

## MARTIN SCORED BY PRIMARY OPPONENT

PORTLAND, April 6.—(AP)—Henry L. Hess, last-minute candidate for the democratic nomination for governor, in a statement today outlining his campaign charged that Governor Charles Martin's platform for re-election was akin to his administration—"it makes no consideration for the great masses of the people of our state."

Hess said the governor gave "not a word" to the old people who need pensions "and upon whom the governor forced a pauper's oath" and said nothing about people "who work and labor and who need adequate salaries to support their families."

The La Grande politician, a former state senator, asserted the governor had made no mention about the farmers and their problems or "about making Bonneville power available to all, instead of to a few chemical factories for which the governor pleaded in vain at the national capital."

"His platform is a mass of evasions," declared Hess, who promised a state administration which would remember all the people "Governor Martin has forgotten." Among those forgotten, too, was President Roosevelt, Hess concluded.

## 2 MORE TERRORISTS GET PRISON TERMS

(Continued from page 1.)

PORTLAND, April 6.—(AP)—The county grand jury indicted two members of the APL terrorists union today, bringing to five the number charged since a drive against labor terrorists began last January.

John Kreiger was accused of disorderly conduct, in throwing a stench bomb into a cafe and Edwin S. Griffin was charged with assault and battery in an attack upon a truck driver. Both counts are misdemeanors.

3. Reductions in farm production, under the new farm bill. One informed official said that crop curtailments would throw many agricultural laborers out of work.

May Expansion Agencies

Congressmen are beginning to talk of the possible benefits of expanding such agencies as the farm security administration, the rural electrification administration, the civilian conservation corps and the national youth administration.

A public works program, if approved, could become operative about the same time that legislation goes into effect to increase business loans by broadening the fiscal authority of the reconstruction finance corporation.

The hard-hat railroad industry may draw heavily on this source of capital. Some administration leaders expressed hope that the utilities industry also would avail itself of the opportunity to undertake long-delayed expansion programs.

The railroad's action depends on what emergency program is worked out for them by the administration in an effort to restore their financial health. Mr. Roosevelt will send to Congress, probably next Tuesday, a message requesting immediate action on legislation to aid the carriers.

Subsidies Opposed

Both rail and utilities expansion would release hundreds of millions of dollars to the heavy goods industries and generally stimulate business and employment.

President Roosevelt said yesterday that in the absence of a fixed policy by Congress the federal government could not afford to pay subsidies to railroads. He added once such subsidies were started they would be hard to stop.

## TACOMA PLANT CLOSED BY DISPUTE BETWEEN UNIONS

TACOMA, April 6.—(AP)—The Huffer Lumber and Manufacturing company, door and veneer plant, employing 350 men, was closed by the management shortly after it opened at 8 o'clock this morning because of an inter-union dispute.

J. P. Simpson, manager, said he ordered the closing whistle blown and told the men they "had better settle your differences on your own time."

Spokesmen for both the AFL and the CIO employees at the plant said the former has a majority representation. The CIO men claim their rivals are attempting to collect dues from their members. Both unions and the management asserted no dispute exists between employees and the company.

ABERDEEN, Wash., April 6.—(AP)—Labor unions had a warning today from Harry Bridges, Pacific coast CIO and longshore leader, they must settle their inter-union quarrels before the public gets in and does it for them.

Bridges advised delegates to the Pacific Coast International Longshoremen's and Warehousemen's union convention last night to "take heed and outlaw jurisdictional strikes and boycotts before we are forced to do so by law."

He urged settlement of jurisdictional disputes through machinery

## OREGON EVENTS FLASHED FROM WIRE SERVICE

PORTLAND, April 6.—(AP)—City Commissioner O. R. Bean drew on early Oregon newspapers today to aid in establishing the age of pension applicants. The commissioner recommended a WPA project to search files before 1881 when vital statistics records were established.

PORTLAND, April 6.—(AP)—The city checked its books since the installation of parking meters several weeks ago and reported the collection of 187,732 nickels or \$9386.60.

OREGON CITY, April 6.—(AP)—The Harding grange supported Ray W. Gill, 3 to 1, in his campaign for re-election as state grange master. Gill polled 34 votes against 11 for Ralph Perry of Hood River.

EUGENE, April 6.—(AP)—Police investigated the death yesterday of Timothy E. Lacey, 71, after bruises were found on his chest and shoulders.

Lacey staggered and fell to the floor as he entered a cigar store and was carried to an alley, where he was found dead a few minutes later.

KLAMATH FALLS, April 6.—(AP)—Jerry O'Connor, 48, prominent Klamath county rancher, suffered serious burns when he fell into a vat of scalding water used in butchering hogs. He was rescued by two assistants in time to escape possibly fatal injuries.

HOOD RIVER, April 6.—(AP)—The city council announced today it would accept the two-bucks passed by the state liquor control commission. The council said it had declined to make recommendations for beer license applications because the commission ignored regulations suggested for wine stores.

OREGON CITY, April 6.—(AP)—One woman, Mrs. John Bauman, suffered scalp injuries and a possible skull fracture, and three others were less seriously hurt in an automobile collision near Gladstone yesterday. The other injured were Mrs. J. A. Kahner, face cuts; Mrs. Pearl Klingor, leg injuries; and Mrs. Robert Zollner, chest injury. All live at Mt. Angel.

## INQUIRIES SWAMP HOUSING BUREAU

WASHINGTON, April 6.—(AP)—Federal housing administration officials said today field offices were "swamped" with inquiries from prospective home-bidders.

Since amendments to the federal housing law were passed on Feb. 3, mortgages selected for appraisal have passed the \$100,000,000 mark. Officials said it was too early to determine how much of this would be translated into actual building activity.

## EX-ATHLETIC STAR, 3 OTHERS KILLED

LONGVIEW, Tex., April 6.—(AP)—Charles A. Deware, 35, one of the greatest athletes in Texas A. and M. college's history, died today from injuries received in an automobile crash near here which also claimed the lives of three others. He captained the Aggie football team in 1908.

## SEX PURITY SOUGHT BY WOMEN'S CLUB

GRANTS PASS, April 4.—(AP)—Twenty-one women of the Fruit-dale Improvement club have decided to accept the law requiring examination of male applicants for marriage licenses.

A committee of 12 was appointed. Mrs. Ernest Rhoads said, to "demand and request" Grants Pass physicians offer the law. Members reported young men had told them they received certificates without examination.

The women also voted to support the proposed law for examination of candidates for marriage of both sexes and suggested Wasserman tests for food handlers and barber and beauty shop operators.

## CONTRACTS LET ON THREE STAR ROUTES

Contracts have been awarded to the low bidders on the star routes which emanate from the Roseburg postoffice, Postmaster L. L. Wimberly announced today.

Elmer H. Muhle of Roseburg will operate the Camas Valley route for an annual compensation of \$1079.88. The Idlewild route was awarded to D. A. Stewart of Glendale, Mrs. Ruth Crumpecker of Astoria, was the successful bidder on the Lookingglass route, the price being \$888. There will be no change in the contractor for the Melrose route, but Clyde Patin, the present contractor, will receive considerable higher pay than formerly, the new annual price being \$1794.50.

The contracts become effective July first of this year and are for a four-year period. No changes or additions have been made to any of the routes, except the Camas Valley route, which will have an extension in the Winston district to the Powers place; and at Olalla the route is extended up Olalla creek to the Friend place.

annulment, either in Berkeley or New York.

Fox said he was interested in learning "more about" the lives of the woman in an effort to satisfy himself about their friends or acquaintances.

As authorities back traced the murder trail believed taken by the slayers of Mrs. Frome and Nancy, they eliminated three suspects held at widely separated points in the huffing west Texas desert murder case.

Fox said a man held at Rankin, Texas, with women's clothing in his possession, was not connected with the Frome case.

## BABY UNINJURED IN CLASH WITH AUTO

CORVALLIS, April 6.—(AP)—Meet the kid who can take it—the infant son of Mr. and Mrs. Don Weaver of Hodge.

Mrs. Weaver was struck by an automobile at a street intersection and the baby was hurled from her arms. He struck and broke the windshield of the car and rebounded to the pavement.

The infant was uninjured. His mother suffered a bruised leg.

## SOVIET HELP TO CHINA IRKS JAPAN

(Continued from page 1.)

days later the undeclared Chinese-Japanese war broke out, relegating the infant to the back ground.

Aid Denied Doubtful

Tokyo authorities said they doubted recent reports from Moscow that the Russian government had rejected appeals of Dr. Sun Fo, China's special envoy, for help for China in her struggle against Japan.

They said the reports were camouflage for the fact Soviet Russia was supplying China with munitions, arms, airplanes and pilots.

(The Japanese protest to Moscow cited two alleged instances of destruction of Russian planes in China and the capture of one Russian pilot.)

The soviet government has closed its consulate at Otaru, on Japan's northern island of Hokkaido, making it difficult for Japanese fishermen to obtain visas to enter Siberian waters. Domestic Japanese news agency said the soviet consulate-general at Kobe, chief port of western Japan, also would be closed.

## STRUGGLE IN TAIERCHWANG AREA STILL UNDECIDED

SHANGHAI, April 6.—(AP)—On the war front today Gen. Li Sung-Jen reported from Suchoa that he was launching an assault from all sides to wipe out a Japanese force that stormed the south gate of Taichewang April 4.

Taichewang was the center of a long battle as Japanese sought to push south through Shantung province along the Tientsin-Pukow railway to Suchoa, junction point of the east-west Luning line.

Meagre Japanese army reports said the severest fighting was raging around Chinese pillboxes south of Taichewang.

Fierce fighting continued at Chefoo, north Shantung province seaport, where an insurrection of Chinese broke out yesterday.

Another outbreak occurred between Chefoo and Weihaiwei, near the eastern tip of the Shantung peninsula, where Chinese mobile units caused heavy casualties.

Withdrawal of Japanese divisions from the railway zone between Tsinan, Shantung provincial capital, and Tsingtao, chief Shantung port, to reinforce troops fighting at Taichewang, was believed to have encouraged guerrilla eruptions.

## WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning!—To Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel weak, sick and the world looks lunk.

A more bold movement doesn't get at the cause. It just shows you the effect. Little Liver Pills get these two pounds of bile flowing freely and make you feel "up and up"—Harmless, gentle, yet amazing in making life flow freely. Ask for Little Liver Pills by name. See. Stubbornly refuse anything else.
