INCLUDE CALIFORNIA-AT NO ADDED FARE!

For years we've recommended that you go or return from the East via sunny California and the romantic Southwest, urging you to tarry enroute in the thrilling cities there. Thousands have followed our advice. If you haven't already done so, we hope that you will this winter. You'll see TWICE AS MUCH when you go East this way, and double the enjoyment and interest of your trip. Remember on a journey to Chizago, New York and many another Eastern city you can include California for not one cent more rail fare than you tended pay for a trip straight East and back! Typical examples of East thru California foundtrip faces:
