I've come to put more electric outlets in your home

Are you stumbling over cords, having a hard time to make the vacuum cleaner reach into all the corners, waiting to use the toaster until the coffee is perked? It's non-sense, when it's so easy and so inexpensive to put in more outlets.

# STILL "TOPS"... after 31 Years As a Tobacco Auctioneer

## Veteran Jim Edwards tells why tobacco experts prefer Luckies 2 to 1...

"I recently sold 489,000 pounds of tobacco in one 6 1/2 hour day," says Mr. J. N. Edwards of Farmville, North Carolina.

"There was a buyer, naturally, for every one of those 489,000 pounds... But there was as much difference between the best grades and the inferior, as between a pretty girl and a homely one.

"At auction after auction, I've seen Lucky Strike go after the prettiest lots of tobacco. It's no wonder Luckies taste so good. I've smoked them since 1917.

"And another thing... even after yelling out tobacco bids all during a seven hour day, Luckies are still just as easy as ever on my throat."

Only Lucky Strike offers you the finest tobacco plus the throat-protection of the exclusive process "It's Toasted". This process takes out certain irritants found in all tobacco—even the finest.

Men who know tobacco from A to Z—experts like Mr. Edwards—are sure good judges of cigarettes... Sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all the other cigarettes combined.
