

RA LOANS AID 127 DOUGLAS FAMILIES

190 More Helped by Grant Program in Two Years; Repayment Rapid.

Douglas county's rural rehabilitation program completed its second year under the Resettlement Administration on April 30 with a total of 127 farm families being serviced under the standard loan program and an additional 190 families assisted through the emergency grant program, according to Paul H. Helweg, county supervisor here.

Standard loans made to families without credit facilities for necessary feed, seed, livestock, farming equipment and capital goods necessary to place their farms on a productive basis are assisting these farm families in regaining economic security. Practical farm and home plans insuring maximum use of all facilities of the farm are worked out with each loan.

Loans made in the county total \$51,231 or an average of about \$600, while emergency grants total \$11,576 to date. Collections of payments due on the three to five-year loans have been excellent with a total of \$10,823.82 already received. Applications for standard loans and grants are still being received at the county supervisor's office, in addition to servicing families already under the program. Every effort is being made to extend assistance to all local as well as farm families from the drought area, able to qualify for loan or grant aid.

Supplementing the loan program the county supervisor's office cooperates in establishing community and cooperative services for low-income families and in farm debt adjustment work being carried on

CLOCK WILL CONTROL REGATTA STARTING

When the Medford 20-30 club regatta gets under way at Emigrant lake, 6 miles south of Ashland, on Pacific highway No. 99, this Sunday, there will be clock-like precision in handling the starting of each event. Aubrey Sander (left) general chairman of the regatta committee; Phil Gilstrap (center) publicity chairman, and Carl Norris (right) club president, are pictured with the huge starting clock which will control the racers. Boats will have five minutes to warm up before each race. One minute before starting time, the hand on the clock will start at zero and the starting gun will crack as an electrically controlled hand completes the circle back to zero. Starting position of each boat will depend upon the judgment of the driver in getting as close to the starting line as possible just before the clock has completed its circle. Boats across the line will be ineligible to compete in the race. Timing of the races will be by stop watch. Drivers are scheduled to be here from all over the Pacific coast. This is the club's second annual event, and will start at 1:30 p. m. Sunday, May 2nd.

"You Only Live Once" Stark Human Drama

The most starkly human drama the screen has ever offered comes to the Indian theatre today when "You Only Live Once" begins a three-day engagement with Sylvia Sydney and Henry Fonda, the screen sweethearts of "The Trail of the Lonesome Pine," reunited in the starring roles. Dynamic conflict, thrilling action and searing romance are combined in this story of a woman who risked her life to fight by the side of the man she loved when the whole world condemned him and hunted him like an animal in every corner of the earth.

by the local committee. Rural rehabilitation has been made part of Secretary Wallace's farm program with official transfer of the resettlement administration to the U. S. department of agriculture, January 1, 1937.

SAYS NAVAL POWER PROPS DIPLOMACY

PORTLAND, April 29.—(AP)—One of Japan's most prominent newspaper men declared that "naval strength is diplomatic strength" in summing up that nation's armament philosophy here. He was Ken Sato, of Osaka, en route to Washington and New York.

"If you are a strong power your voice is heard in the world; if you are not strong, your voice is weak and no one listens to you," he told interviewers.

Asserting Japan is not anxious to spend money "to gild our implements of destruction," he said that power would be willing to hold a naval reduction conference providing Japan were allowed equal defense power with America and Great Britain.

"We feel uncertain without this equal strength," he said. Discussing the forthcoming elections in Japan, Sato predicted a growth of the labor party, but believed the two major parties would continue to hold their power.

"We are beginning to have sit-down strikes here and there, following the American fashion," he said, attributing the growth of labor troubles to increasing prosperity. The visitor said he would endeavor, on his visit, to interest American statesmen in the "injunctive" of immigration laws affecting Japan. Refusal to allow his country the same quota ratios as applying to other great powers he described as a "slander to a proud nation."

WALTER E. CORDON BEGINS LONG CRUISE

Walter E. Cordon, of Roseburg, a private in the U. S. marine corps, left New York April 24 on a five weeks' European cruise aboard the U. S. S. New York, according to word received here. The New York, to which Cordon has been assigned, has been made a part of the training squadron based at Hampton Roads and recently reported to its station after a trip from the west coast where stops were made at Balboa, Port-Au-Prince, and Haiti. The vessel is expected to cruise more than 30,000 miles this year, it is reported. The present cruise will include waters and principal ports of France and England.

VETS CASH LARGER PORTION OF BONDS

WASHINGTON, April 28.—(AP)—The treasury has issued \$1,000,000 in bonus bonds to World War veterans. In advising a house appropriations sub-committee of this, treasury officials said \$1,390,000,000 of the bonds had been cashed, leaving \$143,000,000 outstanding.

The treasury asked for a deficiency appropriation of \$1,982,000 for expenses incurred in distributing and cashing the bonds. It previously had been granted \$6,978,375 for this work. Representative Cannon asked William S. Broughton, commissioner of the public debt service, if he knew how the bonus money had been spent. When he said he did not, Representative Woodrum answered: "Second-hand automobiles, I can tell you."

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 million tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or watery passages with a burning and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
