Forty winks for four

Demanding higher wages, an 8-hour day and better living conditions in their logging camps, including shower baths, more than 3,000 lumberjacks in northern Minnesota went on strike, threatening to paralyze the largest industry in the northwest.

These four strikers seem to be a bit cramped in their one bed, but it was the best afforded by the abandoned hotel in Duluth used as headquarters.

### BASKET BALL SCORES AND GOSSIP

CORVALLIS, Ore., Jan. 31.—Oregon State basketball quintet made it two straight over the champion Washington Huskies last night, winning 40-22.

The Beavers outclassed the visitors from the start, running up an 8-to-1 lead in the first five minutes. The halftime score was 21-7.

Arty Merryman of the Beavers led the scorers with 14 points and was followed by Harris, a teammate, with 11.

The Beaver victory split the four-game series.

MOSCOW, Ida., Feb. 1.—Washington State college's basketball team found itself in the second half to forge ahead to win, 42 to 27, over University of Idaho before 5,000 fans here last night.

The Idaho Vandals played a strong first half and led at the end of that period, 15-14.

### STRONGER DEMAND FOR LAMB LIKELY

—Consumer demand for dressed lamb this year "probably will be stronger than in 1936," the bureau of agricultural economics said in predicting that lamb prices would advance and that present high wool prices would be maintained.

The bureau also said the slaughter supplies of sheep and lambs would be reduced for the rest of the marketing season, ending in April.

It added that the importance of pelts as a by-product would affect the price of lambs, with advances expected in March and April.

Decreases in the corn belt offset gains in western states, the bureau said in estimating the number of sheep and lambs on feed at the start of 1937 at 4 per cent under the previous year.

"Relatively small wool supplies" and a strong demand in most consuming countries probably will remain wool prices, the report said.

### WAKE UP YOUR LIVER BILE

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the world looks pink.

Laxatives are only makeshifts. A more honest remedy doesn't get at the cause. It takes those acid, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmonious, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 2c.

of \$82,445.68. Aid Overtops Budget. Expenditures for the year exceeded budget estimates by the sum of \$1,459.44, the principal amount of the excess resulting from monies spent in cooperation with federal agencies in unemployment relief. The emergency fund was overdrawn \$4,364.16, but this was offset by balances in many of the other departments of the city.

The report sets forth in detail the taxes levied and received from 1925 to 1936, both years inclusive, and shows a net shortage in tax receipts for that ten-year period of \$91,349.15. (The period from 1926 to 1936 is listed as ten years, because in 1933-34 the designation of the tax rolls was changed to the year in which collection was made, the collection for 1936 actually covering the rolls as assessed in 1935. Previous to 1934 the tax rolls bore the designation of the year preceding actual collection.)
