Labor Problem Main Issue New Congress Faces

Chief issue facing the seventy-fifth congress is the problem of regulating the wages and hours of labor. The urgency and importance of this question is made more acute by the militant stand of the C. I. O. headed by John L. Lewis, president of United Mine Workers. Another paramount issue with which the new congress must deal involves agricultural relief, a program in which Henry Wallace, secretary of agriculture, will have much to say. In the field of foreign affairs, such questions as the neutrality bill, Canadian treaty linked with the St. Lawrence waterways project and the Pan-American treaty drawn up at Buenos Aires are paramount. On all these matters it will be the recommendation of President Roosevelt which will be the determining factor because of the overwhelming Democratic balance of power and the landslide which returned him to the presidency.

SONGS OF THE SEASONS

Intermediate room of the Glide school, Dorothy Jackson, teacher.

Winter
By DICKALON DENHAM
5th grade

I like the wintertime don't you?
With the threatening, rumbling storm clouds,
And the snow a whitish blue.

I love to watch the skaters
Flashing o'er the pond
Think! that ice was once blue waters.

I like to go sliding on a snow hill
I think it's lots of fun.
Old Man Winter always gives a jolly thrill.

Autumn
By GUY MOORE
6th grade

Sing a song of seasons
There's something bright in fall,
When all the leaves begin to turn,
And from the trees soon fall!

Sing a song of autumn,
The weather is so bright
And when the birds are flying south
We'll fish to our delight.

Why I Like Autumn
By RICHARD DENHAM
4th grade

I like to play among the leaves,
and watch the autumn fires.
I like to watch the leaves come falling down like rain.
I think autumn is grand.

The Rain
By LON MICHELSON
4th grade

The rain is my favorite thing
I can wade in the puddles of water
And have lots of fun.

The Seasons
By DICKALON DENHAM
5th grade

I like summer,
I like fall
I like spring and winter,
I like the seasons all.

The reason I like summer
Is the flowers gay,
The little springs a bubbling,
The streams all running away.

I like fall for its leaves
Oh! what a whirlwind when they come skipping down
Gay leaves and bright leaves
Leaves from every gay tree's crown.

The reason I like winter,
The reason I like spring,
Oh, of all the reasons,
That the seasons bring!

Will You Help Me Choose?
By JEANNE MOORE
5th grade

Will you help me choose?
I don't know which is best,
Autumn or winter or any of the rest.

I like winter because of the snow
I like autumn because,
Well, let me see—I don't know.

The Wind's Song
By JEWELL PUCKETT
6th grade

Winter has come, the skies are gray
Old man frost works every day.
And oh, the days are cold
He is getting so very bold
He paints pictures on my window-pane
Of azure, damask, emerald and gold.

Winter has come, the days are cold
Old man wind flys by our house
And around the barn
He nips our toes and bites our nose
And sends us scurring home
And that's how the winter days go.

Holding the Bag?

Ambassador Ordas

Reported to be "holding the bag"—and one containing $9,000,000—Felix Gordon Ordas, Spanish ambassador to Mexico, is in Washington with a credit reputed to be that amount, but finds himself unable to carry out his mission of purchasing war munitions because of the congressional embargo.

LAND, AIR FIGHTS MARK SPAIN'S WAR

(By the Associated Press)

Warfare and blockade stirred the waters of Spain's eastern and southern Mediterranean coasts today.

Socialist government authorities at Valencia ordered a search for an airplane carrier believed to be a base for planes attacking eastern coastal cities, and charged that fascist attackers were receiving "full and undisguised cooperation" from German and Italian navies.

Valencia's inference was that the "airplane carrier" was a foreign one. The charges were made after an air and sea bombardment of the seat of government.

Uncensored reports described the desperate straits of 800 fascist insurgents defending Oviedo, for six months a city of siege in northern Spain. Spanish fascists hailed them as heroes of "a second Alcazar." Fascist armies strove to rescue them.

Noncombatant refugees streamed out of Madrid. The few remaining Americans were urged to evacuate.

Outside the capital, fascists repulsed government counter-attackers with a constant sweep of rifle fire after cutting the city's vital link with her troops in the Guadarrama mountain barrier to the northwest. The Escorial highroad was strewn with government dead.

Spanish Moroccan surveys seemed to show that fears of a German "incursion" were groundless. Spanish government planes bombed the insurgent-held zone, nevertheless, killing several.

DOG LICENSE FEES FOR DOUGLAS FIXED

Collection of dog license fees for the year 1937 will start as soon as the necessary blanks can be printed, it was announced today, following organization yesterday of the Douglas County Dog Control board.

Supervisors fixed license fees at $1 per head for males and $1.50 for females.

Meeting at the courthouse Tuesday afternoon, the three supervisors appointed Victor Phipps of Dillard as chairman of the board, with Willard Smith of Glide as secretary. John Abeene of Oakland is the third member of the group, which will collect dog license fees, appoint law enforcement officers and pass upon claims for damages from stockmen whose animals are killed or injured by predatory dogs.

Before appointing law enforcement officers, the supervisors are arranging to meet with the Lane county board. The system has been in use in Lane county for several years, and the Douglas county supervisors plan to seek information on policies at Eugene before definite steps are taken in Douglas county.

NORTH UMPQUA ZONE REPORTS DEEP SNOW

A heavy snow blanket covers the North Umpqua section of the Umpqua National forest, V. V. Harpham, forest supervisor, reported today.

In spite of the cold weather, telephone service has been maintained, and two-way radio communication is being held daily.

Heads Boycott On Titular Ring Bout

Samuel Untermeyer

PALM SPRINGS, Calif., Jan. 13.—(AP)—Samuel Untermeyer of New York, president of the non-sectarian Anti-Nazi league, declared here today the organization was boycotting the proposed Max Schmeling-Jimmy Braddock heavyweight bout because "Schmeling would take his share of the money back to Germany."

"We are not boycotting the fight itself," said Untermeyer, "but we do not believe it is right for anyone from that country to take American money back to Germany."

"We don't want to interfere with the fight itself if the money stays here. We don't want the money, but we don't want it sent to Germany," he said.

"If some means can be worked out for him (Schmeling) to get the money and spend it here, it is all right with us for the fight to go on. Germany won't allow any of its money to leave the country, why should we?" he concluded.
