GIANTS WITHIN 2 WINS OF PENNANT

Rivals Slay Each Other's Chances; Tigers Reach 2nd in American.

By SID FEDER (Associated Press Sports Writer.) This National League pennant chase that had the boys guessing for weeks is just a cut and dried affair now. The Giants, needing but two games to nail the flag to their mast, should clinch the championship tomorrow or Wednesday, at the latest.

Of course, they could blow up completely and lose all of their remaining eight games—and stranger things have happened in the diamond game—but it seems impossible with Carl Hubbell on tap to stop any such calamity.

Those last few days things have been breaking just right for Bill Terry's troupe. They swept their three-game series with the Dodgers, winding up with a 5-0 win yesterday behind Fitzsimmons' six hit pitching job.

At the same time, the Cardinals and Cubs have been killing each other's chances of catching up by alternating in their series in Chicago. It was Chicago's turn again yesterday and with Bill Lee pitching a four-bitter and Gill coming through with a three-run, eighth-inning homer, the Cubs bested Dizzy Dean and the Cubs house gang 4-3 to remain second place.

All in all, the Giants six full games in front of the Cubs and 6 1/2 ahead of the Cards.

The Pirates, apparently trying to get in position to slip past either the Cubs or Cards, or both, clubbed the Reds in both ends of a doubleheader to take a spot only two games back of the gas house gang. Blanton's four-hit pitching featured a 5-1 victory in the opener, and Lucas attacked effectively to take the nightcap 6-4.

Tigers Hold 2nd Place. The Tigers tightened their grip on second place in the American league by sweeping their series with the Indians with a 5-3 win in yesterday's finale, stretching their winning streak to seven games.

Gomez snapped back into form and virtually assured himself of a place in the series pitching berth with the Yankees by holding the Senators to two hits in the nightcap of their twin bill, for a 3-2 victory. The Nats gained an even break by taking the opener 6-1 as Lewis walloped two homers.

The St. Louis Browns did it again to the White Sox, taking a doubleheader 8-5 and 9-3, with an aid of a 25-hit attack and some costly Sox errors.

The Red Sox fell apart before unusually fine pitching and the Athletics grabbed off a twin win, 3-1 and 5-1.

Danny Macfayden and old Bob Smith led the Bees to a doubleheader triumph over the Phillies 5-3 and 6-5.

Strikeout King

Bob Feller

His sensational achievement in striking out 17 of the Philadelphia Athletics in one game, setting a new American league record, ranks Bob Feller, 17-year-old farm boy from Van Meter, Ia., with the pitching immortals of baseball. Feller joined the Cleveland Indians late in the season and struck out 55 men in his first five games.

BIG GRID CONTESTS DATED THIS WEEK

NEW YORK, Sept. 21.—(AP)—The football fans who just can't wait until the time for the big games rolls around can take heart. They'll be here next Saturday.

In the three biggest games, Duke's Blue Devils, who opened last Saturday night with a 13-0 victory over Davidson, a new southern conference rival, met the Red Raiders of Colgate, Minnesota and Washington open against each other at Seattle and Louisiana state and Southern California contenders, meet the Rice Owls of the southwest conference at Baton Rouge. Rice tuned up by trimming Texas A. and I. 33-0.

Not far behind these three come such games as Stanford's opener against Santa Clara; the southern conference clash between Mississippi, which routed Union university 45-0, and Tulane's green wave; Kansas State's encounter with little Fort Hays State, which scored a 2-0 upset last year, and the Friday games between Kentucky and Xavier and Temple and Centre.

It will be the second game of the week for Temple, which is slated to play St. Joseph tonight in a game postponed from last Friday. Kentucky and Xavier rolled up impressive scores in their openers, the Wildcats walloping Maryville 54-0 and Xavier beating Transylvania 20-0.

South Carolina meets Virginia Tech in the leading southern games. All four won impressively Saturday. In addition North Carolina State, 12-0 victor over Elon, encounters Davidson and North Carolina opens against Wake Forest. On the west coast Washington meets Montana and Southern California teclies Oregon State.

In the east's best games Duquesne meets Wayneburg, which held the West Virginia mountaineers to a 7-0 score, and George Washington plays Emory and Henry on Friday while Navy tackles William and Mary and Pittsburgh opens against Ohio Wesleyan Saturday.

Murphy said: "It is a tragic thought that the 'war to end war' which we fought in 1917 and 1918, was in truth the awful beginning of a series of conflicts that may end wars only because there is no longer reason to carry them on, no longer men to fight, no longer the will to live." Murphy declared to the demonstrative Legionnaires.

"What a pity that the fine and fleeting vision of world peace so nobly conceived by our war president could not have been captured and molded into actuality. It was not today we look out upon a world of men and of nations gone mad."

"Guard against war through defense that will discourage attack, that will repel aggression and invasion; guard against war through neutrality that refuses to make either nations quarrel or our own that is willing to endure the sacrifice of apparent profit through beligerent trade in the interest of greater peace."

Ban Profit From War
"If war comes, in spite of peaceful example, in spite of our will and determination to give no cause for war, in spite of our desire to deal fairly and live peacefully, if war must come, let it be the business of the nation."

"Let our every resource be available to the nation's defense! Let no one gain from the sacrifice of the men and women who toll that the armies and the navy may be fed, that the belching guns may be supplied! In brief, let the profit be taken out of war," the Legion commander said.

LOUIS FAVORED 3-1 TO DEFEAT ETTORE

PHILADELPHIA, Sept. 21.—(AP)—Philadelphia's Al Ettore loafed in his nearby Clementon (N. J.) camp today confidently predicting that he'll finish Joe Louis by a knockout Tuesday night.

Louis, at Pompton Lakes, N. J., issued his customary forecast of victory, and he had with him the wise money, quoted currently at about 3 to 1 in his favor.

Regardless of the outcome, promoter Herman Taylor was confident of a victory at the box office. He forecast a 50,000 crowd, which would be the largest fight attendance in Philadelphia since that same Demusse-Tunney "battle of the rain" in 1926.

Despite the wise boys and the Bomber's impressive record, Ettore found many loyal townfolk ready to support his claim he'd take the measure of Louis. Many more, whose convictions didn't quite match their hopes, were sure "he has a good chance."

In 64 bouts, Ettore has knocked out 18 opponents and won decisions over 37, twice he has been held to draws, six times outpointed, and once knocked out by Charley Retzlaff in January of last year.

Opposed to that was Louis' amazing record of 21 knockouts, four decisions and one defeat—a knockout—in 29 professional appearances.

CROPS INSURANCE PLANS LAUNCHED
(Continued from page 1)

Insurance plans first would be worked out for wheat, cotton and corn—in that order, Roy M. Green, official at the agriculture department, said nearly 100 persons had been assembling data for several months, as a possible basis for crop insurance.

Plan May Reach Congress
A possibility that several crop insurance plans may be offered congress was seen. Senator Capper, Kansas republican and backer of Governor Alf M. Landon, announced several weeks ago that he would introduce a crop insurance measure.

Senator Pope, Idaho democrat, introduced a crop insurance bill at the last session.

Green expressed the view that a plan as sound as the present system of life insurance can be developed. He declared that if the average wheat farmer agreed to pay a premium of from one to two thirds of his crop above normal in surplus production years, he could be guaranteed a 75 per cent of normal crop in poor years.

CROP INSURANCE NEED RECOGNIZED BY LANDON
TOPEKA, Kas., Sept. 21.—(AP)—Gov. Alf M. Landon said today that "the question of crop insurance should be given the fullest attention."

The republican presidential candidate took this position in a two-paragraph statement which he said was an excerpt from tomorrow's Des Moines farm speech. It was given to newsmen when they asked comment on President Roosevelt's announcement of the appointment of committees to work out a crop insurance plan leading to "better permanent protection against drought."

Landon said the speech excerpt would remain in his address tomorrow night. It follows: "I am going to mention a subject that is in neither platform—crop insurance. It is a question in which we have long been interested in Kansas. In fact, some of our republican leaders in farm legislation have been in the forefront in working on it."

"We realize that there are difficulties; but insurance companies are writing policies today covering risks that they didn't consider feasible a few years ago. I believe that the question of crop insurance should be given the fullest attention."

Grange Head Credited
Landon aides recalled that two months ago, Louis J. Taber, master of the National Grange, discussed crop insurance with the nominee. Taber also took the same program to Mr. Roosevelt at Hyde Park.

Before closing the press conference, Landon also said "it is interesting to have the support of such a fine American as Mr. Warburg." His reference was to a statement by Felix M. Warburg, financier and Jewish leader, that he would vote for the republican candidate.

rear platform of his "Sunflower Special" train.

The Des Moines speech will be the republican nominee's first detailed discussion of farm problems, although he has stated he favored some form of benefit payments and has criticized "the loss of markets, both at home and abroad," calling for "a far more aggressive" federal state conservation program.

REBELS CONTINUE MADRID ADVANCE
(Continued from page 1)

A dispatch to the newspaper Diario Noticias, in Lisbon, Portugal, said a Spanish government cruiser, three destroyers and a submarine had hoisted a white flag off Tangier and had proceeded to insurgent-held Ceuta, Spanish Morocco.

BROKEN ALCAZAR STILL DEFIES LOYALIST FORCE
(Copyright, 1936, by the Associated Press.)

TOLEDO, Spain, Sept. 21.—Government bombing squads held off a rebel assault on the broken Alcazar today while big guns resumed their bombardment of the grimly-held ruins.

The scheduled mop-up, originally set for dawn, was delayed pending further preparations by government forces. Two machine gun nests, set up by insurgent defenders during the night amid the debris of the military governor's headquarters, were being searched out by snipers.

Despite the explosion of two one-ton dynamite mines which crumpled the stone and mortar walls of the Alcazar into a powdery debris, the insurgents sent a steady stream of machine gun bullets and grenades from behind their shattered walls.

FLOOD CONTINUES DAMAGE IN TEXAS
(Continued from page 1)

Matamoros, Mexico.

HOBBES, N. M., Sept. 21.—(AP)—A heavy 12-hour rain submerged most of this southeastern New Mexico oil center under three inches to three feet of water today. The storm continued without sign of a let-up.

Nearly all of the business section and half of the residential area was flooded. Merchants spent the night moving their stocks above the level of the slowly rising water. Hundreds of automobiles were stalled in fender-deep water. Schools were suspended.

FIRE RULES STILL HOLD IN FORESTS

Hunters and others planning trips into the national forests are reminded by local forest service officials that the federal fire regulation governing camp fire permits and smoking has not been removed on any national forests except the Mt. Hood and Willamette. On the Siuslaw forest this regulation had not been applied. State closures with certain exceptions have been lifted on the Umpqua, as well as on the Mt. Hood and Willamette districts, but the federal regulation on the Umpqua, the Siskiyou and Rogue river forests, as well as the national forests of eastern Oregon, is still in effect.

This federal regulation requires that all motorist camping expeditions carry a shovel, axe and bucket, that all campers obtain camp fire permits and that entrants to the national forest abstain from smoking while traveling.

Although the rains have greatly improved the fire situation especially in northwestern Oregon, forest officials say other forests of the state are still dry and serious fire hazard may result from a few days of dry winds and warm weather.

PADRES DEFEAT OAKLAND, 7 TO 1

SAN DIEGO, Calif., Sept. 21.—(AP)—Still two games back after yesterday's 7 to 1 win, the San Diego Padres resumed play today with Oakland Oaks in the semi-finals of the Pacific Coast league playoff, prepared to shoot the works in an effort to remain in the running for the loop flag.

With the Oaks needing only a single win to send them into the finals against the Portland Beavers, winners of four straight from Seattle in the other semi-final match, San Diego's Manager Shottonback planned to send either Salvo, ace fastballer, or Herbert to the mound today. Craghead will be in reserve should they falter.

Superb pitching on the part of Ward, league cast-off, kept the Padres in the fight and gave them their first win of three for the northern invaders.

Meanwhile the Portland club takes it easy awaiting the outcome of this series and the naming of the club they are to meet in the final. The winner of that series will come in for the lion's share of the \$5,000 play-off purse.

FORESTS OF OREGON TEEM WITH HUNTERS

By the Associated Press.

Oregon's forests teemed with thousands of hunters today on an annual quest of deer. Seventy thousand hunting licenses were sold.

The season opened at sun-up yesterday, and by nightfall many animals already had their quota and were returning home. Weather was favorable in most portions of the state.

BE PEACEFUL BUT ON GUARD, LEGION URGED BY MURPHY
(Continued from page 1)

or Murphy for legislation sponsored by the Legion to the end that of future wars," Senator Clark said.

"The next session of congress will enact legislation for taking the profit out of war. The American Legion is not a military, fascist organization, but is made up of men who have proved their patriotism and do not have to prove their devotion to the constitution of the United States."

"Nations Gone Mad"
Murphy said: "It is a tragic thought that the 'war to end war' which we fought in 1917 and 1918, was in truth the awful beginning of a series of conflicts that may end wars only because there is no longer reason to carry them on, no longer men to fight, no longer the will to live."

"Guard against war through defense that will discourage attack, that will repel aggression and invasion; guard against war through neutrality that refuses to make either nations quarrel or our own that is willing to endure the sacrifice of apparent profit through beligerent trade in the interest of greater peace."

Ban Profit From War
"If war comes, in spite of peaceful example, in spite of our will and determination to give no cause for war, in spite of our desire to deal fairly and live peacefully, if war must come, let it be the business of the nation."

"Let our every resource be available to the nation's defense! Let no one gain from the sacrifice of the men and women who toll that the armies and the navy may be fed, that the belching guns may be supplied! In brief, let the profit be taken out of war," the Legion commander said.

Murphy, whose address was made in presenting his annual report, made public Saturday night, recommended "let every man and woman in America study your program for peace."

"Let them suggest, if they can, a better plan, based upon the stark realities of the day and the very hour, and failing that, let them join with the American Legion in pressing with unrelenting vigor and determination for the enactment of legislation that, if it cannot insure peace, will help to prevent war from coming to America."

OREGON FOOTBALL STRUGGLES DATED

(By the Associated Press.)

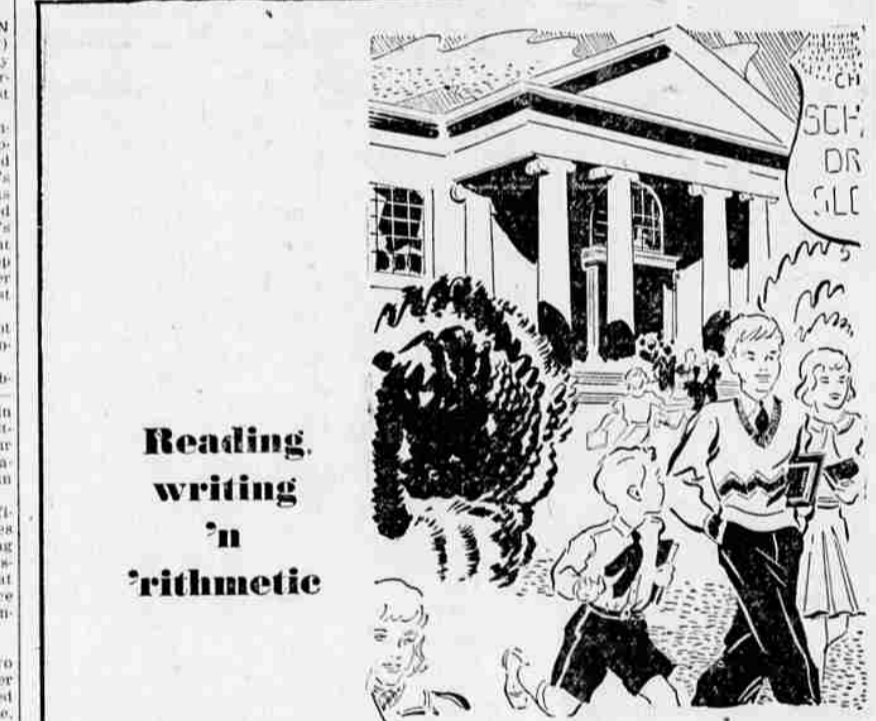

The eyes of the nation focused outside of Oregon today—on the first great inter-sectional battle of the year at Seattle Saturday—but the six collegiate clashes in the state this week left the home folk little to be desired in the way of first-hand entertainment.

Leading in national interest, if not in import, is the Minnesota-Washington challenge, and one of the major runners-up is the Oregon State-Southern California conference opener in Los Angeles Saturday.

Oregon's own sports calendar, footballistically speaking, looks as follows: University of Oregon vs. University of Portland at Eugene Friday night.

Willamette University vs. Albany college at Salem the same evening.

Southern Oregon Normal vs. Pacific University at Ashland Saturday.

Demand GOOD LIGHTING

NOT THIS WAY

Inadequate and improper lighting conditions cause near-sightedness and eyestrain in children.

BUT THIS WAY.

The STUDY LAMP provides light of the right quality and quantity for reading or studying.

More than half the boys and girls who fail in their studies have defective vision!

That puts it squarely up to you parents to provide proper lighting conditions for study and reading. For poor lighting is the chief cause of eye strain and near-sightedness, in children.

If your child holds his book abnormally close to his eyes when reading, or if he squints, or complains of headaches, . . . watch out!

The difference between inadequate lighting, that may cause eyestrain, and comfortable safe illumination is usually only a penny or two an evening. What a very small price to pay for good eyesight insurance.

The California Oregon Power Company
