DON'T SCRATCH, SOOTHE THE IRRITATION

Quick relief from the maddening itch of eczema, psoriasis, poison ivy, and irritation about the rectum or personal parts is obtained by applying an ointment called Resinol. Leave it on over night. It lessens the desire to scratch, and eases the irritation.

The soothing effect of Resinol takes the sting out of the irritated parts and makes you comfortable. The skin heals sooner, too, with the help of Resinol.

The oily base of Resinol Ointment is ideal for penetrating the outer layers of the skin and securing deeper action. Bathing the affected parts first with Resinol Soap hastens the effectiveness of Resinol Ointment. Try this treatment today.
