LARCENY CHARGED TO POLK SHERIFF

DALLAS, Oct. 11.—(AP)—Action upon information contained in a partial audit of the "affairs and finances" of his office conducted by auditors of the secretary of state's office, the Polk county grand jury today returned an indictment charging T. B. Hooker, sheriff of that county since January, 1935, with larceny of public funds in the amount of \$2,149.89.

Service of the indictment, which was secret, was made on Sheriff Hooker during the morning and he was released on \$2500 bail to appear in circuit court Thursday to enter his plea.

In its report accompanying the indictment the grand jury makes note of payments by Sheriff Hooker of \$1,145.60, reducing the actual shortage to \$2,004.29.

TRAFFIC ACCIDENTS COST TWO LIVES

BURNS, Ore., Oct. 11.—(AP)—Injuries suffered when an automobile in which George Woyak, about 38, mill worker, was riding swerved from the road four miles from here resulted in his death Sunday. His brother, Sam Woyak, was cut about the head.

EUGENE, Oct. 11.—(AP)—Karl Lund, 69, died from injuries received when he was struck by an automobile Saturday.

Cumner Peck said the car, driven by Kenneth Randall, of the southern Lane county Bohemia district, was not traveling faster than 30 miles per hour.

BUILDINGS PLANNED FOR NEW BANDON

BANDON, Oct. 11.—(AP)—Nearly \$100,000 worth of new buildings will grace Bandon's skyline in the near future.

The city, destroyed by forest fire more than a year ago, will need a site to the government for a \$75,000 unit of the coast guard. The Baptist church has prepared the foundation for a \$350,000 structure and the Methodist and Catholic congregations are making plans for buildings. A funeral home and a grade school are listed among the early building projects.

CIO CLAIMS VICTORY IN MAJORITY OF ELECTIONS

ATLANTIC CITY, N. J., Oct. 12.—(AP)—As private discussion by CIO leaders of their problems entered the second day of the convention here, John Brophy, CIO director, made public a summary of national labor relation board election results which he said showed "an overwhelming preference on the part of American wage earners for the industrial form of unionism."

He contended the survey demonstrated his organization had concentrated its efforts almost entirely in the mass-production industries, not with the intention of "raiding" existing craft unions of the American Federation of Labor. Brophy said the summary showed:

Out of 374 elections in which CIO participated, it won 291. In 1933 elections between the CIO and AFL, CIO won 198, CIO won 69 of 97 elections involving company unions.

In 144 elections where workers had an opportunity to vote for or against CIO representation, CIO won 123.

CIO KEEPS PLYWOOD MILL FROM OPERATING WITH AFL

PORTLAND, Oct. 12.—(AP)—The union battle for domination of the lumber industry simmered quietly today when the CIO succeeded in keeping closed a plywood plant and the superintendent of state police promised the city aid "if the occasion demands it."

About 150 CIO followers inspected the big Plylock corporation, made sure it would not reopen with an AFL crew and led 130 pickets on duty. Police dispersed about 350 CIO unionists yesterday when the plant resumed operations briefly after a shutdown of several weeks.

Charles Pray, police executive at the capital, told Mayor Joseph Carson of Portland troopers were available if they were necessary. Police arrested a CIO picket who said he carried a 16-inch lead pipe and a baseball bat for "my own protection."

the international settlement, a spokesman said that, weather permitting, the long-overdue Japanese big push would get under way in the immediate future.

The duel between the giant Japanese bombers and the Chinese anti-aircraft guns, newly employed in Chapel, reopened the foreign areas to heightened dangers. The bombardment with its surprise attack from the Chinese defense guns started while the streets were jammed with noon-day crowds. The Japanese planes skirted the downtown areas with their deadly loads while the Chinese snail-baited over the settlement.

With the undeclared war between China and Japan entering its third month at Shanghai tomorrow, the Japanese spokesmen claimed that the Japanese tactics of pummeling and softening the Chinese lines with withering bombardments were achieving results and considerable numbers of Chinese soldiers were surrendering.

FIVE JAP PLANES DOWNED IN RAID IN NANKING AREA
NANKING, Oct. 12.—(AP)—Five Japanese warplanes were brought down today during spectacular air raids on the Chinese capital and nearby cities, the Chinese announced.

Three of the planes were shot down during dog fights with Chinese aircraft over Nanking. The other two suffered destruction at the hands of enemy pursuit planes at Chingkiang.

Taking part in the raid on Nanking were 24 Japanese aircraft. Two bombers made an ineffectual attack on Soochow and attempted to attack Chingkiang. Before they reached the city, however, they encountered Chinese planes and were shot down.

Chinese claimed that to date they had brought down 164 Japanese planes in all China while the Chinese losses had been but 27.

"The cautious policy of our air force explains the small losses," the Chinese said.

JAPAN WELCOMES SUPPORT FROM ITALY AND GERMANY
TOKYO, Oct. 12.—(AP)—The newspaper Yomiuri said editorially today that Japan's newly won support from Germany and Italy in her undeclared war against China would be sufficient "if the coast comes to the worst."

In an exhaustive review of all possibilities, the paper said the United States and the league of nations, "which have begun to dance to Great Britain's tune," might try financial and economic

sanctions "but Japan need not fear, as its trade with Europe would continue through Germany and Italy."

"Munitions imports, which Japan needs most at present, could be secured through the medium of these friendly powers."

The paper said a cotton stoppage from the United States might be a serious handicap "but in such an event Japan's export of silk to America would cease, creating a problem of unemployment among American silk workers."

As a solution for a possible cotton shortage, Yomiuri suggested "cotton could be obtained by buying a piece of bedding from each family and taking the stuffing from it."

NEW DEAL SATIRE IS COHAN TRIUMPH
(Continued from page 1)
...ings and ordered: "Cummings, take down a law!"

"There was another when the president avowed: "I'm very fond of Eleanor. But I never read her column."

No mention was made of the Justice Black controversy until the last act, when nine black-robed "Justices" danced gayly across the stage and Chief Justice Hughes warned the ninth man in line: "Hurry up, Justice Black. Remember, you've got to go on the air at 7:30 and do a little more explaining."

The satire apparently aroused no partisan resentment, and cries of "Speech! Speech!" rewarded Cohan—a very realistic looking Roosevelt—at the closing curtain.

The veteran actor, producer and playwright, who has been on the stage since he made his debut in 1888 at the age of ten, thanked his audience briefly.

The plot concerns two youthful

lovers who want to marry but can't because the boy's employer, wary of an unbalanced budget, won't provide the necessary pay raise. The president takes her plight before the cabinet, pleads for a balanced budget with a sprightly tune, "Let's Balance the Budget."
