

# PAPOOSES DEFEAT EUGENEANS, 44-22

### Perfect Clicking by Junior Hightowers Gives Them Easy Triumph.

By M. W. B.

Roseburg junior high's hard-driving, high scoring basketball machine "poured it on" once again. This time it was Woodrow Wilson junior high school from Eugene who succumbed to a drubbing at the hands of Coach Turner's high-scoring team.

The game was a terrific papoose play Saturday evening on the local court. The score was 44 to 22.

It might have been even worse had Coach Turner kept his regulars in the entire contest, but after running up a 15-0 margin by the end of the first period and lengthening it to a 25-0 lead at half time, he was content with the work done, so let the reserves play a good portion of the remaining two periods. The steadily mounting lead reached a 33-point advantage at the end of the third canto and it was only in the final period playing against a complete team of replacements, did the Eugeneans outscore the local cagers and then only by a 7-6 margin.

#### Ward Tops Scorers

With Ward, Finlay, Sindt and Denton applying the pressure, the Eugene side wilted before their steady bombardment of the basket. Coach Turner's lanky forward, Ward, again took high point honors with 14 points amassed from 6 field goals and a pair of gift shots, but was closely followed by Sindt, 6-foot guard, who plays a fine all-around game and scored 10. Denton and Finlay came through with 4 baskets and 8 points each. For Woodrow Wilson, Hathaway, the big guard, was on top with 8 points, followed by Shear, forward, with 4. Roseburg's starting five, Finlay, Ward, Denton, Sindt and Casey played good ball throughout the contest. For the Presidents, Plath and Hagg, the latter a tiny forward, were outstanding.

Though the Papooses had little difficulty running up a safe lead at the outset, once they warmed to their task the game was far from a walkaway. The Presidents' team, manned with a crew of fast, tricky hoopers, two of them over a foot tall, who played aggressive ball, several times sparkling on defense, but were no match for the fighting Papooses who were out after their third win in a row and got it. The stiff Roseburg defense, led by the likes to a lone free throw in the first period, that coming as the period neared its end, and it was midway through the next quarter before Hathaway managed to sink the first field goal for the Presidents.

#### 21 Players Used

The game slowed down considerably in the final period as each team substituted frequently. Twenty-one players saw action. In for the Papooses and 11 for the Presidents. The reserves for both sides were so over-anxious that much sloppy ball-handling resulted, nullifying numerous scoring opportunities. Both teams fought hard to keep possession of the ball, many fouls resulting. Two infractions of the rules were charged against Roseburg, as against 11 for the Presidents, with Skirvin, the tall center, finally leaving the game on personal early in the fourth period.

Roseburg showed considerable improvement in their floor game and ball-handling during the first half while running up a large score, but as their lead mounted there was a considerable let-down from their previous fine play. Sindt and Denton both turned in excellent games. Denton's work under the basket being especially good.

#### Medford Next foe

Roseburg meets Medford here Friday night, February 4, for their next home game. On the following Saturday, Coach Turner's charges play a return game with Woodrow Wilson in Eugene. The Presidents' "cracker-box" gymnasium may give the local plenty of relief in their first start away from home.

#### 'SUDDEN DEATHS' AT INSTITUTION EYED

BOSTON, Jan. 29.—(AP)—The closure that 118 "sudden deaths" occurred in Massachusetts mental institutions last year today shot to more than 500, including eight slayings, the total deaths under investigation by state authorities in their investigation into conditions in state insane hospitals.

Dr. Clifton C. Perkins, acting commissioner of mental diseases, revealed that of those who met "sudden deaths" last year 73 died

# SCHMELING GAINS VERDICT OVER FOORD

HAMBURG, N.J., 31.—(AP)—The first ex-heavyweight champion to regain the world title, congratulated himself today on his 12-round victory over Ben Foord of South Africa, former British empire champion.

It wasn't that Foord had proved such a tough opponent, in fact some fans were a bit disappointed that Max hadn't knocked him out or at least knocked him down. But according to Schmeling the fight just suited his plans.

Max is aiming at his title bout with Champion Joe Louis next summer and other things don't count so much, not even his share of yesterday's estimated \$150,000 gate. The fight with Foord, he said, was valuable in developing his defense plans for the Louis fight because of the similarity between the South African's left hand tactics and those employed by Louis.

That may explain in part why Max didn't turn the knockout trick as expected. He was off to his usual slow start but after the sixth round was in complete command, hammering Ben around with his deadly right and doing everything but floor him.

# JIMMY BRADDOCK RETIRES FROM RING

NEW YORK, Jan. 31.—(AP)—Jimmy Braddock, the man who came back from "nowhere" to win the world's heavyweight championship and a lot of cash money he needed very badly, has reached his place most fight fans thought he was in 1935. He is all through with fighting.

Jimmy announced his retirement yesterday. He has been fighting since 1925, he admits to 32 years and he proved he still is a pretty good man with his doken when he outpointed Tommy Farr ten days ago.

All that being said, Jimmy announced: "I have spent 15 years in the game, and in fairness to everyone, but especially my wife and children, I believe it is time for me to withdraw."

Braddock's announcement was not entirely unexpected, as there has been talk of his retirement ever since he lost the title to Joe Louis last summer and took a terrific beating before he was knocked out.

# CIO LOSES BATTLE TO RETAIN FUNDS

MARSHFIELD, Jan. 29.—(AP)—Holding unions have no right to funds accumulated under another union charter, Circuit Judge J. T. Brand ruled yesterday.

He awarded \$5000, which a local CIO lumber workers union placed in an irrevocable trust fund last year, to the original AFL union from which they withdrew.

Judge Brand held creation of the trust fund was a subterfuge to prevent the carpenters union or the original AFL union to which trustees had belonged from getting the money.

# COURT KAYOES LAW RETIRING TEACHERS

PORTLAND, Jan. 31.—(AP)—Circuit Judge H. D. Norton, Medford, held the law retiring 65-year-old teachers on February 1 in school districts of more than 20,000 population unconstitutional today.

The judge said he would grant a permanent injunction to restrain school board directors from carrying out the 1935 legislative act. The decision will apply to teachers placed on the permanent list before 1933.

Members of the Portland school board said it would resist teachers listed for dismissal until an appeal to the supreme court.

# OREGON EVENTS FLASHED FROM WIRE SERVICE

'THE DALLIES, Jan. 29.—(AP)—J. J. Kambor of Portland narrowly escaped serious injury yesterday when a large rock dropped from an overhanging cliff, just west of the Mosier twin tunnels on the Columbia River highway and shattered the windshield of his automobile. The accident occurred where a boulder weighing several tons dropped on a freight truck December 11, wrecking it and killing the driver.

GRANTS PASS, Jan. 29.—(AP)—High school students who confidently challenged their elders to a "spell-down" were presumably bent back to their spelling books today. The adults, with J. Q. Stewart, dairyman, declared winner by solving the intricacies of "questionnaire."

# POOL OF STANDARD PRUNES WILL CLOSE

SAN FRANCISCO, Jan. 31.—(AP)—The growers' voluntary pool of standard quality prunes would close today, R. P. Baker, manager of the Prune Credit corporation, announced.

Baker said accepted pooling agreements indicated the pool would close with virtually the permitted maximum 50,000 tons. He said data indicated less than 12,000 tons of prunes remained un sold in growers' hands.

The bulk of the unsold tonnage is owned by strong holders, Baker said. Reports from the field disclose few prunes are changing hands, indicating, Baker said, that available stocks are being held for higher prices.

The federal surplus commodity corporation is formulating details of packing and shipping its purchase of 30 per cent of the pool tonnage for relief purposes.

The Pacific Prune Products association announced sales of standard prunes for conversion into by-products were progressing steadily.

# 20 THEFTS CLEARED BY TWO ARRESTS

SALEM, Ore., Jan. 29.—(AP)—State police announced today that they had cleared approximately 20 robberies in seven Oregon counties through the arrest of Martin Brown of Dexter, Lane county, and Clovis Bourg of Portland. Value of the loot was estimated at between \$2000 and \$4000.

Both Brown and Bourg are ex-convicts and served time in the Oregon state penitentiary.

Counties in which the robberies occurred included Lane, Benton, Lin, Polk, Marion, Clackamas and Washington. Twelve of the 20 robberies involved garages located in the rural sections.

Brown is being held under \$2500 bail while Bourg's bail was fixed at \$5000.

Police said Bourg confessed to his part in the robberies. Brown denied that he was involved.

The loot included five boxes of dynamite. Much of the loot has not yet been identified.

Democratic Leader Barkley of Kentucky also joined in the tribute.

Senator Schwelienbach (D., Wash.) said that while he and the retiring member "disagreed rather violently" at times on political matters, Steiwer had "not even a strain of partisanship" where economic matters concerning the Pacific northwest were involved.

# STRANGE 'MONSTER' CAUSES UPRISING

MOBILE, Ala., Jan. 29.—(AP)—Stories of attacks by a strange "monster" in a North Mobile section largely inhabited by negroes, circulated here today as scores of men, armed with shotguns, knives and ice picks patrolled the area.

Women members of the Truevine church (negro) said the creature lunged at them last night as they left the church after services. S. L. Bowman appeared at police headquarters and displayed neck wounds which he said were inflicted by the "monster."

Police expressed belief the culprit is a bear. They pointed out that fears have been known to roam the swampland north of the city in recent years.

# PENILESS MAN STARVES 19 DAYS

CLEVELAND, Jan. 29.—(AP)—Sixty-year-old John Gattlar, Austrian-born carpenter who said he went without food for 19 days because he didn't have any money, was under care of physicians today and they believed he would recover.

When his landlady, Mrs. Irma Czech, 71, asked him why he did not ask for help, she said he replied: "I can pay, I no can eat."

The United Mine workers, of which Lewis is president, have suggested that another \$1,000,000,000 should be added to the \$1,500,000,000 already provided for WPA activities in the current fiscal year, and that \$2,000,000,000 should be allotted for work relief in the year beginning July 1.

Jackson Faces Inquiry

In the senate judiciary committee, Senators King (D., Utah) and Austin (R., Va.) said they desired to question Robert H. Jackson, nominee for solicitor general, on Jackson's recent speeches about business, Jackson's nomination was sent to the senate last week by the president.

Senator King said he was studying Jackson's recent anti-monopoly speeches to determine whether his "philosophy is such as to make him prejudicial in the discharge of his proposed new duties."

Senator Burke (D., Neb.) said he would like to question Jackson, now an assistant attorney general, about the addresses.

Committee agreement was near on the administration form bill, which probably can be considered by the house before it takes up tax revision proposals.

bombs missing on both occasions. The statement named Susserie and Turpin as taking part.

Duffy's statement related that on another occasion "four of us" boarded an AFL picket boat and it was the intention to go down and blow up the Chamberlain. It added that the picket boat turned back after approaching within 100 yards of the vessel which was loading CIO lumber.

The officer said a statement signed by King admitted knowledge of the alleged bombing plans, and said that Garner "could arrange for money to pay for the job," and had "originally told me he would pay \$150 for the job."

A statement signed by Sumski telling of the alleged beatings of the pilots named Garner as having driven himself and another man to the victim's home in his car, and alleged that "Garner paid me \$25

The men held were among 14 picked up for questioning after the bombing last Wednesday of a cleaning establishment.
