New Bike Law.

Whether or not the new city regulation providing for the licensing of bicycles will cut down the toll of accidents or promote the more careful operation of the two wheeled devices remains to be seen.

Most of the danger to riders of bicycles is to boys and girls who are not of auto driving age. These young folks have no conception of the risks they run when they thoughtlessly wheel a zig-zag course down a well traveled street or highway.

The regulation and licensing of bicycles may seem like a needless bother and expense to the boys and girls who ride but remember this: If this ordinance results in saving the life of only one boy or girl it is well worth all the trouble involved.

Tampering With Truth. Several items in recent news prove again that foreign propaganda and censorship tend more toward the ridiculous than the sublime.

Several newspapers, for instance, have claimed famed "Buffalo Bill" as a local boy. The Iowa-born plains hero, they reveal, was really a native of Barbignarezzo, Italy, and was "full of fascist courage and daring."

The other day a huge wave swept over the Italian tiger Rex, killing two persons. Since Italian papers were ordered to print not a line of the incident, it is apparent that duce's subjects are to get the idea that even Neptune dares not be aggressive in the presence of anything fascist.

And a Nazi news organ has produced with a flourish alleged evi-

dence that the famed liberal, Benjamin Franklin, was anti-Semitic. This, happily, is refuted by an American authority on Franklin. More appropriate terms for this would seem to be nonsense-orship or improper-ganda.

Still a Weather Vane?

PROBABLY it was asking too much, to expect that the Maine legislature would actually adopt the bill which would have moved the state election date, in presidential campaign years, back to the date of the national election.

The Maine house of representatives snatched the bill under the other day, after a representative had declared that the early date brought the state hundreds of thousands of dollars' worth of publicity every four years.

The country does focus its eyes on Maine in every presidential campaign—no doubt about that. Whether it will ever again be quite as ardent in its scrutiny, after what happened last fall, is open to doubt.

Still, people try to tell us that the world is getting worse instead of better.

MRS. ANDREW CARNEGIE, widow of the steel king, thinks that understanding of each other's language will be the strongest possible tie for peace among the peoples of the Western Hemisphere, and urges all Americans to learn Spanish.

Well, a common language will help, but FAIR DEALING among the nations of the Western Hemisphere will help MOST OF ALL in preventing war.

Well, a common language will help, but FAIR DEALING among the nations of the Western Hemisphere will help MOST OF ALL in preventing war.

Evidence that the "tourist crop" of 1937 will be one of the largest in the history of the west is exemplified by the recent visit of Carl Smith, Shell touring service official, to this area recently.

UNION AT GLENDALE HOLDS OPEN MEETING

GLENDALE, March 17 — The Glendale local of the Brotherhood of Carpenters and Joiners met at McDonald's Fountain Tuesday evening, with J. V. Matheny presiding.

They discovered Doll and her attendants on the float of Roman myths, with Doll as Iris the messenger of the gods and posing upon the rainbow road which she traveled.

Excitement and happy confusion filled the Merchon mansion. There

was a atmosphere about it which felt like a pulse throbbing with tense emotion. Even the servants betrayed a discreetly suppressed jubilation and their high cackling laughter echoed from rear quarters with frequent repetitions, interspersed with snatches of high-pitched song.

At last the long-awaited spectacle approached, in all its regal splendor. The procession climaxed that of Proteus, because it was the pageant of Rex, the king. His was the first float, surmounted by its glittering throne. The crowds roared with cheers of enthusiasm.

OUT OUR WAY

KING OF HEARTS

Zola had reservations on a balcony which commanded a view of two street along the route of the Rex parade. She and Lynn laughed and talked together as they watched the antics of street revolvers, awaiting the pageant. There seemed to be no end to the astonishing revelations of this festival, Lynn reflected as Zola continued with explanations of its customs and traditions.

At last the long-awaited spectacle approached, in all its regal splendor. The procession climaxed that of Proteus, because it was the pageant of Rex, the king. His was the first float, surmounted by its glittering throne. The crowds roared with cheers of enthusiasm.

The king accepted the emcees of the merry-makers with gallant gestures and friendly smiles. From a chest at his side he selected glittering tokens and tossed them to his admiring subjects. They caught at the handfuls with eager faces and triumph glowed on their faces.

SENIORS TO OFFER CLASS PLAY APR. 2

"The Late Christopher Bean," by Sidney Howard, has been chosen by the seniors as their annual class play, to be given April 2 at Roseburg senior high school.

This has been a most popular play throughout the country for amateur producing groups, it is reported.

The story has to do with a New England family, who years before had given refuge to a great artist. The play opens some years after the artist's death with an excited world in pursuit of his work and any details of his uneventful life.

The cast for the high school production includes Russell Harris, Virginia Robertson, Bill Nell, Helen Catching, Fanny Lu Wimberly, Carl Blake, Dorothy Germond, Frank Wells and George Crouch.

Rehearsals are well under way, and from all indications this will be one of the best, as well as one of the most ambitious undertakings of local actors.

General Goering has told Germany it must economize in oils and fats. If it does not, it may eventually be necessary to render General Goering.

The youngster, a trifle mixed, believes the name of that popular film was "Mr. Doodle Went to Town."

In connection with a sit-down strike in a chair factory, it is hard to understand the term, "industrial unrest."

The wheel of a toy train was found in the stomach of a Los Angeles lad. It is one alternative to taking spinach for iron.

"Horse and buggy" customs have not vanished entirely. Workers of an Amite, La., plant are reported to have walked out.

A film of oil from passing liners extends out over the ocean for 500 miles from both New York and Cherbourg. The oil is so thick in some areas that birds have become stuck in it.

Daily Devotions

There are not many perfect people in the world and it may be just as well not to keep looking for them, but one thing is sure, the last place to look for them would be among those people who are much given to complaining about other people's imperfections.

JITNEY JAMBOREE SET FOR APRIL 19

The annual JITNEY Jamboree at Roseburg junior high school will be held Friday, April 19, the proceeds to be placed in the general fund of the associated student body to provide cost of student school activities.

Concession booths, which will include the house of horror, shooting gallery, refreshments stands, and numerous other features, will open at 7:15 p. m. and will be closed for one hour, from 8 to 9 p. m. for a floor show to be presented in the gymnasium.

The floor show, "Arabian Nights," will include selections by the school orchestra, accordion selections, music by girls glee club, dance specialties, dramatics club play, acrobatic dancing, comedy skits, guitar duet and other features.

An exhibition drill by the popular junior high girls' drill team will be another outstanding event of the evening's entertainment program.

The jamboree is open to the general public and the school is urging a large attendance for the event.

Early corps commander. Special music will be presented by Virginia and Marjorie Gurnee. The meeting is open to the general public.
