

SEATTLE, PORTLAND CONTINUE WINNING

Barrett's Hurling Defeats Oakland, Bedore's Bat Beats Senators.

(By the Associated Press)

Seattle and Portland paced each other today as they continued to bowl over opposition on northwest diamonds.

The league-leading Indians defeated Oakland 5-1 and the Beavers handed Sacramento its 20th loss of the season by one run, 5-4.

The other first division clubs went down to defeat. The San Francisco Seals whipped their fourth place Townsends, the Missions, 6-3. San Diego measured Los Angeles 2-0, as Herbert won his 14th pitching victory of the year.

The booming bat of Bedore was largely responsible for the Portland victory which dug the Solons deeper in the cellar. The Beaver first baseman hit a homer with one on, and blasted out two doubles which scored two runs. Monday Bedore was on hand to tie the score against Oakland and put the winning run on third base in a wild game. Clabaugh also hit a homer for Portland. Seimoth and French each allowed ten hits, but the Beaver flinger threw less extra baseballs, and whiffed ten.

Barrett was in fine form against the Oaks, limiting them to three hits, striking out eight, and hitting a triple and single. Victim of the Indians was Ludolph, league leading pitcher, who lost his third game of the year.

Manager Jack Lovell, "Jigger" Stutz and First Baseman Russell were ejected from the game at San Diego for protesting umpire Leake's decisions. The Angels had more trouble with Hebert, who restricted them to five scattered blows, while Ryan lost his third game of the year.

Daglia was responsible for four of the Seals' runs, besides pitching a seven-hit game. He doubled home two runs in the fifth, scored the tying counter, then came home during a three run rally in the ninth. Beck was in trouble frequently, but four double plays kept Seal scoring down.

U. S. OLYMPIC TEAM DROPS TWO BOXERS

BERLIN, July 29.—(AP)—Two more Americans were out of the Olympic games today as Joe Church of Batavia, N. Y., and Howell King of Detroit, featherweight boxers, started home aboard the S. S. Manhattan.

Officials said the pugilists became "homesick" but reports of training violations circulated through the Olympic village, reviving discussion of the case of Eleanor Holm Jarrett, who was dismissed from the swimming team for infractions of training rules.

Roy Davis, of Chicago, manager of the boxing team, emphatically denied that the fistcluffers had broken training or that any at-

Roseburg to Get Eyeful Of Movie Studio on Wheels

Metro-Goldwyn-Mayer Traveling Motion Picture Studio on World Tour.

Through the influence of Don Radabaugh, manager of Hunt's Indian and Rose theatres, arrangements were made today to have the elaborate Metro-Goldwyn-Mayer traveling motion picture studio visit this city on its extensive goodwill exhibition tour of the world.

The lavishly equipped studio on wheels, constructed by the great motion picture company at a cost of \$150,000, is scheduled to arrive here next Monday, and according to present plans will be open for

public inspection from 4 to 6 o'clock in front of the Indian theatre, the home here of Metro-Goldwyn-Mayer pictures.

A director and a complete staff of cameramen, soundmen, electricians and movie makeup experts compose the personnel of the outfit, but motion pictures will not be filmed in this city during its visit.

During the period the studio is open for inspection, the public will be permitted to enter the studio. They will be escorted through by the motion picture men, and the

operation of the sound recording room in one section of the 65-foot outfit, and the sound projection room in the rear compartment of the studio, will be explained in detail.

The studio is hauled by a giant trackless locomotive equipped with powerful special built Waukesha motors, and this tremendous engine is in itself truly an outstanding sight. Special built camera, pilot and advance cars make up the remainder of the Hollywood caravan visiting this city with the studio.

NELSON BOOED AT TOWNSEND MEET

(Continued from page 1)

son, declared "I do not fear for the Townsend movement." Pointing to Nelson he said:

"If you had succeeded in being nominated for the United States senate in the republican primaries you would have been the best Townsendite in humanity."

Continuing his refutations, Shaddock declared that if "we abandon our \$200 a month plan we would not only defeat the pension plan but the recovery plan for the youth as well as the aged."

Shaddock denied that Townsend's buildup was personal, declaring "I believe he is as true as can be."

Commenting upon Nelson's "wails," Shaddock stated the Oregon delegation could have had him removed from the convention, but that it didn't do it.

15 MEN DROWN AS BARGE GOES DOWN

at half a million dollars.

A. E. Pierce, keeper of the Calumet harbor lighthouse station, two miles off 56th street, saw the "Material Service" go down. He notified the coast guard and put out in a small boat with R. A. Carlson, his assistant.

They picked up two of the survivors. A south Chicago coast guard craft rescued three others. A tow boat saved the remaining two.

Drivers were waiting for the waters to become less turbulent to search the ship for bodies.

LEE TRIUMPHS IN OKLAHOMA RUN-OFF

in the fourth district. Leading him by a good majority was another former school teacher, Lyle Boren of Seminole, who left a WPA job at Enid to run for office.

In his meteoric political career, Lee supported President Roosevelt and, like Marlard, campaigned on "a down the line with the new deal" platform in his senatorial race.

Will Rogers Wins
Will Rogers, the Oklahoma school teacher who virtually was unknown four years ago, won reelection on the democratic ticket for congressman-at-large, defeating Sam Houston III, a grandson of the famous Texas. Rogers had a majority of more than 170,000 votes.

When Rogers first entered politics four years ago he was a teacher in the village of Moore. Opponents charged he was running on the name of the late cowboy humorist and that many who voted for him thought they were voting for the Clarence Will Rogers.

VICTORIES IN SPAIN'S CIVIL WAR DIVIDED

Take a drive in our "Scottie Demonstration Car"

See the New Gasoline Economy of the FORD V-8—demonstrated before your eyes!

WE have painted up a "Scottie Car" simply to demonstrate the increased mileage of this new 1936 Ford V-8.

It is not a "special" Ford car. It is a regular 1936 stock model Ford V-8 with distinctive exterior decoration and a glass gallon jug connected with a Zenith tester. No adjustments have been made to make it perform differently from any new stock car. The jug is added so that you can see a measured amount of gasoline used with your own eyes, instead of having it come from the tank at the rear.

Take a ride in a "Scottie Car." See for yourself that a Ford V-8 is just as economical on gasoline as smaller, less powerful cars. You can arrange it without cost or obligation. Call YOUR FORD DEALER

20 miles per gallon at 40 miles per hour constant driving speed—see it for yourself with this glass measuring tank.

If you could see the Chesterfield paper when it's being made you'd know why it's pure and clean. It looks just about like rich cream.

When Chesterfield paper comes off the rolls it is tested again and again to make sure it will burn without taste or odor.

We know from experience that good cigarette paper helps make a good cigarette—we know it's one reason why Chesterfield wins.
