Thee 'Phantom Ship'"

—Kennel-Eliza Photo. Christening of the motor coaches, "Phantom Ship" and "Wizard Island," by Anna Hamma of Redding, Cal., and Helen Wadleigh of Salem, Ore., inaugurated the tourist season opening of Crater Lake national park. The ceremonies were witnessed by girls from tourist information bureaus of both states, who were in Klamath Falls at the time for their annual touring party as guests of the Klamath county chamber of commerce.

CHILDREN RULE IN ROSE FETE PAGEANT

Colorful Junior Festival Wins Plaudits of Huge Portland Crowds.

PORTLAND, Ore., June 12.—(AP)—Excited children, 50,000 strong and eager to prove that "you ain't seen nothin' yet," took over the 28th annual Rose festival today.

After three record-breaking days in which their elders set the festival off to a flying start, the children put on their Junior Rose festival and crowned their own queen, Barbara Speight, six-year-old blonde.

With 20 junior bands, three drum and bugle corps, a baby show and 11 other divisions forming a parade, the children marched through the downtown streets while another great throng of spectators lined the sidewalks and applauded. There was one adult group represented, the Royal Canadian Mounted police. The children demanded it.

Legend in Realism. The beautiful rose-trimmed floats, which marked the senior parade yesterday, were missing but the children made up for that in pep, precision and excitement. In boy Scouts, characters of the comic strips, Mother Goose figures, movie stars and other legendary figures of a child's kingdom were portrayed for the amusement of the spectators.

Taught, the parents move back into possession of the festival, with the Royal Canadian Mounted police making their last appearance upon their musically-trained horses at Multnomah stadium, and the red and white-suited band of the American Falls, Idaho, high school, will provide a special concert.

Tomorrow the festival is divided between the ski races on the slopes of Mt. Hood, marking the first summer winter sports carnival in northwest history, and a carnival services in the Rose bowl.

Indiana Take Part. A whooping band of Walla Walla Indians from Pendleton transformed the beautiful spectacle of the stadium into a true western picture last night, with Charley Burke, Chief Patawa and McKinley Williams leading the braves in native dances.

The only hitch in the program came when Williams, despite all his pelating, could get nothing but negative headlines out of his three-year-old son when he wanted him to dance.

NEW DEAL TO BE FOUGHT WITH VIGOR

Continued from page 1. The leaders were more intent upon harmony among themselves. The result surprised them.

Today a question was whether this spirit of unity would prevail throughout the party; or—as the torch silence, the 3500 disaffection of the nation today, distrust hinted—would liberal-conservative differences in the party be as marked in this campaign as in the past. The democratic course naturally will be a factor.

In his reply to congratulations from Landon, Knox recalled the 1912 days when both of them were Bill Moenars against William Howard Taft and Woodrow Wilson.

Both political and economic conditions," he said, "call for a display of the same great qualities which endeared us both to Theodore Roosevelt."

The brown bombers handlers, moreover, are so confident of victory over Schmeling that they already are planning his camp for his heavyweight championship shot against James J. Braddock.

"We didn't sign up the other day because we think Joe rates more than the usual challenger's cut," said John Roxborough, his co-manager. "Frankly, I am confident the fight between Braddock and Louis will come off in September."

EXPERTS CONFIDENT BOMBER WILL WIN

Victory Over Schmeling in Four Rounds Predicted For Joe Louis.

By PAUL MICKELSON (Associated Press Sports Writer.) LAKEWOOD, N. J., June 12.—(AP)—Fight experts finished their search for Joe Louis' shortcomings today with the same old result.

Not by any stretch of imagination can they figure how Max Schmeling, as courageous a man as he is, can beat the brown bomber.

The experts have written thousands of words about Louis' excess weight, his apparent lethargy during training, and his over-confidence. Yet, when they get all through and match his shortcomings with those of the stolid Teuton, they invariably wind up with: "What's the use of talking? Louis will beat him within four rounds at the most."

Louis, 22 years old against Schmeling's 30, is overweight, but his trainer, Jack Blackburn, points out that the brown bomber still is growing. However, Blackburn promises Joe will weigh no more than 195 pounds, his ideal fighting weight, when he meets Der Maxie next Thursday night. As he loafed yesterday Joe scaled 198.

Develops His Rights. Other experts have claimed Louis will be a "sucker" for Schmeling's right. But the truth is he doesn't rate to be because he has been developing his own right to deliver a terrific uppercut. His left, says Blackburn, is so good it can afford to take a few days off.

Louis himself has burst the bubble of over-confidence. His workouts have been even more vigorous than those of Schmeling, who goes about his work with less capable sparring partners.

The brown bombers handlers, moreover, are so confident of victory over Schmeling that they already are planning his camp for his heavyweight championship shot against James J. Braddock.

"We didn't sign up the other day because we think Joe rates more than the usual challenger's cut," said John Roxborough, his co-manager. "Frankly, I am confident the fight between Braddock and Louis will come off in September."

MARTIN FIRM ON RELIEF FUND EDICT

Continued from page 1. so many things. But we are so far away from our markets. I want to develop industry. I want to develop mining in the east and south of Oregon. Industry will absorb our agricultural products."

The industries stressed his stand in favor of a huge industrial area in the Bonneville dam sector of the mid-Columbia.

"What's all this talk that we should not build this center because it will make other states jealous?" he asked. "Well, I hope it makes San Francisco, and Los Angeles so jealous they will curse every time they even think about us."

Governor Martin stressed his belief that roads are necessary to development and commended the state highway commission for its work. He said road projects should be divided equitably and justly on the basis of need and commented "I don't think that Wolf creek (Portland-to-sea short route) should step in and unbalance things."

The governor and members of the state highway commission are on a tour of Oregon and connecting highways. Following the trip to Caldwell, Idaho, today, they are scheduled to go to Reno, Nevada, Sunday.

LIQUOR FUND TURNOVER MEETS OVER-DRAFTS

SALEM, June 12.—(AP)—The state liquor control commission today turned over an additional \$100,000 to direct relief from its reserve fund to take care of all over-drafts and the "floating" checks against the fund, it was announced today by the executive department.

Payment of the money, the office stated, eliminated the need of issuing certificates of indebtedness which Governor Martin had refused to sign several days ago when he stated the expenditures for direct relief would be regulated by the cash income of the liquor control commission, which has been set aside for that purpose.

Following the governor's refusal to issue \$200,000 certificates, he ordered the liquor commission to turn over \$150,000. This fund was found inadequate to take care of the outstanding checks for direct relief and State Treasurer Rufus C. Holman yesterday sought to have the governor change his policy and issue at least \$100,000 in certificates.

AT GOVERNOR'S REQUEST

Today, however, upon learning the liquor commission still had \$426,521 in its reserve fund to take care of invoices, the governor requested an additional turnover of \$100,000. This was done and the money will be available Monday for the overdrafts and other outstanding checks.

The state law, Holman pointed out, made it mandatory upon the governor and secretary of state and state treasurer to sign certificates of indebtedness when the relief funds were exhausted. Secretary of State Snell took no active part in the matter, he said, because no certificates had been presented him for signature.

Overdrafts of the liquor fund to day approximated \$24,000. New Policy Ordered Governor Martin today tele-

NEW CCC UNIT NOW AT DIAMOND LAKE

Company 979, formerly of Camp Bradford, is now fully established at the Diamond lake CCC camp, according to word received here from the lake. The transfer of men was completed Tuesday, and the company has now been completely settled in the new location.

Advance work was done by Lieut. R. Under and a staff of 40 men, while the evacuation of Camp Bradford was directed by Captain C. D. Wallace, commanding officer.

Leslie Edge is in charge of forest projects at the Diamond lake camp and is assisted by Robert Carlson.

One of the principal objectives of the Diamond lake crew is the extension westward of the Diamond lake section of the North Umpqua road.

The Steamboat crew is working toward the east, while the Diamond lake company will work west from Big Camas. About 18 miles of roadway remains to be graded, with a great deal of hard construction in the Copeland creek section.

The Diamond lake crew plans to work double shifts on rock crushers and road surfacing.

June 20 the CCC federation of the Medford district will meet at Diamond lake. This will be a joint conference of army officials and supervisors of all national forest camps in the Medford district.

The new camp was inspected this week by Major G. Owens, commanding officer of the Medford district.

BONUS BONDS TO ARRIVE JUNE 16th

Continued from page 1. veterans arrived here today, two days earlier than expected.

Postal clerks will work tonight and Sunday to prepare registration lists and the first bonds will be delivered in the city Monday afternoon. Carriers will work overtime Monday night to deliver bonds in residential areas.

The first shipment totaled 6,000 bonds and it was estimated about 5,000 more will be distributed here. About 17,000 will be distributed over the rest of the state.

It was presumed that shipments to other Oregon cities either had reached postoffices today or would arrive there by Monday, insuring delivery of the bonds by mid-week.

The bonds can be delivered only to the veterans, who must sign for them personally. To cash them, veterans must present them at the postoffice and prove ownership, after which the bonds will be accepted and checks mailed.

KLAMATH FALLS, June 13.—The bonus bonds arrived in Klamath Falls today ready for distribution next week. It is estimated that 1500 war veterans in Klamath county will collect about \$702,000.

TOWNSEND OUT TO DEFEAT ROOSEVELT

ST. JOHNSBURY, Vt., June 13.—(AP)—Eventual "junking" of both major political parties in favor of a "humanitarian program" in America, is envisioned by Dr. Francis E. Townsend, old age pension advocate.

Townsend arrived here last night to open what he described as a national campaign for "any one but Roosevelt."

He was accompanied by Gerald L. K. Smith, share-the-wealth promoter and former lieutenant of the late U. S. Senator Huey Long of Louisiana.

In a statement in which Smith concurred, Dr. Townsend said they thought they might have to sponsor an independent candidate for president "to give the people an opportunity to vote the way they desire."

He said he was determined to defeat "the Roosevelt-Farley combine."
