

FORESTERS, M-W WIN AT SOFTBALL

The Montgomery Ward softball team defeated the Tired Business men 5 to 0 and the Forest Service won over the Dispensers 20 to 16 in city league games played at 11:45 field last night.

Bob Kidder, pitching for the storekeepers, limited the Business Men to three scratch hits, while his backer landed on Morgan's offerings for 11 bingles.

Lacking the services of Call, star pitcher, the Forest Service team nevertheless managed to eke out a victory in a free-for-all slugfest, collecting 14 hits for a total of 20 runs, while the Dispensers made 16 runs off 14 hits.

Games Wednesday night will start at 6:45 p. m., with the 20-30 club playing the Eagles and Oakland playing the Forest Service.

BUNTS and BINGLES

(A column devoted to the interest of those who play or enjoy baseball.)

This begins a new series of after-thoughts and second-guesses on baseball activities as they apply to the kids of Roseburg and Douglas County American Legion Junior baseball team. It will appear daily in the News-Review until the Douglas county team is either definitely eliminated from further competition in their battle for the state championship or win it.

You will be able to see from the above that our contract may last until the American Legion convention, which will be held here in August, or it may terminate abruptly in the crucial series with Eugene, which will be played soon. We are hoping for a long life and an abundant one.

The consensus of opinion of the fans who saw the Junior Legion lads in their three-game practice series with Eugene is that the team is a better one than represented. Roseburg and Douglas county last year. As individuals there is hardly one who is not on a par or better than the man whose place he took. The exceptions might possibly be Bud Loffer at shortstop and Vannie Baker of the big bat. These lads would make this year's team. On the whole, however, a better ball club is representing the county this year.

Bille Scherner certainly would improve the strength of the infield, especially with his constant chatter that put heart into every one who played him. His hitting was nowhere as good as that of the Anlauf lad who is playing at short on this year's squad. Bille could take his turn on the mound, but there is no lack of pitchers this year. The pitching staff appears to be A-1.

First base is being well handled by Bill Veeck. This lad is a real power and no mistake. He sometimes appears awkward around the bag, but mighty few balls go through, under or over him. Not only that, he is beginning to hit Veeck is a mighty comfortable fellow to have at first. By comfortable we mean that when we see a ball start his way we feel the chances are about 95 to 1 that he will handle it and handle it well.

Over on the "hot" corner—at third—is this Ball boy, who was unable to play in the last two games because of injuries. But a sweet ball player and no mistake. His

presence was missed in the games July 4th and 5th. He, no doubt, will be able to get in the game when the final series with Eugene starts.

\$150,000 NEEDED BY OLYMPIC TEAM

NEW YORK, July 7.—(AP)—The Olympic financial market turned bullish today as the drive for funds, inspired by Sunday's announcement that \$150,000 more was needed to send a full American team to Berlin, got under way.

A difference of opinion as to the cause of the shortage turned up as Jeremiah T. Mahoney, former A. U. president and leader of the Olympic "boycott" movement, said it was caused by the strong sentiment against participating in the games in Nazi Germany.

Gustavus T. Kirby, treasurer of the American Olympic committee, promptly denied the statement.

"The shortage of the Olympic funds shows very clearly that the American public will not support any team that is going to take part in such Nazi propaganda as these games are," Kirby answered.

"We have approximately the same number of contributors to the Olympic fund as we have always had in the past. The big difference is that they are not giving as much. Men who used to hand over \$500 now have come through with only \$50."

The University of Washington crew, which won the Olympic berth Sunday, received word from Seattle that the \$4,000 needed to finance the trip had been subscribed by Seattle citizens.

Landon Airs Views ON SOCIAL SECURITY

(Continued from page 1)

member of a constitutional amendment or amendments which "will enable the legislature to pass laws providing for the necessary social security." Such a constitutional change, the governor said, should be "merely a grant of power," leaving methods of administration "to the wisdom and sound judgment of the legislature."

"Then the republican presidential nominee under his single reference to the national political contest."

"In considering proposed amendments," Landon told the legislature, "I desire to call attention to the fact that the platform of the republican party adopted at its national convention provides for a plan of social security different from the social security act adopted by congress."

"I do not deem this a fitting time to enter into a discussion of the relative merits of the present act and the proposal set out in the republican platform. Any proposed amendment to the constitution should merely grant to the legislature of the state the power to enact laws to enable this state to join in any such final act for this purpose as may ultimately become the settled law upon this question."

The republican platform proposed a pay-as-you-go old-age security system; that citizens over 65 should receive "the supplementary payment necessary to provide a minimum income" sufficient to protect from want; federal contributions to states with the necessary revenues raised through a direct tax widely distributed. It further proposes to encourage adoption by states of "honest and practical methods for meeting the problems of unemployment insurance."

Suffers Firecracker Burns—Donald Gerretsen, son of Mr. and Mrs. Will H. Gerretsen, of this city, suffered two badly burned fingers and face burns last evening when he lighted a firecracker at his home.

BIG LEAGUE STARS TO BATTLE TODAY

By ALAN GOULD.
Associated Press Sports Editor.

BOSTON, July 7.—(AP)—Charlie Grimm, boss of the National league's all star team, will send "Dixie" Dean against the American league sluggers today in Boston's biggest baseball show since Babe Ruth was a rookie southpaw with the Red Sox.

Joe McCarthy, manager of the American league team, wouldn't name his starting pitcher, but indications pointed to Bob "Lefty" Grove, Red Sox star, as his probable choice for the assignment.

Kenesaw M. Landis, high commissioner of baseball, changed the rule permitting pitchers only three innings on the mound, provided the score was tied in the sixth inning. In that case, he ruled, the managers had the choice of leaving the pitcher in or relieving him.

The National league All Stars were all pepped up to turn the tables on their rivals.

The probable batting order:

Americans:

Appling, Chicago, ss.

Gehringer, Detroit, 2b.

Bumagala, New York, lf.

Gehrige, New York, lf.

Ayerb, Cleveland, cf.

Dickey, New York, c.

Goslin, Detroit, rf.

Sekirk, New York, lf.

Higgins, Philadelphia, 3b.

Grove, Boston, p.

Nationals:

Galan, Chicago, cf.

Herman, Chicago, 2b.

Collins, St. Louis, 1b.

Medwick, St. Louis, lf.

Denaree, Chicago, rf.

Ott, New York, rf.

Hartnett, Chicago, c.

Whitney, Phillies, cf.

Riggs, Cincinnati, 3b.

Burroughs, St. Louis, ss.

J. Dean, St. Louis, p.

Davis, Chicago, p.

Empires, Boston (NL), plate.

Summers (AL), first base; Steve art (NL), second base; and Kulis (AL), third base.

Time of game, 12:30 p. m. (E. S. T.).

ROOSEVELT CALLS PARLEY ON DROUGHT

(Continued from page 1)

ual farms.

Revision Outlined

The modifications announced were:

1. Farmers will be permitted to cut soil depleting crops (including sorghums and small grains, but not corn and annual legumes, for hay or pasture use.

Under existing regulations crops in this classification must be plowed under or allowed to stand with reduction of benefit payments the penalty for violation.

2. Farmers will be permitted to cut nurse crops which previously could be pastured only or clipped green. This provision covers legumes or annual grasses seeded with nurse crops.

3. Planting of emergency forage and feed crops now for fall and winter would be permitted on any land on the farm without changing the land-use classifications.

This was done, it was explained, by changing the classification of such crops which under existing regulations have been classified as soil depleting.

Officials said that with the aid of a little moisture emergency forage and feed crops planted now would bring some return, at least, from land which otherwise would be non-productive because of drought conditions.

Farmers participating in the program under the modified regulations will receive benefit payments limited to one dollar an acre for 15 per cent of the soil depleting base acreage involved.

The soil building payment heretofore was one dollar for each acre planted in soil conserving crops.

No Rain in Sight

The weather bureau said that no rain was indicated immediately

for any part of the western drought area and that temperatures in the dry regions would "continue alarmingly high."

Except for a few widely scattered showers in the south and some light local rains in the Ohio valley, the bureau said, no rain fell anywhere in the country during the last 24 hours.

Temperatures continued "extremely high" from the central Mississippi valley northward over the Dakotas, Minnesota, and eastern Montana.

Record high temperatures were reported over "considerable portions of the northern great plains" with the thermometer reading five to six degrees above any previous mark.

Yesterday, the bureau said, was the fourth consecutive day with extremely high temperatures and "scarcely a drop of rain" from the central Mississippi valley northward.

CANADIAN GRAIN REGION ALSO FACING DISTRESS

WINNIPEG, July 7.—(AP)—Intense heat that sucked moisture from prairie soil and robbed growing grains of nourishment prevailed today over Manitoba, Saskatchewan and Alberta.

Except for light scattered showers, the weatherman held no hope of relief from the hot spell that threatened fields which two and three weeks ago promised an abundant harvest.

With temperatures in the 90's prevailing yesterday after higher mercury readings the day previous, the weatherman forecast mostly fair weather for Manitoba with a little lower temperature. Mostly fair and warm with possibly a few light, scattered showers formed the forecast for Saskatchewan and Alberta.

The highest temperatures of the weekend was reported from Estevan, Sask., where the mercury touched 119 and equalled the high record set at Dauphin, Man., in 1919. Several other points were around 100 or slightly higher.

PORTLAND, Ore., July 7.—(AP)—A rapid-fire, ten-round slugfest with Al Spina left "Buzz" Brown atop the heap of Pacific northwest featherweights today.

Brown, favorite of the Portland Irish and formerly of St. Paul, Minn., needed all his experience to pound out a decisive victory over the game Italian here last night.

The two Portland boys put on the fastest bout seen here in years in Portland's first outdoor fight show since 1934. The open-air bout drew an estimated 6,000 persons.

Brown made the weight deadline and then some. He had to weigh in at 126 pounds or under or forfeit 25 percent of his purse. For good measure, he tipped the scales at exactly 125. Spina came on at 124.

The Irish boy started out strong and built up a commanding lead in the early rounds. Spina gave little ground and proved himself a game sportsman but couldn't quite match Brown's punishment. The latter's experience in 160 professional battles stood him in good stead.

Brown went to the ring the favorite despite Spina's victories over such outstanding challengers as Young Tommy and Speedy Dado.

Several times the Italian boy staggered Brown with hard rights but in only one round was he given a marred edge. Two were even.

Other results: "Midnight" Bell, 154, Portland, won an eight-round decision from Dick Johnson, 154, Portland; "Chalky" Wright, 129, Tacoma, took a six-round verdict from Eddie Spina, 129, Portland; Tiny Cooper, 123, Hubbard, Ore., knocked out Mel Reimer, 173, Tacoma, in the second round; Jack Mcomber, 172, Tacoma, took a four-round decision from Tony Accurda, 173, Portland; Jack Curley, 131, Portland, knocked out Al Mustola, 127, Clatskanie, Ore., in the first round.

BUZZ BROWN GETS VERDICT OVER SPINA

PORTLAND, Ore., July 7.—(AP)—A rapid-fire, ten-round slugfest with Al Spina left "Buzz" Brown atop the heap of Pacific northwest featherweights today.

Brown, favorite of the Portland Irish and formerly of St. Paul, Minn., needed all his experience to pound out a decisive victory over the game Italian here last night.

BONNEVILLE POWER MARKETING NEARS

(Continued from page 1)

zation of the federal power commission and army engineers to carry out, so far as possible, the provisions of the bill, particularly upon negotiations for the sale of power, construction of transmission lines and distribution of electric energy," he said.

A rate structure may be planned by this commission and administrative features studied so when the bill becomes law, negotiations may be "merged" into contracts, he said.

"The senator said he remained more convinced than ever that completion of the \$42,500,000 power and navigation project would be of "stupendous value" to the northwest.

Big Feature For Flax

Turning a discussion of agriculture, he predicted that the inclusion of flax in the farm conservation program of the AAA will eventually make it "an outstanding" industry of the state.

He said the department of agriculture was "coming to realize" that there are "other crops grown in addition to those that are called

MARTY STILL TOPS LEAGUE SWATTERS

LOS ANGELES, July 7.—(AP)—Joe Marty, Seattle outfielder, kept his batting leadership of the Pacific coast baseball league, averages compiled today showed, during a week which saw but one shift among the five pace-setting sluggers.

Ten points behind Marty in second place was Norman Klee of Oakland with a percentage of 309. Klee did not see any action last week.

Gaining 11 points, John Frederick of the Portland Beavers, jumped from seventh to third position, supplanting Fern Bell of Oakland who dropped a notch. Chris Hartge of Oakland retained fifth place.

RUTH BRYAN OWEN TO WED 3RD TIME

(continued from page 1)

ists when they obtained the change in the law permitting an American woman to keep her citizenship on marriage to a foreigner.

She lost her citizenship when she married a British officer and had to go through the naturalization formula to regain it.

Pleads Own Cause

Mrs. Owen, herself, was one of the most eloquent of those arguing that a woman should keep her citizenship. When she first came to congress, her seat was challenged by her Florida opponent on the basis that she was not an American citizen.

Mrs. Owen elected to serve as her own attorney and argue her own case before the contest committee. She won.

Mrs. Owen confirmed her engagement by long distance telephone.

Asked whether the marriage would mean her resignation as minister, Mrs. Owen's answer was "nothing to say."

Mrs. Owen has been married twice. Her first husband was William Homer Leavitt, an artist. They were divorced March 3, 1909.

On May 3, 1910, she was married to Maj. Reginald Owen of the British royal engineers. He died Dec. 12, 1927.

Mrs. Owen recently returned from her diplomatic post on leave to stump for President Roosevelt this summer.

750,000 RAILROAD WORKERS

Invite you

● We're going to put on a show. To celebrate progress in rail transportation:

Air-conditioned cars—cool, clean, quiet

Passenger fares at rock bottom

Safety first—a great record

New coach comforts

World's finest sleeping car service

Economy meals—coaches, diners, stations

Faster schedules for long or short trips

Dependability in all weather

Free pick-up-and-delivery of LCL freight

The courage and vision of pioneer railroad builders live again today in the hearts and minds of 750,000 workers who make up the human side of Western Railroads and their allied industries.

The railroads are pushing on to new frontiers—frontiers of finer, faster service at lowest cost per mile.

That's why we invite you to attend the events of Railroad Week between July 13 and 18—to show you our achievements. Learn about the program from your newspaper.

Get acquainted with your railroad agent. Phone, write or call for information about travel or shipping by train to any part of America.

WESTERN RAILROADS

AND THE PULLMAN COMPANY

basic" and he expressed hope that "it would extend a helping hand to the fruit, berry and vegetable growers" in the future.

Making a brief reference to the last fight of congress over the
