Tourist Season Near.

THE season for the annual tourist parade is approaching. Are we ready for it? Those who do not have actual contact with tourists or who do not have direct knowledge of the commercial value to this county of the tourist crop, might wonder that interest be shown toward preparing for the tourist season.

But the fact is the annual tourist business in this county is extremely important—not merely to the service businesses into whose till this money passes, but to everyone. Those who receive the money spend it and it becomes new money in circulation in the community.

The longer tourists stay in our valley the better, but unless the city and the surrounding country is appealing and unless the treatment accorded them is pleasant and the service good, we will not reap a complete harvest of the so-called tourist crop.

A Welcome Pact.

EVEN more significant and encouraging, in some respects, than the original contract between the steel workers' union and the U. S. Steel subsidiary companies is the supplementary agreement just signed which provides for orderly, peaceable adjustment of disputes.

SIDE GLANCES

"Here you are—six glasses of water! That's the last I want to hear out of you!"

news that has yet come out of the steel-labor situation. For if the great industry's employers and employees have at last hit upon a formula that will lay the specter of a steel strike, once and for all, they have rendered the entire country a great service.

achieve them by the DESTRUCTION of the American tradition is to open the way to the DEATH of the ideals that gave them birth."

PUTTING it in language that all of us can understand, Professor Moley thinks that President Roosevelt is proposing to burn down the house in order to get rid of the rats.

SPEAKING of burning down the house, here is another opinion of the President's plan that is interesting. Read it carefully:

"Roosevelt's proposal to modify the personnel of the supreme court has brought forth a roar of fearful hostility from the most reactionary forces in American life. 'The landslide for Roosevelt in November was an overwhelming mandate for Roosevelt to destroy the powers of the supreme court. 'Today more than ever does the welfare of the American people and their progress to more democracy and security demand the fulfillment of the Communists' slogan—'For united struggle to end the autocratic powers of the supreme court.'"

THIS opinion of the President's court-packing scheme was printed in the Communist Daily Worker on February 8, 1937.

THE Communists would like nothing better than to burn down the house of American institutions and erect in its place a structure modeled after the Communist state of Russia. They see in the plan to destroy the independence of the supreme court a means to the end they seek.

BASEBALL LEAGUE BECKONS ROSEBURG

Roseburg will be invited to enter the Southern Oregon Baseball League, it was announced at Medford last night, where the league was organized with five teams. It is desired to enter six teams in the league for a schedule of 15 games. Ashland, Medford, Grants Pass, Gold Hill and Crescent City have already joined, and Roseburg is being mentioned as the possible sixth entry, it was stated. Ed L. Lampert of Medford was named president of the league.

NATIONAL LEAGUE RACE TO BE CLOSE

N. Y. Giants to Have Strong Competition, Including Cincinnati Reds.

By PAUL MICKELSON
NEW ORLEANS, March 26 (AP)—A five-club race, so close and exciting that its result can hinge on one sore arm or leg seems as certain as popcorn and peanuts in the National League this year.

All set and ready to make a serious challenge to the New York, Chicago, St. Louis and Pittsburgh pennant combine over the last 16 seasons are Chuck Dressen's bustling Cincinnati Reds. They're red hot.

The prospect may sound outlandish but isn't. Signs of baseball disintegration can be detected everywhere along the lineup of the Giants, Cubs, Cardinals and Pirates, whereas the Reds are improving. Go down the National League line:

St. Louis — with the acquisition of Lon Warneke from the Cubs to team up with Dizzy Dean, the gas-house gang undoubtedly will get the favorite's call. They are sure to be tough. Paul Dean? Wise

STANFORD, COUGAR BASKETEERS READY

ones say he's all through. New York — Terry's big problem is a first baseman to take his place.

Hank Leiber, the phlegmatic Dutchman, is another big "if." The club's big ace in the hole is Carl Hubbell.

Chicago — Pitching should be excellent even without Warneke but it is doubtful if they'll have enough punch. Rip Collins, obtained from St. Louis, should do much better than young Phil Cavaretta at first and at the plate. Catcher Gabby Hartnett, 37-year-old yet, hardly can be expected to keep going forever.

Pittsburgh — The Pirates always seem to have everything but the winning spark. If they found it in a hustling rookie they could do to the league what the New York Yankees did to the American last year.

Cincinnati — They finished here, in fifth place, last year but were riddled with injuries. If the Red pitching, championed by such good flingers as Paul Derringer, Al Hollingsworth and young Gene Schutt escape unscathed, the Reds can't help but be tough. The one big weakness is the lack of a hard hitting right handed outfielder.

Boston — It's hard to conceive anything better than a second division flat for the Bees. Manager Bill McKechnie is pinning his chances on older men for the most part.

Brooklyn — Burleigh Grimes, successor to Casey Stengel as pitcher of the fathead crowd, has made some good changes and may cause a flock of surprises. With Van Mungo set for perhaps his greatest season, the Dodgers rate to wage a brisk battle for sixth place.

Philadelphia — It's still raining in the camp of the Phillies. Good pitching and nothing much else is the dismal outlook.

RACE HORSE OWNER LOSES HIS PERMIT

SAN FRANCISCO, March 26.—(AP)—James Alexander of Ontario, Ore., had his horse owner's and trainer's license cancelled by stewards at Tanforan yesterday.

The stewards accused Alexander of "unethical practices" after he had entered a filly under the name of "Red Ink" in a race yesterday. Judge Floyd McKeen, presiding steward, said the horse registered with the jockey club as "Red Ink" had different markings than the filly entered by Alexander.

ST. LOUIS, March 26.—(AP)—Dr. James A. Naismith, inventor of basketball, expressed the opinion here last night that the national rules committee has done great damage to the game by eliminating the center jump.

"They've dropped the finest part of the contest," Dr. Naismith said. "The rules committee has taken away plays that gave thrills to persons watching the game."

S. P. ALLOWED TO TRIM YAQUINA LINE

WASHINGTON, March 25.—(AP)—The Interstate Commerce Commission authorized the Southern Pacific Railroad company today to abandon 7.2 miles of its Yaquina branch in Lincoln county, Oregon.

SEATTLE, March 26.—(AP)—Four record-breaking performances were looked for tonight when 41 athletes of California and Washington match speed and brawn in an indoor dual track and field meet in the Washington pavilion.

The California Bears were top-heavy favorites to win the competition, besides carrying the strength to crack a couple of pavilion records.

Archie Williams, California negro ace who won the Olympic games championship, was nominated to smash the six-year-old 449-yard dash mark of 49.4 seconds made by Ben Eastman of Stanford.

The mile relay record of 3:25.2 established by Washington two years ago also was in jeopardy, as the Bear quartet has already surpassed the distance in 3:21.7 this season.

Gene Cunningham, world champion miler, was performing in an exhibition 880 but he said he would not attempt to break any records as he has heavy competition to face in the near future.
