SALEM, Aug. 24.—(AP)—The Willamette valley hopyards are again a scene of activity with approximately 4,000 pickers and yard helpers harvesting the early fugles crop. No definite price for picking had been set by growers. Prices ranged from \$1.25 to \$1.50 hundred pounds according to conditions. Picking of late hops was expected to begin about September 1. At least 20,000 people will be employed when the season gets well under way, growers estimated. Downy mildew, aphid and honeydew infection which attacked the hops this year was expected to cut the crop to approximately 45,000 bales as compared to 117,000 bales harvested in the state last year. As a result prices on 1935 holdover hops have held steady from 29 to 31 cents a pound for the past month. Buying during the past three weeks of 1935 hops has been light, with buyers waiting to see the quality and quantity of the 1936 production.

SALE OF RAMS TO DRAW MANY BUYERS

KLAMATH FALLS, Ore., Aug. 25.—(Special)—The importance of the southern Oregon ram sale, held annually at Klamath Falls, is being forcefully demonstrated from the viewpoint of both the range sheepmen of northern California, southern Oregon and northwestern Nevada and the leading breeders of the Pacific coast. Large numbers of sheepmen have already signified their intention of being present at the third annual sale, which will be held at the Klamath county fairgrounds on Tuesday, September 1. At the Klamath Falls sale, range sheepmen will have an exceptional opportunity to look over the offerings of the leading ram breeders of the west and to purchase particular needs at their own particular needs at their own price, inasmuch as the rams are being sold at public auction. The breeders considering have made careful selections, placing rams in lots to suit the convenience of the small and large farm flocks, as well as range operators. Thus, the buyers will be able to select exactly what they want in the minimum amount of time with the least expense. In accordance with the rules of the sale, the sheep will be on the grounds all day Monday, August 31, where they may be inspected prior to entering the sales ring. A new sales ring has been erected by the Klamath county fair board with a seating capacity of 400 people. It is covered and arranged so that the sale will be carried on with the least amount of delay. This latest improvement further proves the popularity of the sale among the livestock men of this territory. Catalogs will be mailed to interested sheepmen by addressing the Southern Oregon Ram Sale Committee at Klamath Falls. A special invitation has been extended to all those interested in the livestock industry to attend the livestock banquet to be held at 7:00 p. m., Monday evening, August 31, at the Willard hotel. Reservations should be made, if possible, by contacting members of the ram sale committee.

ARMY FLIERS DIE IN PLANE CRASH

OAKLAND, Calif., Aug. 22.—(AP)—The bodies of Captain Harold Brann and Lieutenant Anthony Curcio, Moffett field army fliers, were found in their wrecked observation plane today in Altamont pass, eight miles east of Livermore. The plane hit a hill as the aviators were returning from a flight to Bakersfield. Captain Brann, the observer, and Lieutenant Curcio were still strapped in their seats. The plane did not catch fire. The region is hilly and it was believed Curcio's vision may have been obscured by fog as he sought to enter the valley. The accident happened at Goose-kon heights in the pass last night and had the aviators passed 100 yards from the spot they would have had safe flying.
