Farley Sounds Party's Battle Cry for New Deal

Editorials on the Day's News

By FRANK JENKINS
A. ROGERS, of the Portland staff of the Federal Land bank of Spokane, who spends considerable time in southern Oregon, tells an interesting story of the spread of the growing of canning peas up in the Umatilla wheat country.

They seem to be going into this new crop (new for the wheat country, that is) on an extensive scale. At least, Mr. Rogers mentions one grower who has 4300 acres this year.

That is a good sized pea patch in any country.

NOTE, please, that these are CANNING peas—not field peas. They have been growing field peas in Idaho on a large scale for years, and some experiments have been made with field peas over in the Klamath country, under the direction of George J. Cannon, agricultural agent of the Great Northern railroad.

THE REALLY interesting feature of this Umatilla canning pea enterprise is the fact that the crop is handled almost entirely by machinery.

At exactly the right stage of ripeness, the pea vines are cut off at the ground, much as hay would be cut, and are hauled immediately to the huller. This is an interesting machine whose existence few people suspected.

It consists of a large outer drum, into which the pea vines are fed. Inside this drum are paddles revolving at a fairly high rate of speed, and these paddles spank the pea pods and break them open, permitting the green peas to drop out. They collect in a trough at the bottom, whence they feed down by

LOGGERS WIN PAY RAISE, 40-HR. WEEK

PORTLAND, Ore., June 23.—(AP)—Peace returned to the Columbia logging district today with the signing of an agreement to end a seven weeks' strike.

The new working agreement, which provides establishment of an independent hiring hall and general wage increases of 7 1/2 per cent, affects 10,000 mill and woods workers.

The workers voted 2647 to 2615 in favor of returning to work in the second election on the question. The first vote was cast aside because of irregularities.

A 40-hour week, Sundays and holidays off and a ban on strikes or lockouts during the life of the agreement, which extends to March, 1937, are provided.

Charles H. Gram, state labor commissioner who supervised the balloting and will supervise the hiring hall, said he would begin today to lay the foundation for the hall but would confer with workers and employers "before any definite action is taken."

The hall will be in Portland.

Prunes Head List of Exports of Dried Fruits From United States

SAN FRANCISCO, June 23.—(AP)—The United States exported \$23,875,668 worth of dried fruit last year, and San Francisco accounted for more than \$18,000,000 of it.

The country's dried fruit exports, as tabulated over a period of years by Stanton and Berry, ocean freight brokers, run from 45 to 59 per cent of production. This makes foreign marketing, the firm pointed out, a matter of prime importance to the industry's prosperity.

Prune exports headed the list, with the nation's total 98,564 tons valued at \$9,411,063. This compared with \$5,625 tons in 1921, valued at \$9,809,165. San Francisco accounted for 49,388 tons worth \$6,694,820 last year, and 61,841 tons bringing \$7,183,881 in 1934.

Dispensers Elect, Frame Principles

ALL PRESENT OFFICERS KEEP THEIR POSTS

Strengthening of Business Regulations Object of Program to Be Sent to Legislature.

By unanimous vote, delegates to the second annual convention of the Oregon Food and Beverage Dispensers association re-elected all their officers and trustees at noon adjourned their two-day session to meet next June at The Dalles, Salem or Astoria, which have made strong bids for the 1937 gathering.

Choice of convention sites and the dates have been left to the discretion of the organization's trustees and will be made at the next regular meeting of the governing body.

Those elected were Ernest H. Aebi, Portland, president; A. C. Lunsford, Myrtle Creek, John McKenzie, Portland, Thomas Hill, Salem, and J. W. Adkins, The Dalles, as first, second, third and fourth vice-presidents respectively; F. H. Suss, Portland, secretary.

Trustees chosen were Betty Ironside, F. Gerber, John McKenzie, H. Barry, Jamie Kempton, Charles Holtzner, J. P. Hollingsworth, F. H. Suss, Max Kristof, Dan Thomas, Portland; W. A. Rapp, Roseburg; G. E. Fitzgerald, The Dalles; E. Moore, North Bend; C. G. Miller, Salem; C. J. Grabb, Baker; William Eagles, Albany; Wm. Sheehan, Pendleton; M. Lavenick, Klamath Falls; George N. Baer, Bend; M. D. Fitzgerald, Langridge, L. D. Leighton, Newport; P. Patterson, Tillamook; R. Mullin, Oregon City; H. Thiel, Astoria; Ace Findley, Eugene; C. W. Fredette, Medford; W. Brook, Grants Pass.

To the present board of trustees, the convention today decided to add five additional trustees to represent various parts of the state now unrepresented, these to be chosen by the present board.

This afternoon President Aebi will leave for Medford for a special meeting of Medford members of the O. F. B. D. called for 7:30 to-night.

May Rescind Resolution

Although no official action was taken today, it was hotel lobby gossip among delegates that the trustees will be asked by members to reconsider the resolution recommending legislative action for limitation of beer taverns to one for each 750 population in incorporated towns and cities. Reconsideration will be asked, it is reported, on the grounds that a motion to kill the resolution as adopted here to-night.

AUTO-TREE CRASH COSTS TWO LIVES

PORTOLA, Calif., June 23.—(AP)—The death of Walter Bacon, 27, recent graduate of the Minnesota School of Mines, today brought the fatalities of an automobile accident near here to two.

Bacon died yesterday. William Carpenter, mine carpenter, whose home was in Corvallis, Ore., was killed when their automobile hit a tree Sunday on the road to the Walker copper mine where they were employed.

Philip Woodward was still in a serious condition.

Oddities Gleaned From Day's News

How Often Spinach?

SACRAMENTO, Calif., June 23.—(AP)—Parents who require their children to bathe only once every two weeks are not neglectful, Superior Judge Martin L. Welsh ruled here in awarding William P. Smith part-time custody of his son, William, Jr.

"I will remember that it was not so long ago in Sacramento that nobody took a bath often than two weeks," the judge declared.

Proper "Training"

ROME, Ga., June 23.—(AP)—Brownie knows his train schedules but his interest in the iron horries is purely gastronomic.

Brownie is the station dog and he pays no attention to local trains which carry no diners, but always is out by the tracks to greet the fast trains and beg for handouts.

His five years of well-fed residence in the station are tribute to the success of his system.

Hoppers Eat Shirts

MANHATTAN, Kas., June 23.—(AP)—Four young men doing pasture research near here for the Kansas State college agronomy department came home with holes in their shirts and the following story.

They took off their shirts to work in the field, returned two hours later and found grasshoppers had chewed holes "as big as dollars" in the garments.

Fate Plays Dentist

KANSAS CITY, June 23.—(AP)—A bus flew into the eye of Jesse Hartzell and saved him a trip to the dentist but cost him a trip to the hospital instead. He lost control of his car and struck a parked truck.

The collision knocked out several of his front teeth, which his wife had been urging him for weeks to have extracted.

F. R. TO PUSH SALE BONNEVILLE POWER

WASHINGTON, June 23.—(AP)—Senator McNary said today President Roosevelt proposes to proceed with negotiation of contracts for sale of power from Bonneville dam on the Columbia river despite the failure of congress to enact enabling legislation.

"He proposes," McNary said, "to arrange a temporary set-up to negotiate contracts for sale of power, subject to consummation upon enactment of a Bonneville power bill by congress at its next session."

The senator added he had talked by telephone with the chief executive today.

A white house conference next week will prepare the groundwork for negotiation of the contracts, McNary said.

The Bonneville power bill which divided with congress' adjournment would have divided administration of the Bonneville project between the war department and the federal power commission, with the latter acting as the rate-making authority. It also would have vested in the commission the right to fix basic rates for power on all other federal power projects. Failure to enact the enabling legislation was "not at all fatal, especially in view of the president's present intentions to proceed with the negotiations for sale of power."

SCOUTS BEGIN TREK TO DIAMOND LAKE

Ten members of the Boy Scout troop sponsored by the Presbyterian church left yesterday on a trip to Diamond lake. They were taken by forest service truck to Tiller and Camp Comfort and will thence take the South Empqua trail to Big Camas and hike from that station to Diamond lake.

The hike is being led by E. S. Hall, scoutmaster.

Boys making the trip are Charles Scofield, Bob Bellows, Bert Shoemaker, Donald Starnier, James Finlay, Tony Branson, Melvin Agee, Edward Hines, Bob Harris and Earl Wiley.

RELIEF WORK RULES ISSUED BY WPA CHIEF

Wages Unchanged, Bonus No Barrier to Vets' Help, Illegal Foreigners Get No Jobs.

WASHINGTON, June 23.—(AP)—Harry I. Hopkins, the works progress administrator, directed state WPA administrators today to continue the present \$19 to \$24 monthly "security" wages.

Armed with most of the \$1,425,000,000 relief appropriation signed into law by President Roosevelt yesterday, Hopkins ordered a number of changes in work relief regulations.

Three important changes, the first two required by congress, were ordered as follows:

1. Need of veterans for relief should be determined without taking into consideration payment of the bonus.
2. Aliens illegally in the United States shall be barred from work relief jobs, and administrators "shall make every reasonable effort consistent with prompt employment of the destitute unemployed to see that such aliens are not employed, and if employed and their status as aliens is disclosed, they shall be discharged."
3. WPA workers no longer will be paid for time lost because of weather conditions or temporary interruption in operations of projects, but "shall be allowed every reasonable opportunity to make up the lost time in that month or the succeeding month."

Requirements Eased

The WPA field staff was given responsibility for selecting workers.

Hopkins continued the requirement that 90 per cent of WPA employees be taken from relief rolls. He omitted the previous requirement that a person must have been on relief before November 1, 1935, in order to get a WPA job.

Hopkins directed the state administrators to determine the prevailing hourly wage rate in each community so as to fix the sum

Capone Wounded BY FELLOW "CON"

WASHINGTON, June 23.—(AP)—The justice department said today that Al Capone had been "slightly injured" when struck by a pair of scissors by James C. Lucas, a prisoner from Texas serving 20 years for bank robbery.

Lucas wounded Capone in the back, the official report said, adding:

"The guard at once intervened. Lucas was placed in solitary confinement. Capone went to the institution hospital, where the assistant medical officer examined him and reports that the wound appears superficial."

"Lucas gave as his motive for the assault his belief that Capone had informed against him."

Prison officials previously had indicated that Capone had been a "model" prisoner during his four years in the island penitentiary. Rumors of antagonism against him among other prisoners have been heard at various times, but officials heretofore had never confirmed them.

Capone was sentenced to eleven years in the penitentiary for violation of income tax laws. He applied for a parole last fall, but the application was denied.

LEGION POST NAMES RALLY DELEGATES

PORTLAND, June 23.—(AP)—Rose City post No. 35 of the American Legion elected George Taylor commander last night to succeed Carl Shoemaker.

Delegates elected to the state convention at Roseburg in August were: Shoemaker, Taylor, Earl I. Cook, Ben Fleischman, Levin and Robert Brown.

ROOSEVELT'S NAME GOES ON NEW TAX BILL

Program Expected to Raise 800 Million; Taxes From Incomes Revealing Large Increase.

WASHINGTON, June 23.—(AP)—President Roosevelt today signed the new tax bill and the \$100,000,000 interior department appropriation bill.

Signing of the long controverted tax measure, designed to raise \$800,000,000 through a sweeping revision of corporate taxes and other levies, cleared the president's desk of major legislation passed by the congress just gone home.

The tax act, a compromise between the house and senate, sees a long way toward carrying out suggestions by President Roosevelt for stiff levies on corporation income withheld from stockholders. Advocates of his suggestion contend it will force corporation income into the hands of stockholders, where it will be subject to individual income taxes, while opponents argue it will be harmful to corporations in need of surplus.

The yield of the measure has been estimated by senate and house conferees as follows:

New corporation tax system, \$650,000,000.

Changes in taxation in cases of liquidation of corporations, \$33,000,000.

Tightening of law applying to taxation of "irrevocable trusts," \$20,000,000.

Reduction of tax exemption of intercorporate dividends \$10,000,000.

Import taxes on fish and vegetable oils, \$100,000,000.

"Windfall" tax on persons who avoided payment of AAA process.

NSF MAN GIVES UP HOLDUP PROGRAM

PORTLAND, Ore., June 23.—(AP)—James Palmer, 32, surrendered at police headquarters and confessed he intended to hold up persons with a sawed-off shotgun to obtain funds to cover N. S. F. checks he was writing. Deputy District Attorney John R. Collier said today.

Clarence Jorgensen of a fire concern signed a warrant charging Palmer with obtaining money under false pretenses by writing a \$15.83 check. His bond was set at \$5,000.

Palmer said he talked it over with his wife and decided to give himself up.

FROM THE HEADLINES

By Deacon Richmond

"Joe Louis Kayoed by Max Schmeling"

The Deacon, as a prophet, didn't do very well; but everyone seems puzzled by the outcome that befell Schmeling money all went begging. Till the odds were out of sight, but a hundred million people, I thought agreed, may not be right.

Joe, himself, felt very certain that four rounds would do the trick and he'd then go home to dinner, leaving Schmeling very sick; and the doughy German warrior didn't seem so very certain that he'd still be in the ring, when they called the final curtain.

The prophets of the prize-fights and the prophets on the weather have a lot of things in common and they ought to get together; if they prophesy some sunshine, and get a load of rain, they have just as much assurance when they prophesy again, so, when we pick a favorite and see a dark horse win, we'll just shake out our mantle and prophesy again.

JOHN JACOB ABEL PASSES ON AT 67

John Jacob Abel, 67, was found dead yesterday near his home on East Lane street. Death had apparently resulted from a heart attack, and he had been dead for several hours before the body was found.

He was born July 4, 1868, in Buffalo, Minnesota, and was married to Glendine, Montana, July 2, 1928, to Miss Annie Parslow. He and Mrs. Abel came to Roseburg in November 1930. He was a member of the Masonic lodge at Buffalo.

Surviving are his wife, two sisters and six brothers, Mrs. Emma Lalo, Monticello, Minn.; Mrs. Anna Cooken, Buffalo, Minn.; Albert, Niles, Fred, Edward, George and Will Abel, all of Minnesota.

The body has been removed to the Douglas funeral home. Funeral arrangements will not be made until after word is received from relatives.

COPCO TO PAY UP DEFERRED INTEREST

SAN FRANCISCO, June 23.—(AP)—California Oregon Power company will pay dividend accumulations for the final quarter of 1934 and the first 1935 quarter on the 6 and 7 per cent preferred stocks on July 15.

The company declared two dividends of 7 1/2 cents a share each on the two 6 per cent stock and two quarterly payments of 8 1/2 cents on the 7 per cent preferred. Payments will go to stockholders of record June 30.

ELECTRICITY KILLS FARMER AND SON

YAKIMA, Wash., June 23.—(AP)—Clarence Jenks, 60, Sunnyside rancher, and his son, Stanley, 30, were electrocuted today while they were preparing to move their hay derrick, which came in contact with a high voltage wire.

CONVENTION TOLD ISSUE IS CLEARCUT

Chairman Says GOP Nominees Backed by Liberty League and Allies.

Foes Should Have Chosen Either Hoover or Borah to Prove Sincerity, Farley Asserts.

PHILADELPHIA, June 23.—(AP)—With an assertion that the sole issue of the coming presidential campaign was the continuance of the new deal, Chairman James A. Farley of the democratic national committee today opened his party's national convention.

To this he added a lashing attack upon both the nominees and the platform of the republican party and a charge that they were the product of an effort to appear conservative in the east and liberal in the west.

"Behind the republican ticket," he added, "is the crew of the Du Pont Liberty league and their allies, which have so far financed every undercover agency that has disgraced American politics with their appeals to race prejudice, religious intolerance and personalities so gross that they had to be repudiated even by the regular re-

JOHN F. STRADER OF OAK CREEK DIES

John Franklin Strader, 74, life-long resident of the Oak Creek district, east of Roseburg, died at his home Monday night following a long period of ill health.

He was born at Oak Creek, November 5, 1861, the son of John and Mary Strader, who crossed the plains from Missouri to Douglas county in 1852. His entire life was spent on the domain land claim upon which he was born.

He was married, October 5, 1892, to Lillie Ann Ward, daughter of the late Frazier and Mary Ward, who were also early settlers in Oregon, coming from Missouri in 1851 to settle at Melrose.

Surviving are the wife and the following sons and daughters: Roy and Frank Strader of Dixonville, Merle Strader, Albany; Mrs. Harvey Gokernan, Yoncalla; Mrs. Robert Henry, Corvallis; Mrs. Donald Ferguson, Kellogg; Phil Strader, Glide, and Mrs. Dale Hatfield of Dixonville. He also leaves two brothers, Arthur Strader, Eugene, and Henry Strader, Roseburg, and two sisters, Mrs. Ida Weber, Eugene, and Millie Strader, San Francisco.

Funeral services will be held at 2 p. m. Wednesday from the Roseburg Undertaking company chapel with Rev. C. A. Edwards officiating. Interment will be in the Oak Creek cemetery.

GOP Chairman Invites Al Smith To Campaign for Governor Landon

NEW YORK, June 23.—(AP)—Chairman John D. M. Hamilton, of the republican national committee, today virtually invited former Governor Alfred E. Smith to speak in the campaign in behalf of Governor Alf M. Landon.

In response to the direct question as to whether Smith would speak for Landon, Hamilton replied:

"I think Governor Smith is one of the finest Americans and the people of the country are entitled to hear his views."

Asked whether his statement did not contain an inference that he wanted the former governor to "take the stump" in behalf of the republican ticket, Hamilton replied:

"It isn't even an inference," adding that he would "be tickled to death."

To a question whether he believed Smith should be given a place in the cabinet, provided he aided Mr. Landon and the Kansas vron, Hamilton replied:

"That's beyond my depth. That would be a matter up to Governor Landon."

Commenting on a statement by Postmaster General Farley that Smith could have the convention floor as a delegate, Hamilton said:

"I don't know why Smith should want to go to that (convention) setup, 64 per cent of which is dominated by federal officeholders."

He said he had not seen Smith on his trip to New York, but quickly added that should not be interpreted as "closing the door" to a future meeting.

While saying emphatically that Landon forces had given no support, financial or otherwise, to the William Lemke third party movement, Hamilton added with a grin, "on the other hand such a movement is quite all right with us."

He predicted the Lemke candidacy would "cost Roosevelt from six to nine votes for every one it costs us."

Hamilton said it was "certain" that "all party lines would be broken down in the campaign."

"The republican party," he added, "is the only political vehicle for the people who are against the socialists."
