## GRADERS OF DAIRY PRODUCTS CHOSEN

SALEM, June 21.—(AP)—The state division of foods and dairies began qualifying today about 600 men to serve as milk, cream and butter graders.

A grader will be placed in every creamery in the state, each grader to be paid by the creamery. J. G. Mickle, head of the division, said any dairymen who has been marketing first grade milk and grade A cream has nothing to fear.

"We will require no dairymen to construct new barns or any new equipment if he has complied with these conditions," he said. "We want to help the producer of lower grade products to bring his products up to first grade quality. All producers will receive better prices under the plan."
