ROOSEVELT SIGNS 4 FINANCE BILLS AND SON SENTENCED

WASHINGTON, June 30.—(AP)—President Roosevelt signed the \$1,500,000,000 relief bill today. It provides \$1,325,000,000 for WPA, \$100,000,000 for the resettlement administration, and \$75,000,000 for the national youth administration for use in the fiscal year beginning tomorrow.
During the current fiscal year, WPA spent approximately \$1,360,000,000. The reduction in funds will require the dismissal of thousands of relief workers each week between now and July 15. Harry L. Hopkins, WPA administrator, has set an employment figure of 1,655,477 for that date.
On June 15 there were 1,580,000 on WPA rolls, a decrease of 19,000 from the preceding week.

The grilles to be used on all windows were constructed in Chicago from measurements made several weeks ago, and are being shipped to Roseburg in carload lots. One carload was received last week and another is expected to arrive within the next few days.
It is expected the conversion will require from 30 to 60 days.
All windows are to be equipped with attractive iron grilles, hardware will be changed in parts of the buildings and other minor alterations made.
Following the completion of the work, the facility will be used principally for N-P patients with general hospital provision made for veterans of the Roseburg district, with a maximum of about 75 men, together with domiciliary facilities for veterans transferred from the old Oregon State soldiers home.

Various subsequent attempts by soviet Russia and Manchoukuo to establish a recognized border line along the 3,000-mile frontier, especially in the Amur, area, have failed.
Both sides reached a waterway agreement in 1934, but Russia denounced it.
At different times the soviets have cited maps and agreements and the czar to show that this or that river island or territory belongs to Russia.
But, apparently, Japanese-Manchoukuo officials have refused to recognize these maps and agreements either because the governments who made them no longer have sovereignty or because natural forces have changed the course of the Amur.

Oregon Assured Federal Grant For Capitol Minus Relief Labor String

WASHINGTON, June 30.—(AP)—Oregon became assured today of a \$450,000 federal grant without relief labor strings to construct new state office and library buildings.
Senator Charles McNary said "the way has been cleared" for government assistance to finance 45 per cent of the construction cost of the proposed structures.
The senator said an order of the PWA cancelling requirements that the grant be made only on a basis of relief labor cost plus 15 per cent would enable the state to spend the money in the most advantageous manner.
Action of the PWA followed up on a protest of state officials through Ralph Moody, assistant attorney general who went to Washington. The state said that to construct the buildings on relief labor cost would impose prohibitive expenditures.
