U. S. Senator Hitchcock says: "Luckies please both my taste and my throat"

"For close to fifty years I have been a regular smoker, so I think I know what constitutes a good cigarette. Luckies please me on two scores. I like their fine flavor. But even more important is the fact that they are a light smoke, easy on my throat. At any rate, it's results that count, and a light smoke pleases both my taste and my throat."

Herbert E. Hitchcock

HON. HERBERT E. HITCHCOCK
U. S. SENATOR FROM SOUTH DAKOTA

THE FINEST TOBACCOS—
"THE CREAM OF THE CROP"

In a recent independent survey, an overwhelming majority of lawyers, doctors, lecturers, scientists, etc., who said they smoked cigarettes, expressed their personal preference for a light smoke.

Senator Hitchcock's statement verifies the wisdom of this preference and so do leading artists of radio, stage, screen and opera, whose voices are their fortunes, and who choose Luckies, a light smoke. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on your throat.
