

ROSEBURG--A Good Place to Live and Do Business

A NEW ERA OF PROSPERITY AWAITS US

Our destiny lies in our own hands. Cooperation is the keynote to our success. Through it we can overcome all obstacles and go on and up to prosperity, future stability and financial independence. On the other hand our community, our real estate values, our schools, our churches, our welfare organizations and our public improvements can decay and suffer calamity through the disregard of the loyalty we owe to this territory.

HELP THOSE WHO HELP YOU

DOES THE itinerant peddler contribute anything towards the support of the local schools, churches and public improvements?

DOES THE door-to-door salesman in any manner, shape or form pay towards the cost of your city and county government?

DOES THE house-to-house hawker or the company he represents contribute anything towards local welfare work

and help those who are temporarily in need of relief and aid?

DOES THE foreign canvasser create any employment for yourself, your family or your neighbors, and on the other hand doesn't he diminish the opportunities for employment in this community by removing business that rightfully belongs at home?

DOES THE peddler in any way contribute to your happiness or to your success?
