CROUCH DECISIONS LOUIS CARRANZA

PORTLAND, March 13.—(AP)—George Crouch, Los Angeles negro, copied the decision but Louis Carranza, San Diego Mexican, ratted the cheers in their eight round bout here last night.

Carranza staged a number of whirlwind rallies but only evaded four rounds against Crouch, who won the other four and the verdict. The two are welterweights.

In the other eight rounder, a colorless affair, Charlie Pope, 142, of San Diego defeated Buzz Zimmerman 138 of Klamath Falls.

Eddie Norris, 133, Salem, held a wide margin of points over Paul Smith, 136, Tacoma, in the six round special.

Harry Kinsey, Portland, and Ted Peterson, Independence, welterweights, drew in four rounds, and Frankie Pilsea, 131, Corvallis, took a one-round technical knockout win from Ikey Bostwick, 132, Portland.

OUSTER OF MOTOR STRIKERS REQUESTED

(Continued from page 1)

Benjamin F. Fairless of the Carnegie-Illinois Steel Corporation, agreed to resume their conferences Monday.

Twenty policemen armed with machine guns patrolled a Memphis furniture manufacturing company plant after rejection of demands for ten per cent wage increases and shorter hours for 450 striking employees.

Other Plants Still Idle

Shutdown strikes arising from the U. A. W. A. demand for exclusive bargaining rights kept the Hudson motor car company plant at Detroit and the Reo motor car company plants at Lansing, Mich., closed.

Two thousand Hudson workers and 2,200 Reo employees were involved. There was no settlement in sight for either dispute.

The Associated Press index of industrial activity showed a sharp drop in automobile output last week as strikers halted Chrysler and Hudson production lines. Despite widespread strikes, industrial activity reached its highest point since November, 1929.

The impasse in the dispute at the Firestone Tire & Rubber Co., Akron, O., persisted, keeping 11,500 workers idle.

St. Louis Hit Other Cities

Chicago, the nation's second largest city, was plagued with a sit-down strike and walkouts. Two sit-down strikes and walkouts. Two sit-down strikes and walkouts. Two sit-down strikes and walkouts.

A group of 250 girl workers started a sit-down strike for wage and hour concessions at the Standard Cigar Co. at Pittsburgh. Shorter hours and higher wages were also the objectives of 450 workers who struck at the Memphis (Tenn.) Furniture Mfg. Co., and 150 employees in a walkout at the Hartwell Brothers Co., Memphis handle makers.

Six hundred employees of the Reade Mfg. Co., LaPorte, Tenn., shirt makers, will resume work Monday after a strike which started Jan. 27. Forty-six auto mechanics and shopmen at two Duluth, Minn., plants resumed work after a one-day walkout.

Four chemical plants at Charleston, W. Va., announced 10 per cent wage increases for approximately 7,500 employees. Twenty-five companies for industrial organizations in the field men said the pay boost would not affect their plans to unionize the men, employees of E. I. DuPont de Nemours Co., the Electro-Metalurgical Co., Carbide & Carbon Corp., and Westvaco Chlorine Products Co.

Numerous other firms announced wage increases. They included Gulf Oil Corp., for employees at the Port Arthur, Tex., refinery; Houston Packing Co., 500 employees; Caterpillar Tractor Co., Peoria, Ill., 11,500 factory and office workers; Jones & Laughlin Steel Corp., and Allegheny Steel Co., 30,000 salaried workers and skilled and semi-skilled laborers; Bendix Products Corp., South Bend, Ind., 4,000 workers.

Lockheed Aircraft company announced 1,225 employees of its Burbank, Calif., plant would be paid time and a half for overtime, instead of time and a third.

SOCIETY PROTESTS KILLING OF EAGLES

PORTLAND, March 13.—(AP)—Idaho's killing of game eagles will not become prospective hunters if the Oregon Audubon society has anything to say about it. Officers issued a formal protest against action in Idaho placing a price on the eagles because of the charges of sportsmen that they were killing deer.

COUGAR HOOPSTERS DEFEAT HUSKIES

Staters, 7 Points Behind in Last 11 Minutes, Rally to Win by 3 Points.

SEATTLE, March 13.—(AP)—With the Pacific coast title as lure, Washington State kept the basketball pot boiling today by flipping off the west it was a hostile threat to Oregon's northern division championship aspirations after dumping the University of Washington, defending northern champs, 36 to 23, last night.

Playing fire-alarm ball—blowing alternately hot and cold—the Cougars chased the Huskies right out of the division three-way playoff, lived up to Coach Friel's promise of pushing the Huskies into nearby Lake Washington and forecast a bad time for Oregon at Pullman March 20.

The Husky-Cougar game provided suspense and surprises. Washington State was sparked to victory by Clyde Carlson, a substitute ball-handler and feeder, and Ivar Nelson, leading conference scorer. The Cougars were behind 23 to 14 at half-time, trailed 30 to 23 with 11 minutes to play.

Washington led twice, the Cougars four times and the game was tied up four times.

The winner of the Cougar-Webb-foot game meets Stanford's Cardinals, champions of the southern division for the coast conference championship. The Palo Alto team will be defending its coast title. The game probably will be played in the northwest.

PERMANENT COURT OF 15 ADVOCATED

doubtedly would change some.

"Third, it is evident from the facts presented by the attorney general that nine members can not possibly read all the briefs and records submitted to the court, and these should be read even where the court refuses to hear cases."

Pittman said an amendment limiting the number of justices to 15 would "remove the fear that succeeding administrations would contribute to enlarge the court."

The first week's hearings, Pittman said, had shown there was no "inconsistency" between the president's bill and a constitutional amendment.

"There is no logjam between the which leaves the senate at liberty to pursue both processes," he declared.

Hearing Held "Useless"

Hope that the hearings would be curtailed was expressed by Senator Logan (D., Ky.), a supporter of the bill, and Senator Borah (R., Idaho), an opponent.

"Everybody has his mind made up," Logan said. "I'm opposed to going on indefinitely. I would let the opponents have two or three days next week and quit."

Borah said he had opposed any hearings and that it was useless to prolong them, because everyone knew what each witness would say.

Chairman Aahurst (D., Ariz.), has given no indication, however, when the hearings will end. He said opponents would be given the first two days next week and then more time later, indicating the sessions would run for some time.

BLOCKADE OF SPAIN BEGUN BY POWERS

festive Feb. 20.

To spur the vigilance of the naval patrol, the committee assigned Italy and Germany to guard the coast of government territory, and France and Great Britain to watch the fascist shoreline.

The blockade plan, a compromise worked out after both the Spanish government and the insurgents refused to permit neutral foreign observers within their territory, had no parallel in international cooperation to halt a war, diplomats said.

MADRID, March 13.—(AP)—Government troops, supported by planes which dropped 492 bombs on insurgent positions, drove enemy concentrations from strategic Feb. 20.

Have used three bottles of your Old Cherokee Tonic and surely has helped me. It has taken that tired feeling away and has cleaned me out so I feel like a different person. Also has cleared my complexion up and removed those puffy places which come under the eyes when the liver is slow.
