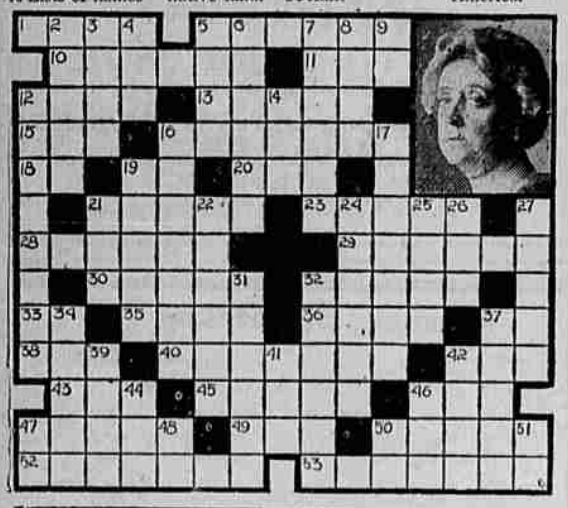
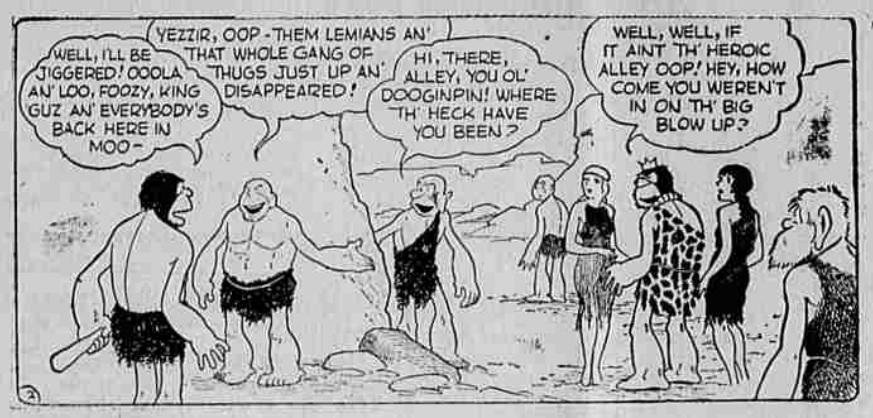
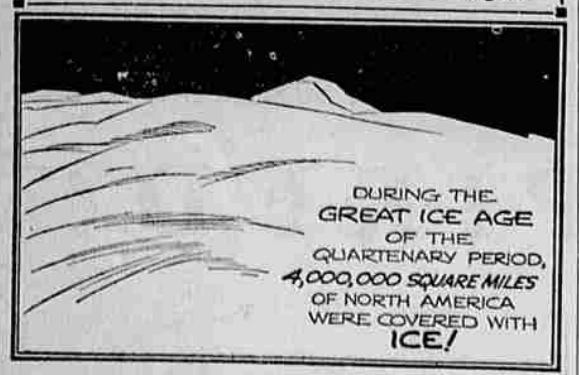
41 One and one.
42 Fairy.
44 Kettle.
46 Cat's murmur.
47 Provided.
48 Musical note.
50 To exist.
51 North America.

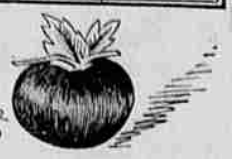


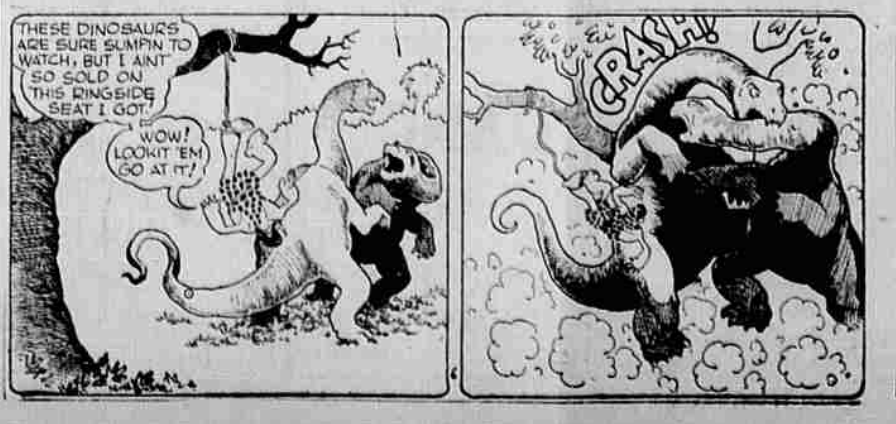


THIS CURIOUS WORLD — By William Ferguson



TOMATOES
FIRST WERE GROWN IN TROPICAL AMERICA!
BUT IT WAS CENTURIES AFTER THE PLANT WAS INTRODUCED IN EUROPE THAT IT REACHED NORTH AMERICA, AND WAS CONSIDERED SAFE TO EAT!





CURIOUSLY, during the Great Ice Age, when practically all of what now is known as Canada, and much of the United States, was covered by ice, northern Alaska, well within the Arctic Circle, was not overspread. This probably was due to insufficient snowfall there to build up a glacier.
