

DOUGLAS JUNIORS BEATEN FOR TITLE

Locals Lose to Portlanders 18-1, After Triumphant Over Ontario 9-7.

After defeating Ontario 9 to 7 in the semi-final round of the League Junior baseball series at Woodburn Saturday afternoon, the Douglas county Juniors lost the final round to Postoffice Pharmacy of Portland, 18 to 1, Sunday. The Portland team, which became state champion by defeating Roseburg, is recruited largely from Lincoln high school and now plays the Washington state winners for the sectional honors.

Hammond, Long and Neal who took turns on the mound for Roseburg, limited the Ontario batters to seven hits, while the local team landed on Dupre, who hurled the full game for Ontario, for 11 strikeouts.

The pitchers of the Portland squad, however, were too much for the Roseburg batters, who secured only eight scattered hits, while 11 went down by the strikeout route.

Portland gathered 12 hits off Spruer, whose wildness in the early part of the game counted heavily toward the 18-to-1 defeat, as the Roseburg pitcher walked four men each in the first and seventh innings, Portland scoring four runs in the first and seven in the third.

Roseburg's lone run came in the fifth, when Baker, second baseman, led off with a single and scored on safeties by Sanders and McLain.

After a 13-run lead in the first three innings, Wade Williams, Postoffice Pharmacy coach, replaced many of his regulars with utility men and sent all his pitchers to the mound during the rest of the game.

Portland's victory gives them possession of the Harvey Scott trophy for the next year.

Portland Catcher Stars Joe Kraut, Portland catcher received all the judges' votes for the most valuable player of the tournament and will go on a week's trip with the Portland Beavers as their guest. Kraut fielded perfectly for 24 innings and two assists, batted in ten runs and crossed the plate four times himself. His batting average was .566 for the tournament.

Next Saturday Portland will play in Yakima for the northwest championship against teams from Washington, Montana and Idaho.

To get to the finals Postoffice have beat Estacada Saturday 11-0. The losers in the semi-finals played consolation, which was taken by Estacada, 6-10-2.

BEND GOES TO TOP OF STATE LEAGUE

(By the Associated Press) Eugene's 6 to 4 victory over the heretofore undefeated Toledo team sent Bend into undisputed possession of first place in the state league.

The central Oregon nine made good its bid for the championship by downing Hills Creek 11 to 0. Resports moved out Silverton 4 to 3, in ten innings. Woodburn upset Sweet Home 8 to 4.

A sharp hitting attack, coupled with Pesky's batter with two men on bases, helped Bend ascend to the leadership. Eugene smashed out ten solid base hits to top Toledo.

RIVAL CAMPS WAR OVER BONNEVILLE

(Continued from page 1)

ities of the new deal program." In addition to legislators, the Bend democratic said the conference would consist of public ownership advocates from all parts of the state. He predicted the meeting would consider favorably the power program of President Roosevelt's national power policy committee, and would back Ross for administrator.

"Governor Martin isn't afraid of a Seattle man," Hoeseh said. "He is afraid of a man who is for the people instead of the power companies. J. D. Ross is such a man. So Martin is afraid him."

Included in that invited to the Tuesday conference are heads of the Oregon State grange, State Federation of Labor, the Commonwealth federation, the Townsend clubs and the Portland city administration.

Mahoney Voices Warning

At La Grande, Willie Mahoney declared that "whoever controls the water power resources of Bonneville controls the future destiny of Oregon; if we lose it now, it is gone forever. Bonneville power is public property, national wealth that belongs to all the people and should be used for their benefit for generations to come."

Roaming Oregon politicians who, he said, were staging a "three-time circus at the expense of the good name of Oregon and its people." Mahoney pleaded for them to forget "selfish hieking" and do more constructive thinking and planning for the state's future.

U. S. TO GET MONEY BACK ON BONNEVILLE, McNARY SAYS

WASHINGTON, Aug. 9.—Senator McNary told the senate today the government would get its money back from Bonneville dam on the Columbia river.

Assurance from McNary, author of administration legislation for the \$75,000,000 project, that the money would be repaid was sought by Senator King (D-Utah) as the senate commenced consideration of McNary's measure.

The pending bill, its backers said, is the forerunner of a measure to provide for all authority for all Columbia river power projects.

The senate bill, similar in some respects to a house-approved measure, provides for a \$10,000 year

STRIKE GRIPS SILK FACTORIES IN EAST

(Continued from page 1)

A Plymouth Motor Corp. labor dispute, returned to work today. A five-point agreement, whose terms were not disclosed, was reached over the week-end by representatives of the Chrysler corporation and the United Automobile Workers of America.

Unionists ratified the agreement at a mass meeting Sunday.

The agreement ended a production blockade that climaxed quarreling between members of the UAWA and those of the independent Chrysler Employees' association. The exact sequence of events was in dispute.

The temp effected 11,000 employees in the Plymouth plant, 7,000 in the body division of Briggs Manufacturing company and 3,000 in a Dodge plant.

Leo LaMotte, president of the U. A. W. A. local, said "there will be a fair trial for the four men who were discharged."

DETROIT, Aug. 9.—(AP)—The Ford Motor company resumed production today after three weeks shutdown for inventory. Assembly plants, as well as the route plant at Dearborn, reopened.

A company official said the production schedule called for 6,500 units daily, the same schedule that was maintained before the shutdown.

EVOLUTION CHANGE DENIED BY TEACHER

Discharge by Pennsylvania Board Will Be Resisted; Cruelly Charged.

WAYNESBURG, Pa., Aug. 8.—(AP)—A discharged veteran teacher, accused by her pupils of teaching evolution in a history class, will renew her fight Tuesday for re-instatement in a Greene county rural grade school.

The 44-year-old instructor, Mrs. Laura E. Morris, invoked the recently enacted teacher's tenure law and demanded a hearing before the Whiteley township board which dismissed her on charges of incompetency and cruelty.

Gene Jones, a pupil and one of 12 witnesses against her, testified:

"Mrs. Morris was always telling us we descended from monkeys and in history class she would take time out of the regular lesson to tell us about her ancestors."

Attorney James E. Isherwood, counsel for Mrs. Morris, said today the teacher never told the pupils they descended from monkeys.

"There is a book used in the schools called the Book of Knowledge, which tells of the development of man. One pupil asked Mrs. Morris to explain this, and she did it as best she could, but made no statement that they descended from monkeys."

"Two or three pupils asked the same question, and one Mrs. Morris replied, 'well, I don't know—do you?'"

"It was all more or less of a joke. A couple of pupils wanted to be funny."

"Evolution does not figure seriously in the case, and probably will not be mentioned again, Mrs. Morris is charged with incompetency and cruelty and she will testify Tuesday."

Another pupil, Jack Jones, asserted she struck him on the knees with a ball and had used a noker, handle and a strap to discipline other students.

Mrs. Morris is the mother of two children and a member of the Daughters of American Revolution and the Community Mothers' Study club.

She had taught at the school 11 years and Don C. Lohnmeyer, an assistant county superintendent, testified he considered her "a very good teacher."

GEORGIA TO RENEW FIGHT FOR ESCAPEE

ATLANTA, Ga., Aug. 8.—(AP)—Georgia shaped today an appeal to federal courts for the return of its chain ganger of Robert Elliot Burns and other less noted fugitives who have found haven in northern states.

Governor E. D. Rivers instructed Assistant Attorney General to confer with U. S. District Attorney Lawrence Camp on possible maintenance of extradition of escaped prisoners because of Georgia's penal system.

Efforts to reach Burns in New York, N. J., where he runs a tax consultant's service, were unavailing and New Jersey officials withheld comment.

However, light Sino-Japanese skirmishing also was reported from the north, 30 miles south of Tientsin, between Japanese cavalry and Chinese outposts.

The sources which reported today's trend toward negotiations made it plain the Japanese army's terms would be recognition of Japanese control of the rich North China province of Hopei, where Japanese have driven out most Chinese troops in a month of un-declared war.

YANKS, CUBS LOOK LIKE FLAG VICTORS

Chicagoans Boost Lead by Twin Win; New Yorkers Take 8th in Row.

(Associated Press Staff Writer) All over the baseball map they're climbing aboard the bandwagon for a Yankees-Cubs world series this fall, and the way things shape up now that's not a bad guess.

The Cubs with their current six-game lead knocked off the Yankees in both ends of a double-header yesterday, 3-0 and 5-2, on a one-hit pitching performance by Carleton in the opener and a clouting comeback by Cavarretta in both games.

The double win boosted the Cubs' lead by half a game, since the Giants could not get no better than an even break with their favorite "stogoes," the Pirates. They won the opener, 10-2, but Weaver's three-hitter blanked them, 3-0, in the nightcap.

Yanks Win 8th Straight It's far easier to settle the American league business in a double-header than in a pitching staff that's as full of holes as a barrel of doughnuts, the Yankees look like a shoo-in from here.

With their deadly hitting, which in the past week alone has accounted for the astonishing average of something like eight runs on nine hits in games they should wait in as long as they dish out the same brand of pitcher's poison. They squeezed through with a 6-5 win over Cleveland's collapse-able Indians yesterday for their eighth straight win.

Red Sox Strain Snapped The Boston Red Sox, in second place at the moment, stretched their undefeated run to 13 games by taking the White Sox, 7-6, in their opener, but then had the strike snapped with a 13-0 walloping in the nightcap.

Medwick belted two homers in the first game and the Cubs took a 2-2 decision over the Phillies, but the best they could get was a 6-4 draw in the nightcap, despite Medwick's third round-tripper of the day. The Reds and Dodgers also went to a nightcap deadlock, 6-6, after the Reds won, 6-4, in the curtain-raiser.

The Tigers topped the Senators, 5-1, in a game cut in five frames by rain. The Athletics surprised with a double triumph over the St. Louis Browns, 5-4 and 7-0.

ROOSEVELT'S HAND SEEN IN N. Y. FIGHT

(Continued from page 1)

gested that if there was white-house opposition to him, it was based on his fight against the Roosevelt court bill.

"They talk about not having reprisals," he said. "You know what there will be reprisals. Every one of us who opposed the president's plan will be proceeded against. You have got to be 100 per cent for the president, or he is against you."

Candlish expressed confidence, however, that his court bill stand would not hurt him in the re-election campaign. Pointing to his envelope in his closet, he said they contained 100,000 letters against the court bill from New Yorkers and only 1,000 for it.

Republican Leader Snell of New York made public at Washington a letter from Attorney General Cummings saying the sale by the democratic national committee of 1935 yearbooks autographed by President Roosevelt was being investigated to determine its legality.

Snell said Cummings' letter "doesn't mean anything" and he would press for a house investigation.

CHINESE, JAPS IN CLASH IN CHINA

(Continued from page 1)

rushing large scale reinforcements into the area.

A Japanese army headquarters spokesman at Tientsin declared the Japanese had no fear of a Chinese drive northward from Shantung province toward Hopei.

Should there be such a campaign, however, the Japanese would quickly land forces at Tsingtao and cut Chinese military connections between the northern coastal regions and Nanking.

The clash came as Japanese refugees evacuating the Yangtze valley and other central Chinese areas poured into Shantung.

The Kiangwan area on the northern fringe of Shanghai, scene of major Chinese-Japanese fighting in 1922, was rapidly closed off.

Members of the peace preservation corps—(militarized police)—patrolled the roads armed with rifles and hand grenades, and heaped up sandbags for defense.

The Kiangwan and Chapel areas, on the north and northwest, border Japanese military headquarters, the Japanese community, and the northern edge of the international settlement.

Peace Trend Reported Even at the time of the new clash, responsible circles said the Japanese army apparently believed the time had come for peace negotiations with China on the Japanese army's own terms.

However, light Sino-Japanese skirmishing also was reported from the north, 30 miles south of Tientsin, between Japanese cavalry and Chinese outposts.

The sources which reported today's trend toward negotiations made it plain the Japanese army's terms would be recognition of Japanese control of the rich North China province of Hopei, where Japanese have driven out most Chinese troops in a month of un-declared war.

NEGROES, WHITES IN RIOT AT BALL GAME

Denver Series Enlivened by Fistic Clash, in Which Police Intervene.

DENVER, Aug. 9.—(AP)—The negro all-stars, their latest victory marked by a free-for-all battle with Texas hall players and the Duncan, Okla., Halliburton's will clash tonight for the winner's purse in the Denver Post baseball tournament.

If the negroes win the first game, the title is theirs, as they are undefeated in six games while Duncan has won three and lost one.

Should the Oklahomans, who won the national semi-pro tournament championship at Wichita last year, triumph, the teams will play another game immediately after the opener.

They are the sole survivors of a field of 16 clubs, representing six states, which started the round July 29.

The negroes—they are professional league while the other teams entered were semi-pro outfits—defeated the Pampa, Texas, Oilers, 10 to 1, yesterday in a contest interrupted by a melee involving most of the players on both sides.

Quick 15 minutes' delay after the 15 minutes' delay, the police probably prevented the two-foursome from blossoming into a serious riot.

It started when Bell, negro centerfielder, slid into third in the second inning, severely spiking third baseman Sam Hale, formerly of the Philadelphia Athletics, on the right hand and face.

In a moment both were exchanging poorly-aimed punches. Players from both teams sprang into the skirmish as umpires and police tried to separate combatants. A wire screen enclosing the grandstand and vigilance of police kept spectators from attempting to join in.

Two negroes who swung bats in the affray were banished from the game and play was resumed after about 15 minutes' delay. Hale also suffered a bump on the head from a hit blow. (Hale at one time played several seasons with the Portland coast league club.)

Bale Mills, a Pampa pitcher, was spiked on the ankle during the excitement. A newspaper photographer was knocked down and his camera smashed.

"Slugging Sammy" Raugh, Texas Christian grid star last season, played the role of attempted peacemaker during the battle and then took Hale's place at third. Raugh signed a contract for a St.

PINBALL BAN HITS DOUGLAS COUNTY

(Continued from page 1)

other thing or representative of value, shall be punished, upon conviction, as by law required.

"Unlawful to Play" The statute referred to above makes it unlawful to play any of the above enumerated games, and also that it shall be unlawful to conduct, maintain, or operate any nickel-in-the-hole machine or other device of like character wherein there enters any element of chance and, under the statute, it does not make any difference whether the device is maintained, conducted, operated or played for money, checks, credits or other thing or representative value.

I am of the opinion that the pinball and marble game is such a machine or device within the meaning of the statute, and the possession, playing and operation thereof is illegal and in violation of the statute. Undoubtedly, the pinball and marble machines or devices, and the playing and operation of the same, constitute a game of chance, and that the device is primarily designed for gambling purposes, and are money-making machines or devices for the owner at the expense of the player; and further, that the element of chance far outweighs the element of skill.

License Held Illegal This office is held informed that there are a great many of the pinball and marble machines and devices in operation in this county, and that the owners and operators have been operating them pursuant to a license issued by municipalities, and these operators have under the impression that their possession and operation was legal. In my opinion, however, the granting of the license by municipalities would not and does not make the possession and use of them legal within the plain provisions of the state law. The Oregon law of 1935, empowering municipalities and counties to license, limit and regulate and impose a privilege tax or charge upon or prohibit pinball games, dart games, and other games of like character involving an element of skill, does not repeal either the lottery statute, the gambling statute, the nickel-in-the-hole statute, or the nuisance statute.

All persons possessing or operating nickel-in-the-hole machines, pinball and marble machines or devices within Douglas county are being notified to immediately cease operating the machines and devices and to remove them from their places of business on or before midnight, Aug. 14, 1937, and on failure to do so arrests and prosecutions will be commenced.

Officers' Duty Cited Section 14731, Oregon code 1930, makes it the special duty of officers to prosecute, and reads as follows: "It shall be the special duty of each district attorney, sheriff, constable, city or town marshal, and police officer to inform against and diligently prosecute any and all persons whomsoever who have reasonable cause to believe guilty of a violation of this act involving the gambling statute."

I trust that each owner, possessor, operator and player of the machines and devices above referred to will carefully give this statement their immediate and conscientious attention, and cease operating, playing or permitting to be played, and remove said devices within the time specified. On failure to comply with this request and the notice and request of the sheriff or other law enforcing officer, then this office will immediately proceed and commence prosecutions as required by law.

J. V. LONG, District Attorney for Douglas County.

MEDFORD, Aug. 9.—(AP)—All pinball games, marble boards and similar gambling devices must be removed within ten days, according to an announcement made by District Attorney Frank J. Newcomb following a conference with Sheriff Brown this morning.

If the devices are not removed within the period of grace, they will be confiscated by the sheriff, the district attorney said.

It is estimated by the authorities there are close to 500 pinball machines and games in operation in this county.

THE DALLES, Aug. 9.—(AP)—T. Leland Brown, district attorney, announced pinball and marble board games will be banned in Wasco county after August 11.

The city of The Dalles has been licensing boards at \$5 a month per unit.

Hundreds of girls are employed in the egg freezing and processing plants of Shanghai, China, to break and swell the 5,000,000 or more eggs handled there daily. Expert sniffers can detect a bad egg in a mixture containing several hundred eggs.

At Crofton, Neb., Frank Trump's dog gave birth to 10 pups. Nine died, so she adopted nine coyote cubs captured by Adolph and Gilbert Garajobek, sons of a neighbor.

San Diego Holds Coast League Lead

Beavers Defeated in Twin Bill, One Game Lasting Seventeen Frames.

(By Associated Press) San Diego still held its three-and-a-half game lead in the Pacific coast baseball league race today with Sacramento in second place, but the San Francisco Seals walloped deeper in third place and Portland and Los Angeles were tied for fourth.

The coast teams gave demonstrations of good and bad—mostly bad baseball Sunday with batsmen collecting 154 base hits, 21 of which were homers.

San Diego took its pair from Portland, 4 to 5 and 4 to 1, but had to play 17 innings of grinding ball to take the opener. Joe Haro, new Beaver pitching recruit, went the distance, but Pilette and Ward hurled for the Padres, with Ward getting credit for the win.

The Padres leading by one run in the 14th, Clabaugh put the Beavers back in the running with a circuit clout. San Diego finally won the game in the 17th when Berkowitz drove Patchett home after the latter had walked and then stole second. Crayburn won his 10th game of the season in the nightcap.

Nearly five hours were required for Sacramento to beat the Seals, 12 to 10 and 11 to 7. The opener went three hours with the Senators nicking five San Francisco hitters for 13 hits while the Seals managed to get 14 from a brace of Solon hurlers.

The Solons managed to get seven runs from four hits to sew up the second game in the eighth.

Seattle took a brace of games from the cellar San Francisco Mis-

GRANTS PASS WINS OVER ASHLAND, 10-7

GRANTS PASS, Aug. 9.—(AP)—Grants Pass defeated the league-leader Lithias 10 to 7 at Ashland yesterday. It was Ashland's first defeat of the Southern Oregon league second half. Griffin substituted for Heyne as Merchant pitcher in the last frame after Ashland scored an eighth-inning four-run rally.

Score: R. H. E. Ashland 7 10 2 Grants Pass 10 15 3 Batteries: Hardy and McLennan; Heyne, Griggs and Drobette. At Glendale 2, Crescent City 4.

ROSEBURG PIRATES LOSE TO MEDFORD

MEDFORD, Aug. 9.—(AP)—Medford defeated Roseburg 10 to 5 here yesterday in a lonesome played Southern Oregon league baseball game. Donelson of Medford pounded out three doubles and a triple, and Shinn of Roseburg collected three hits to lead the batters.

Score: R. H. E. Roseburg 5 9 3 Medford 10 13 5 Batteries: Erickson, Hughes and Achesson; Barr and Goff.

CLEANING is dark age drudgery...WITHOUT Plenty of HOT WATER Have you a Modern Electric Water Heater? The outside pump is no more—except in remote country districts. The horse and buggy days have gone—today practically everybody owns a car. Then why rely on old-fashioned methods of heating water, when automatic hot water is so convenient, so labor- and time-saving, and so moderate in cost! cleaning emphasizes, as does nothing else except sickness, the importance of having a practically unlimited supply of hot water on tap. But there are dozens of other occasions when a constant supply of hot water saves time and energy and promotes health. There's the morning glass of hot water which cleanses your system and gets you ready for an appetizing breakfast. There's hot water for the baby's bath and for washing baby clothes. There is hot water for shaving and for the morning hot-and-cold shower—that is such a bracer. There is hot water for the evening bath that removes the accumulated dust and dirt of the day and promotes sound slumber. Why not look into the lower heating rates and greater efficiency of modern automatic heaters? —gets father to work on the dot! —refreshes, after hard business day! —makes dish washing easier, quicker! The California Oregon Power Company
