## DUPE OF CULTIST RECITES CONDUCT

LOS ANGELES, April 21.—(AP)—Delight Jewett, 17, pretty and disillusioned, went before the federal grand jury today and told of her experiences as the "Virgin Mary" in Father Divine's religious cult.

The government charges that John West Hunt, white disciple of the Harlem cultist, violated the Mann act by transporting Miss Jewett from her Denver, Colo., home to Beverly Hills.

Hunt did it, the government alleges, by representing himself variously as "Jesus the Christ" and "John the Revelator."

The high school girl, extricated from a New York "kingdom" of Father Divine by her own father, Norman Lee Jewett, arrived here yesterday with her parent.

"I really believed I was to be a new 'Virgin Mary,'" she said. "I'm glad it's all over and I am back with my daddy."

In her story to federal agents, who arranged for her to appear against Hunt, she said Jewett related that she fell under Hunt's spell last year and at Christmas left home with him. At hotels, she said, she registered as "Jesus Christ and the Virgin Mary."

On other occasions Hunt has styled himself "John the Revelator."

She said she assisted him in designing a bizarre "throne car," a \$25,000 super-special bus under construction at a Pasadena coach works.

Hunt planned to tour the nation preaching for Father Divine, she said. Among his other ambitious plans, she said, was for her to travel to a desert island and become the mother of a new savior. She went to New York instead.

## CHEAP MONEY HUNT BEGUN BY TREASURY

U. S. to Borrow to Offset Inadequate Tax Income; May Boost Levies.

WASHINGTON, April 21.—(AP)—The submission of President Roosevelt's revised budget message started the treasury today on a search for the cheapest terms to borrow money and for methods to lighten the tax system to bolster future income.

First, however, fiscal spokesmen predicted an already launched program of borrowing \$50,000,000 a week would be continued until \$200,000,000 has been obtained.

They said they would have to determine by June 15 whether to continue borrowing on short-term bills, or turn to long-term bond issues for future funds. On that date about \$200,000,000 of discount bills issued in March will come due.

Originally, it has been expected these bills would be paid out of tax receipts for the second quarter of the year, but authorities said today this would be prevented because revenues were not coming up to expectations.

The same problem will arise on Sept. 15, they believe, when the government will have to pay back the money it is now borrowing in \$50,000,000 weekly chunks.

The unsettled state of the market for government bonds in recent weeks apparently led to Secretary Morgenthau's decision to issue short-term bills to tide the treasury over for the rest of this fiscal year.

## Eastern Ad Man Arline's Choice

If there is a slightly wistful look in the eyes of Film Actress Arline Judge, it might be credited to the account of the young man in the lower photo, Daniel Reed Topping, New York advertising executive, Arline obtaining a six-month leave to establish residence in Reno and divorce Director Wesley Ruggles. Then, she said, she will marry Topping.
